Last Sunday afternoon Willard's Camp, consisting of forty one tents, tabernacle and boarding house, went up in smoke and ashes. The wind was blowing a heavy gale from the southwest and the fire originated at the west end and in less that thirty minutes with a strong wind behind it the fire swept across the ground taking both rows of the tents at the same time. This camp had been dedicated to service about sixteen years ago, and it has been a financial success from the beginning. From a spiritual standpoint Willard camp has been a decided success and a blessing to the whole community and and near-by churches, and at this early date there is a strong inclination on the part of the community to rebuild. Total loss of fire about $5,000. No insurance. —Wicomico News.

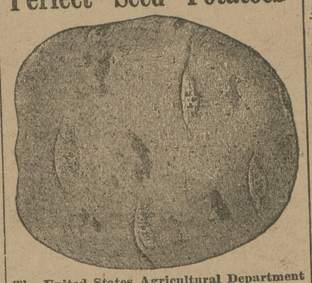
BOLGIANO'S Perfect Seed Potatoes



The United States Agricultural Department places their Tag of Inspection and Approval on every sack of SEED POTATOES Purchased From J. BOLGIANO & SON.

CERTIFICATE OF QUALITY.
This is to certify that I have had charge of all the Seed Potatoes grown for J. Bolgiano & Son, during this growing season. I have been with them since April 15th; looked after the selecting of their seed and the treating of the same, have also had charge of the spraying during the growing season. There was nothing planted but the very best selected seed, and nothing has been left undone to have them right. The crop is now being harvested, and the results of my work are most satisfactory. We are harvesting one of the largest crops ever grown in Aroostock County, Maine, and of the finest quality, free from any disease and true to name. I spent some time in Washington, D. C., with the Horticultural Board before coming here and their ideas of producing FIRST CLASS SEED have been carried out to the letter for J. Bolgiano & Son.
