IN another column will be found a letter from Democrat which puts before the public the situation as to who should represent Kent county in the Senate. There is but one side to this question and this Democrat presents it in a most excellent article.

AGAIN the NEWS would caution the numerous automobilists to be careful as they drive through the streets of town. We are sure they do not mean to appear reckless nor to hurt anyone, but the speed made by many might perhaps cripple a human being and cause untold suffering. In Easton 40 autoists were arrested last week and fined $7 60 apiece for speeding through town. Use a little judgment, friends.

For Clerk of the Court: CHARLES L. DODD

There have been few men in the history of Kent county politics who occupy the enviable position of CHARLES L. DODD, the Organization candidate for Clerk of the Circuit Court. He is sure to be the nominee, but his ambition now is to roll up such a big majority as will please his most ardent supporters. He is in every way qualified for the position and will make a most eminent official to succeed that faithful, courteous and efficient servant, Mr. James T. Dixon. Mr. Dodd is not only qualified to execute the duties as Clerk, but he is justly entitled to this honor. For many years he has served, without pay of any kind, as a member of the State Central Committee, and each campaign was waged under his leadership with an aggressiveness and enthusiasm that brought victory to the Democrats and placed most of the men in office now occupying positions of trust in our county. He served several years as clerk to the county commissioners, in which office he made many friends by his splendid conduct of the same, this being the only remunerative place he has held within the gift of the people. It is, therefore, a pleasure to present Mr. Dodd's candidacy to the people of Kent and solicit their hearty endorsement. He is one of Kent's foremost citizens—big hearted, generous, intelligent, affable and specially fitted to fill the office to which he aspires. Finally, he is the ladies' friend, one of Barroll's best lieutenants admitting that "if the ladies voted Charley Dodd would surely sweep the deck!" With such a candidate there would be no question as to the conduct of the office nor as to the outcome in the election. Then why not make it unanimous? There is but one reason, viz, *he can't be bossed*, and Mr. Barroll does not want any man who does not take orders from him!

THE CITY ARRAYED AGAINST COUNTIES

The big political fight is now on in the State and the issue is solely one of the City versus the Counties in which the latter should surely win. Mayor Preston in his "deal" with Lee has injected this issue into the fight. It is well known that Baltimore City wants much more consideration from the Counties than she is getting and much more than the Counties thought it safe to give her, if they are to continue having a voice in the State government. The Mass vote asked for by Preston and his gang would give to Baltimore City the power to nominate any man for any State office whom she got behind, placing the counties in a hopeless minority.

Then again Baltimore is insistent upon the taking in of portions of Baltimore County and Anne Arundel County, which of course these two counties are opposed to, for it means the loss to them of a great portion of their citizens, and a large part of their assessed properties. Again the Baltimore City people have been opposed to such general State appropriations as were used to build up our road system. In the last Legislature, an attempt was made to pass a bill giving Baltimore City a much bigger allotment of this fund than she obtained under the bill as passed, and which if successful would have cut off much of the appropriation on the "Shore." In this move Baltimore had the support of the Lee forces in the legislature.

Baltimore City, could go down the line behind Mr. Harrington, without any suspicion of a "deal" for her leaders have for years been with the forces supposed to be supporting him, but for her to break away from old ties and political associates and support one whom her leaders never had the least use for, opens the doors of suspicion pretty wide. The people in the Counties of Maryland suspect that Baltimore City will put it all over them if they succeed in nominating their man. The Mass vote, the annexation of adjoining property, the lion's share of offices, of appropriations, of everything in fact would leave the counties and go to Baltimore. Under such an alignment as that the Counties will in a unit rally behind the candidacy of Mr. Harrington and nominate him as Governor.

Senator Lee's recognition of "the office seeking element" and his use of patronage; together with the forcing to the front men, whose political ideas have always been in favor of the "dough" instead of the high ideals of those unselfishly interested in good government, has convinced the independent men of Maryland that he is no better than those he is attempting to discredit—that it is simply a question of being out and wanting to get in—a question of tearing down one machine in order to put another in its place—that instead of running for Governor he is in fact running for Boss.

