FRED. G. USILTON WM. B. USILTON, JR

WM. B. USILTON'S SONS

PUBLISHERS AND EDITORS

SATURDAY, NOVEMBER 28, 1914.

A WAR-TAX STAMP is required on every bill of lading, on every telephone call of 15 cents or over and on a hundred other things.

IT is high time that there be a night man put at the Chestertown pump house or some arrangement made for all day and all night service. This is more important than concrete roads and cement walks. It's a necessity. Let's attend to this at once. The Volunteer Fire Co. have asked for this time and time again and the recent fire proves its necessity.

KENT TO ASSIST BELGIANS

Committee Appointed and Forces At Work To Aid Sufferers of War Devastated Country—The Churches Lead in Good Work.

With that admirable gif of generosity the people of Kent are rallying nobly to the aid of the State-wide committee which was recently formed for the purpose of collecting money, clothing and supplies of all kinds for the suffering people of Belgium

The latter part of last week the Maryland Belgian Relief Fund Committee appointed a committee for Kent county. This committee is as follows:

DR J W. CAIN,
HON. JAMES ALFRED PEARCE,
HON. WM. M. SLAY,
MR. FRED. G. USILTON,
HON WM. W. BECK,
HOPE H. BARROLL, ESQ

The letter received by the local committee, notifying them of their appointment. was in part as follows:

"It is intended that your committee shall wait upon and request such of your citizens as you may think disposed to contribute to the cause. As foodstuffs are most important, in fact essential, the aid and co-operation of the farming and producing interests of your community are most necessary and desirable. Any amount of money, no matter how small; any food, such as bacon, beans, flour, canned goods; any clothing, old or new, for men, women and children, will be thankfully received. The committee has been informed that all railway companies will be glad to forward consignments free of charge. We trust it is not too much to hope that you will be interested in this great relief movement by serving on the committee and doing what you can to interest, at least in a small way, those in your community able to contribute something to the cause. The committee feels it necessary to dwell but briefly on the unparalelled conditions prevailing in Belgium at the present time. Many of the towns and villages have been destroyed, all industry suspended, homes and barns burned, crops consumed and the fields cut up by trenches and furrows. Thus there are adrift at present thousands of women and children who are homeless and helpless, wandering from place to place without food, clothing or shelter."

To Send Steamer.

Committees have been appointed in every county in Maryland by the State Committee, and it is the intention of the latter organization to charter a steamer to be known as the Maryland Relief Steamer, which they will send direct to Belgium, laden with the contributions of food, money and clothing which the people of Maryland may see fit to donate.

Persons desiring to contribute to this most worthy cause are invited to communicate with members of the committee.

Let Kent show her generosity in no uncertain manner.

This is not our war, but a starving child is any man's problem. In the name of humanity the Belgians have a right to the aid of all Christian people.

Five cents will pay for a meal for a hungry woman or child. There is not a little girl or little boy in Kent who can't give five cents.

$6 25 will buy a barrel of flour that will save a family from starving. Remember that every day hundreds are dying. Who in Kent will give $6 25 to buy a barrel of flour to save some of these lives?

FOR SALE.

TWO GOOD FEATHER BEDS, fresh and in good condition.

PROPOSALS

$54,000.00 BONDS

For Schools In Kent County, Maryland.

Exempt From All County And Municipal Taxation.

FIVE PER CENT. INTEREST

Sealed proposals will be received by the County Commissioners of Kent County, Maryland, at the office of the Commissioners in the Court House, Chestertown, Kent County, Maryland, at 12 o'clock noon, on Tuesday, December 29th, 1914, for an issue of Bonds to be known as "Kent County School Bond" and for an issue to be designated as "Kennedyville Public School Bonds."

The issue to be offered will be for $48 000 for the purpose of building public school houses at Millington, Chestertown, Betterton and Rock Hall, and $6 000 for the purpose of building a public school house at Kennedyville, Maryland, as authorized by the Act of General Assembly of Maryland passed at the January Session of 1914, and approved by the qualified voters of Kent county at an election held Nov. 3, 1914.

The Bonds will be coupon in form, exempt from all county and municipal taxation and numbered consecutively from one to sixteen and will be of the denomination of $3,000 each.

Said Bonds will bear date as of January 1, 1915, and be payable in sums of three thousand dollars in each of the years beginning with nineteen hundred and twenty, and each year thereafter until fully paid; said bonds to be redeemed in the order in which they are numbered

These Bonds will bear interest at 5 per cent. payable semi annually on the First day of July and on the First day of January of each year.

