WASHINGTON STOMACH SUFFERER IS RELEIVED ON EVE OF OPERATION

William H. Lacy Says One Dose of Mayr Remedy Ended His Troubles.

William H. Lacy of Washington, D. C., for three years suffered from derangements of the stomach and digestive tract. He was threatened with an operation.

He tried Mayr's Wonderful stomach Remedy. In a short time he declared he had been restored. He wrote:

"I have suffered three years every day with a miserable feeling and was treated by the best doctors, whom I know made some wonderful cures, but gave me no relief.

"Three weeks ago they sent for a surgeon to operate on me. I read of your treatment and took a bottle. Whatever there was the matter with me has disappeared and I feel as well as ever. They say I am a little aged; I am 63 years old. I feel as well as I ever did in my life."

Letters like that come from thousands of users of this remedy all over the country. It will convince with the first dose—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings quick relief to sufferers from stomach, liver and bowel ailments. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators so be cautious. Be sure it's MAYR'S. Go to M. A. Toulson's drug store and ask about the remarkable results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

Montpelier, Vt.—"We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would bloat. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me."—Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine

It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Plan Ready for State University

Plans for the beginning of a State university will be presented to the Legislature in a short time in a bill which is being prepared by Senator William Milnes Maloy.

A somewhat similar bill was prepared two years ago, but there was not unanimous approval of all its provisions. Since then the matter has been discussed by those officially interested in the various institutions that would be included in the State university, and it was decided to present the plan to this General Assembly in the shape of a definite scheme.

This conclusion was reached finally at a meeting held Saturday at the University Club.

To Those Considering The Plan.

Those present were Dr. Thomas Fell, provost of the University of Maryland; Robert Moss, chairman of the board of visitors and governors of St. John's College; Dr. James W. Cain, president of Washington College; Dr. Thomas H. Lewis, president of Western Maryland College; Dr. J. H. Patterson, president of the Maryland Agricultural College; Dr. E. C. Pixler, W. H. Englar and J. Snader, of Blue Ridge College; P. H. Tuck and O. F. Hershey, Law School, and Drs. T. A. Ashby and R. Winslow, Medical School of the University of Maryland; Dr. W. T. Lockwood, dean of the College of Physicians and Surgeons; Dr. J. H. Branham, Maryland Medical College, and Senator Maloy.

To Standardize Higher Studies.

The bills to be drawn will embody the conditions under which the institutions represented could affiliate to from a State university in order to advance and make uniform the standards of scholarship, increasing the opportunities and facilities for study and research and promote generally higher education in the State.

First, a State university board will be created. This will be composed of the Governor, the State Comptroller, the State Superintendent of Education, two representatives from each of the schools affiliated, to be named by the schools, and six others, one from each Congressional district, to be named by the Governor.

Separate Identity To Remain.

The institutions will not lose their separate identities, but the State board will prescribe the course of studies, entrance requirements and have charge of such other general matters as pertain to university work.

The State University will also stamp the diplomas issued by the various component institutions to their graduates.

The idea is that the medical schools combine and work together on first and second year studies, while the third and fourth year classes could be under the professors of the several schools. President Patterson of the Agricultural College said he was not authorized by his board to enter any agreement, but would report the plan to that body.

View As To Hopkins

A suggestion was made at Saturday's meeting that Johns Hopkins Univerity be included as the head of the State educational system, as it receives a larger amount of State aid than any other. While no objection was made to the proposition, it was believed that Johns Hopkins would not be willing to be regarded as a component part of a State university.

Rev. J. Wilson Sutton Leaves For Europe to Take Special Course.

From Trinity Church Record.

Christmas has been a joyous time as it always is for us at Trinity, but there has been a note of sadness down deep under all the sounds of merrymaking, and many a smile bravely tried to force back the tears which would well up in our eyes from time to time during the pleasantest parts of our Christmas entertainments.

For we began to realize as the Christmas parties began, that they were really a series of farewell receptions, and that when they were finished we should have lost one whom we have loved most deeply. The Reverend J. Wilson Sutton has been here with us for three years, having come as Curate when Mr. Stetson was Vicar. After Mr. Stetson's resignation, Mr. Sutton was appointed Senior Curate, and from that time all the down town work was under his direction. All who knew him, from the richest to the poorest and from the oldest to the youngest, loved him, and feel a deep sense of personal loss at his departure. His unfailing patience, gentleness, courtesy, and deep spirituality mark him out as one of God's good men, and it will be hard for anyone to take his place in the hearts of his people. And all our people are his people; for while each of the Curates has his own special work assigned to him, yet Mr. Sutton was not a stranger to any of the work or any of the people. But those who came more particular under his regular ministrations and who therefore knew him best, will miss him most. The boys of the Day School, the members of the Sunday School, the Guilds of St. Mary and St. Ursula and St. Agnes, the Missionary Society, and the Men's Bible Class, as well as the large number who came to him regularly for absolution and counsel, these were all very near to him.

During the Christmas parties several gifts of remembrance were presented to him from these societies and from individuals, not so much to assure him that we shall often think of him, as to express the hope that he will from time to time, even in the new scenes and activities to which he is going, find an opportunity to have us in his heart and to remember us in his prayers.

Mr. Sutton sails on Saturday, the tenth of January, on the "Minneapolis" for England, and will spend a year in special study at the University of Oxford. Our prayers and good wishes will follow him wherever he may be, and we wish him a warm and heartfelt "Godspeed."

Buying In Distant Cities.

People sometimes tell the home merchant that he does not sell as cheaply as metropolitan stores or mail order houses in more or less distant cities.

Any person wishing to compare the two scales of prices should inquire whether the distant store was selling the same goods. Second grade products can be made to look very handsome in a catalog cut. But the home merchant cannot float that kind of goods. They come back to his store too easily.

It is amusing to see the bother people will take for trifling sums they think they are saving. They will travel many miles, pay for hotel bills, and tips. They get tired and footsore, tramping around overgrown stores separated by long distances.

They wait for change, carry bundles, and pay express. They pay a high price in money and energy for supposed economies.

When you buy goods away from home you rarely take them back. The bother and expense look prohibitive. When you buy at home you would return them if dissatisfied. This takes the time of clerks, and frequently the goods have been injured while in your hands.

While it is so easy to return goods, the customer must be given both the worth of his money, and something suited to to his needs. A higher grade of salespeople is thus required in the home store. To make a sale that will stick so near home, the customer must be given intelligent advice.

Thus the public demands from the home store more competent service than it exacts from the distant merchant. This means additional expense, which is counterbalanced by lower rents and like economies. When you consider how generously the home store reponds to all kinds of demands, reasonable and unreasonable, the range of its price is remarkably low.

Look at the date on the little yellow slip on your paper. If it is not 1914 you owe something on your paper. Look at it at once and see how we stand at the beginning of a new year.
