GRANGE NOTES.

Kent Pomona Grange was delightfully entertained by Fairlee Grange on Thursday. The hall was tastily decorated with Grange colors and potted plants and a delicious luncheon was served.

Worthy Master G. R. Rasin presided. One item of interest was the advisibility of building a State Grange Home at College Park as a memorial to H. O. Kelley, the founder of the Grange. A full explanation of the plan was given by Worthy Master of State Grange, Mr. B. John Black, and Mr. J. T. Anthony. It was carried over for the unfinished business at the next session in July at Worton Grange.

It was decided to make an exhibit at the Horticultural Show next Fall and a committee composed of the lecturers of each Grange to work it up. So now in the Spring is the time to get ready for it. The Grange was asked to assist in Baby Health Contest somewhat similar to the one held in Kent county last year. A committee appointed to report at next meeting.

Worthy State Master, Mr. Black, then gave an interesting talk on Grange work.

The program for the lecture hour consisted of an instructive paper on the Manure Heap by Mr. W. G. Smyth which will be published next week.

Mrs. Wilbur Morris' interesting paper on House-cleaning and the Value of Vacuum Cleaner and other conveniences was enjoyed by all and will be published later.

Mr. W. T. Nicholson gave us some important rules about seed potatoes which should be heard by all potato planters just at this time.

Music by the choir was very much appreciated especially the duet by Mesdames Jones and Hatcherson.

Base Ball Notes.—Our Frank Jarman has gotten to be a head liner. He pitched for the Orioles against Scranton last week and shut them out. Good for you, Frank.

The Chestertown High School baseball team won their third successive victory of the season when they defeated the Centreville High School nine for the second time this season by the score of 8 to 6 The game took place on Ford's Field Saturday afternoon.

Floyd Brown, who was in the box for the local High School nine struck out eighteen. Brown also caught two flies, making a total of twenty outs to his credit out of a possible twenty-seven.

Edgar McGinness, playing in the center garden, carried off the batting honors of the game, scoring a home run and two singles out of four trips to bat. He also made a pretty running catch in the second inning.

The Chestertown team was as follows: C. Ford, s s; B. Bartley, 1 b; L. Robinson, c; E. McGinness, c f; F. Brown, p; S. Price, 1 f; C. Usilton, 3 b; H. Rouse, 2 b; H. Derringer, r. f.

Fulfilling the expectations of the local adherents, the Washington College baseball team opened its season here Saturday by defeating the Baltimore College of Physicians and Surgeons, 9 to 1.

The local team experienced little difficulty in tallying on the visitors and as the contest dragged out it was cut short in the eighth period.

The doctor's aggregation showed lack of practice and at times their playing was ragged. Evers, their mainstay in the box, was ineffective and failed to bench a single man by the strikeout route. Dunne, who relieved him in the sixth, put a more sertous aspect to the matter, although his work was but mediocre.

Biddle, who twirled for the locals, displayed a fine assortment of curves, combined with speed, but his work at times was marred by wildness, which resulted in the visitors drawing several passes.

Wallace made a spectacular catch of Biddle's fly which put him in the stellar list for the day.

The work of Speddan was also worthy of notice. Moran did the major part of the stickwork for his teammates, while McLean and Aikman outshone their companions in handling the ball.

BORDLEY & SONS sell made-to-measure clothes, too, but after you read their advertisement this week on page 5 you will see the folly of buying tailored clothes when Adler-Rochester fit so superbly and hold trade, but ts true, and if you will call and see what they are offering in ready-to-wear clothes you can easily see the difference.

PASTORAL CHANGES ARRANGED

Owing to some unforseen complications affecting the work and the ministers concerned, the following adjustments have been made on the Easton and Salisbury districts of the Wilmington Conference Methodist Episcopal Church: A. P. Prettyman remains at Greensboro, Md., and T. C. Smoot stays at Kent Island, Md. Milton McCann goes to Smyrna Circuit, T. N. Given to Roxanna and E. H. Derrickon to Oxford, Md. All the charges as well as the ministers involved cheerfully acquiesce in the changes effected.

KENNEDYVILLE

The friends of Mr. and Mrs. W. Thos. Jones gave them a surprise on Friday last April 17th, it being the thirty-sixth anniversary of their marriage, they were not aware that anyone was about when a knock at the door was heard, and they were informed of the intention of their friends. Mr. and Mrs. James H. Weer were among the number, and surprised all when they let it be known that it was their 25th anniversary. There were nearly one hundred persons present, and congratulated the couples on reaching the anniversaries. Mr. and Mrs. Jones received quite a number of presents. Refreshments consisting of ice cream, cake and coffee were served, after which all returned home much pleased with the evening's pleasure.

Rev. and Mrs. Frank S. Cain and daughter, Bessie Jett, were in Baltimore, this week.

Mrs. Wm. B. Cleaver spent some time in Wilmington this week.

Rev. and Mrs. Clews have as their guest Mrs. Clews mother, of Washington.

SUCCESSFUL farmers are no longer asking, "Shall I buy an engine?" They have passed that point and now inquire, "Which engine shall I buy?"

A little careful observation will show that International Harvester engines are the most satisfactory. No doubt is left when features like the following are studied: Detachable valve guides, offset cylinder head, fuel pump, split-hub fly-wheels, extra large intake and exhaust valves, etc.

Ask the men who have used I H C engines. That is the best test. They will explain the excellence of I H C construction, simplicity, strength and durability.

Study the engines yourself at the nearest dealer's where International Harvester engines are sold. They are made in all styles, and range in size from 1 to 50-H. P. They operate on low and high grade fuels.

Write for our interesting and instructive catalogues, and when we send them we will tell you where the engines may be seen. A postal will do.
