But the Editor of the Annapolis Gazetee:

717 E deem it due to Mr. Coulter, of your a service to the Farmers, and especially to these happy of Anne Arundel county. We say without hesitation that, in our opinion, Mr. Coulter furnishes an article greatly superior to anything of the kind we have ever used or seen. The Lime Burnished by him is burnt with the best spruce | ly of ine and light wood, the ashes of which every armer knows the value of, in improving land. ORANGES, tiese mix with the Lime and add greatly to its rtilizing properties, Whereas the Lime obmined from Baltimore and elsewhere is burnt pi:li the filthy coal offal, procured from yards, and of course inferior in quality and of much value as a fertilizer than that furnished by

COULTER. Mr. Coulter must certainly possess some seto in manufacturing his Lime, for we have gever seen any Lime where all the shells were so thoroughly burnt. -He burns ten thousand Bushels in ten days, and every shell is converted iiito Lime of the finest quality and as white as the driven snow.

Dr. JAMES HIGGINS, State Agricultural Chemist in company with Col. WATSON, visited Mr. Coulter's place of business a short time since, and proncunced his Lime the most beautiful ar-

ticie of the kind he had ever seen. Mr. Coulter furnishes his Lime at Baltimore prices; and the Farmers of Anne Arundel county | embracing and others would do well to give him a call, : Ladys and Misses Black and colored gaiters, they wish to procure an article of superior FARMER. [jel7-ly]
