BALTIMORE'S BEST STORE

Hochschild, Kohn & Co.

Howard and Lexington Streets

**Baltimore's Best Store Offers Absolute Security with Every Purchase**

Whatever you buy at Baltimore's Best Store is returnable, within reasonable time, for refund or exchange, if you are not entirely satisfied with it.

This is not new. It was part of our policy when this store opened, nearly eighteen years ago, and it has been carried into effect every business day ever since.

It is this which makes this store an especially pleasant place to deal with by mail. With the best intentions in the world, you may order something and find that it is not what you want, or we may send you something which, upon examination, you find is not fully satisfactory. It is good to know that you are dealing with a store that "money-backs" its goods without question or argument.

## "GOD WORKS IN A MYSTERIOUS WAY"

"God works in a mysterious way" and the longer we live and observe the more and more we are made to realize that fact. Years ago a farmer boy residing near Reistertown, Baltimore county, won a scholarship to Western Maryland College, Westminster, Md. At the time of his matriculation his aim was merely to obtain a better education and later to return to his home on the farm. But the Master had planned for him a different life. While a student at Western Maryland he was sent by the Young Men's Christian Association of that institution as a delegate to the Student Conference at Northfield, Mass.

During his stay at Northfield he came under the powerful influence of such men as Robert E. Speer and John R. Mott. As a result of two such visits to the Northfield Conferences the young man decides to become a student volunteer. He enlisted and during his remaining years at Western Maryland was a great worker along all religious lines. After graduating from the ministerial course at Western Maryland the young man entered Gettysburg College and there went deeper into his theological studies. In June, 1915, he was graduated from that school with high honors.

But before this young man ever went to college he had found himself a sweet heart and when his plans for the future were changed she changed hers to suit them. Quite a problem came when the country for the missionary to visit had to be decided upon. After careful consideration the student and volunteer selected India as the future field for his activities. Consequently after he had finished all other of his studies the young Baltimore countian took his promised bride to Gettysburg this summer to study the language of the people they will visit. The name of the language is "Telegra" and is quite as hard to learn as it sound.

Another stumbling block came when the European war broke out but reports from the Indian people state that the missionary and his bride will be quite safe. And at last the plans are beginning to materialize. On Saturday, the eleventh of September, Miss Wilhelmina Theresia Beyer was married to Mr. John Edward Graefe. On Friday night, September the twenty-fourth, the General Synod of the Lutheran Evangelical Church bade Mr. and Mrs. Graefe a fond farewell at a public reception given in their honor in the Lutheran Church at Reistertown. All Maryland wishes their noble son and daughter success in God's work in their far away field, most especially do the students of Western Maryland College.

Those of Mr. Graefe's schoolmates who were present at the reception are: his brother, Mr. Walter Louis Graefe, Owings Mills, Md.; Mr. H. R. Pfeffer, Reistertown, Md.; Mr. J. C. Numbers, Millington, Md.; and Mr. Wm. W. Clendaniel, Kennedyville, Md.

## PROGRESSIVE MILLINGTON

**Bonds Issued And Sold — To Have Some New Streets.**

The town commissioners of Millington have had the proposed street surveyed and stakes driven, the work of cleaning, cutting hedges, plowing and shelling is now well advanced. This has been a long felt need since the Millington fire, as there has not been available lots for private homes in town, and there have been some who have had to go to other towns to procure homes. There are some now that are anxious for lots and ready to build if they can procure lots at a reasonable figure. Now landowners, get busy and sell them while you have the opportunity, and let us have more pretty homes and nice people in our town.

Don't keep them out by asking two prices for your land. You know we have one of the busiest, prettiest and most healthful towns in the county. Now don't stop its growth and progressive effort in holding your lots at an unreasonable price, but get busy with all who will come and make it interesting for those who might come. And with all else get close to the town commissioners. Give them more encouragement by being ready to co-operate with them in their undertaking in the betterment of the town in every way. And by all things reduce that most extravagant salary of theirs with which you pay them. That awful abuse. Fault finding criticism. Stop it please, and give them credit and some encouragement for what they do *for nothing*.

Show to them you too have respect and interest in the upbuilding of the town by giving them your co-operation. It will make them feel better and will be better for all concerned. As a taxpayer I am satisfied of what they are doing. I believe they are doing the best they can with what they have to do with and their time considered too.

I was surprised to find so few voted in the town election. Indeed I am ashamed to mention the number, but will ask the public, the business men in particular, what do you mean? Is it you who are standing in your stores, on the street corners, in the alleys, and even at the church doors criticising your town board of what they have done, and what they won't do? Listen. To you who have a right to vote and didn't, you ought forever hold your tongue and never speak harshly of these young men who, as I have said, I believe are doing the best they can under the circumstances, and I would advise you all to go to their rescue and give them a helping hand that they may feel encouraged in their efforts in making Millington one of the prettiest, cleanest, healthiest and law-abiding towns on the Shore.

Your Telephone Operator

There are three parties to every telephone conversation—the person calling, the trained operator and the person who answers. All three share alike the responsibility for good service.

Don't blame the operator for "Don't Answer" or "Busy" reports. In the first case, she cannot force the party to answer; in the second, she must wait until the called party, or some one on his line, gets through talking.

Believe the operator.