Another issue of Bonds of $6,000 will be offered for the purpose of building a public school house at Kennedyville, Kent county, Maryland, as heretofore stated. These Bonds will be coupon in form, exemot from all county and municipal taxation, numbered consecutively, and bearing interest at 5 per cent. said Bonds to bear date as of January 1, 1915, and be payable in sums of one thousand dollars in each of the years beginning with nineteen hundred and sixteen and each year thereafter until fully paid, said bonds to be numbered consecutively and to be redeemed in the order in which they are numbered.

The interest is payable semi-annually on the First day of July and on the First day of January of each year.

Bids for all the above bonds, viz., $48,000 and $6,000, must be accompanied by a certified check for ten per centum of the amount of the bonds bid for. The same to be applied to the purchase price, if the bidder be successful, all other checks will be returned to unsuccessful bidders.

The right to reject any and all bids is expressly reserved. Bids will be publicly opened and read at a meeting of the County Commissioners at their office in Chestertown, on the day and at the hour above stated.

SAMUEL HICKS Clerk. n28

Hicks' Forecasts For December

A regular storm period having its center on November the 30th, will come to its culminating stages on the 1st, 2nd and 3rd. Moon will be full on the 2nd and the greatest north declination on the 3rd. The center of the Mars period falls on the 4th. The storms of this period will, most likely, be attended by a wave of unusually high temperature for December, as atmospheric tides will flow northward from equatorial regions.

A reactionary storm period will develop and run its course on and touching the 5th, 6th and 7th. The reasonable outlook for this period is that rain, turning to heavy sleet and snow, will pass from west to east, and that cloudy Mercurial, cold weather will continue for several days after the passage of the storms.

A regular storm period is central on the 12th, extending from the 10th to the 16th. This is another annual period of maximum magnetic and electric disturbance. Winter thunder and rain will be natural on and touching the 10th. Sleet and snow will follow, ending in high barometer and cold. Another group of storm areas will pass eastwardly over the country on and touching the 14th and 15th. This will prove one of the greatest sleet periods of the month. New Moon on the 16th will prolong threatening conditions into the period next following.

A reactionrry storm period is central on the 17th, 18th and 19th.

A regular storm peroid is coincident with the center of the December solistice period, being central on the 23rd, and reaching from the 21st to the 26th. This period will bring very low barometer, and on and touching the 23rd and 24th the temperature will rise, and storms of rain, attended by winter lightning and thunder, will be probable. These storms will turn to sleet and snow about the 24th and 25th, bringing change to much colder, with snow in wide areas of the country for Christmas.

A reactionary storm peroid is central on the 28th, and 30th. On and touching these days, a reaction to warm, with falling barometer, and more storms of rain, turning to snow, will cross the country from west to east.

Large Public Sale
—OF—
125 HEAD OF STOCK

THE undersigned will offer at public sale on the farm where he now resides, on the State road leading from Chestertown to Kennedyville, Md, on

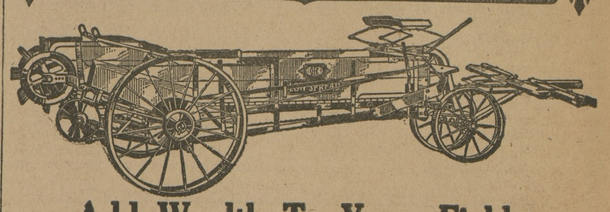
INTERNATIONAL HARVESTER MACHINES



Add Wealth To Your Fields With a Low Spread Spreader

WHATEVER the condition of your fields or of the manure that is to go to fertilize them, the Low Spread spreader will cover them most economically with an even coat, thick or thin as you desire.

There is a differential in each rear wheel, something like the ones in your mower. This means that, though you turn a corner either way, the beater will go on spreading evenly on the corners.

An end gate holds the load off the beater while the spreader is out of gear, preventing clogging of the beater. Then when thrown in gear there is no heavy strain on the gears and no lumps of manure are thrown out. The Low Spread beater is placed in the correct position, in the rear of the apron, so low that the manure cannot wedge under it. This reduces the draft and keeps the beater so free of the load that the manure is thoroughly pulverized before being thrown clear.

These points and many others will be perfectly clear to you if you study them on our demonstration spreader.