The fact that the Lee boom has failed to reach the proportions here that was expected and confidently predicted by his supporters, have caused them to start the same kind of campaign that was started for Mr. Marbury—a campaign of "hot air claims." The people will not be fooled by any such stuff, for the ordinary man only has to size up the situation at home for himself to find the absurdity of such claims.

At the present time Kent is not favorable to Senator Lee's candidacy and unless a great change comes over the voters—never will be.

THE motto of some of Barroll's candidates must be to hold all you can get and get all you can hold!

THE friends of G. E. Noland Esq., are experiencing an example of the use of the "steam roller" as applied in Kent by the Boss.

WELL WELL, for an outrageous act of Bossism the withdrawal of Mr. Clarence Crew's name from the list of names sumitted from which to pick a tax assessor is the limit. The FACTS are in hand and will make interesting reading for the public.

Rev. Mr. Poole Urges Politicians Not to Drag Ministers and Churches Into the Political Campaign.

MY DEAR EDITOR:—Will you kindly allow me space to plead that the politicians of Kent county will not force the ministers and churches into the political campaign this year. I am sure that my request is the sincere desire of every minister.

Only the attempt of some politician to serve the interests and desires of the brewers and bums of Baltimore and the lawless elements and boot leggers of Kent county, will make it necessary for the ministers and church people to take sides. Surely no good citizen should be silent, nor will they be, if such happens.

My proposition is that all politicians and parties and parts of parties get together, shake hands, and show their loyalty to the best people of Kent county by declaring that Kent county shall be ruled by the best people of Kent county and not by the booze interests of Baltimore, and that no senator or delegate shall be sent to Annapolis who will serve the saloons of Baltimore instead of the people of Kent county.

Kent county has twice voted on the saloon question and by overwhelming and increased majority has declared itself against the saloon business Why then should any politician desire to seek power by gathering around him the lawless elements, boot-leggers and their kind? Why should such political leaders be even respected by the good people of the county? Their conduct encourages law-breakers and increases our taxes by increasing our court expenses.

No county in the State has better homes, a higher average intelligence or better class of citizens. Our churches and schools are among the best. Why then should any politician in Kent county make appeals to prejudice, ignorance, hatred, or the lawless elements of the booze interests? Let us then have a campaign this year in which the political demagogue, or trickster, or manipulator, or boot-leggers and encourager of lawless elements will be ashamed and afraid to make his appearance. Let the political leaders get together at once and declare for the right men for Annapolis, then fight a campaign worthy of intelligent people along he lines of information, education, debating of principles and fitness for office, and we will not hear of the church in politics.

A REALIZATION OF YOUR IDEAL!

A Superb Tract of Land in a Desirable Section In Any Size You Want

THE EXPERIENCE of the past is this: You have been forced to buy more or less land than you needed. And the result: You have been handicapped or burdened. No land owner cared, or could be induced, to sell off a part of his farm. In recent years The Kent County Land Company has offered to the public land in such areas or sizes as the purchasing public wanted. Our success has been achieved mainly upon the principle that we don't, by sharp practice, sell you what you had best be without. THE DECORSE FARM IS GOING TO BE SOLD IN WHOLE OR IN PART. It is located 3½ miles from Chestertown, the county seat, with its Paper Mill, Basket Factory and other industries; its splendid Churches, College, High School, Libraries, Places of Amusement.

The below diagram shows the superior location of this farm. A neighborhood remarkable for its social features. Handy to Chestertown, Fairlee and Tolchester. On new macadam road, a road maintained by the State, in good order in muddy weather as well as in dry season. It affords pleasant and quick travel. No farm in the county possesses better soil. Reference to the soil map as prepared by the Government shows this a loam soil, equaling Kent's best land. It is nearly level. Inspection of the crops now there will convince you as to the extreme kindness and productiveness of the soil.

In a Word, Where Can You Buy Better Land? Again, Where Can You Obtain Similar Land at Such Reasonable Prices as we Quote?

Write to any town around which good land is found and see if you can buy at $60.00 per acre land as well situated. The land we now offer produces the money crops—Wheat, Corn, Grass, Tomatoes. Potatoes. Send some of the soil to the Agricultural Department for analysis. This land produces 8 tons tomatoes per acre, which at $8.00 per ton means $64.00 per acre. Can you invest $60.00 or even $100.00 in bonds or stocks and get $64.00 the first year?

An acre of this land produces 30 bushels of wheat, at $1.50 per bushel, totaling $45.00. Where can you invest $60.00 and get $45.00 the first year and still have your principal?

At the present price of milk, buy 60 acres at $60.00 per acre, making $3,600.00. Add $2,000 for buildings, making you investment $5,600. Keep 12 good cows and see if with yonr other crops you can't easily put $500.00 in the bank and live as well as any other man. Can you invest $5,600 elsewhere and get not only happiness but healthful occupation, a "good living," and add $500.00 to your bank account? In Alfalfa, Potatoes, Fruit, in fact, any crop, this land is wonderfully suited. It is land that pays to own. It is the kind of land which has made the "well-to-do peopie" in every section more than "well-to-do."

Finally, THE KENT COUNTY LAND COMPANY'S POLICY is based upon the principle that we sell to please. We have no dissatisfied customers.

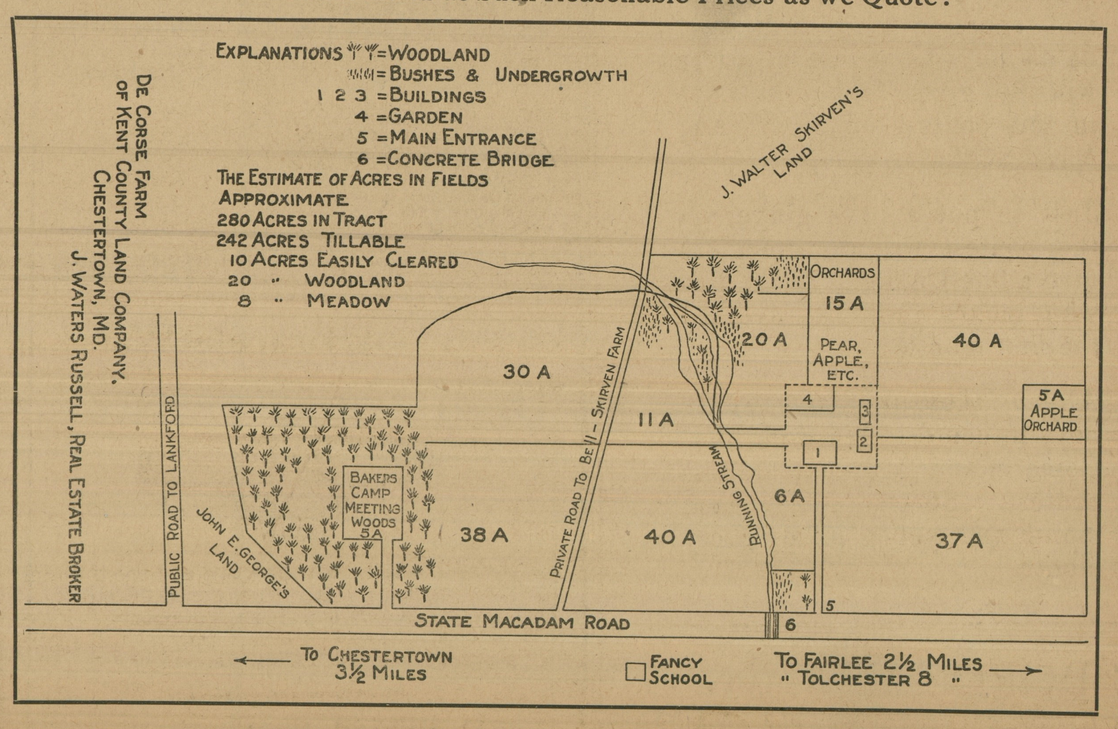
When you invest in land by the acre and at farm land prices, you invest in the great essential of life, and you INVEST, you don't SPECULATE.

We offer any of this land at $75.00 per acre without improvements, in tracts from 10 to 30 acres, to be surveyed and laid down in a manner satisfactory to the Kent County Land Company.

We offer at $58.50 per acre ANY of this land, from 30 to 100 acres, upon the above condition.

☞ This land, or any part of it, will not be for sale after June 5, 1915.

The Kent County Land Company will make terms satisfactory to responsible parties.



J. WATERS RUSSELL, President. THE KENT COUNTY LAND COMPANY
