THE German battlefield pictures, direct from the 44th Street Theatre, New York, are to be presented at the Lyceum Theatre, Chestertown, Wednesday, April 5th. They are pronounced by critics of New York, Chicago, Philadelphia, Baltimore and other large cities, where they have been shown, the best and the closest view of the army movements that have been brought to America.

LOCAL officers arrested 18 men Saturday night, 16 of whom were colored, for playing crap. Two of them paid their fine and were released. One of the arrested men was a white man. He had been allowed to visit his pal in jail and walked out with lock and key of the prisoner's cell door. He was soon arrested and made a prisoner.

THOUSANDS (yes, thousands!) of wild ducks have been feeding opposite Chestertown above the Chester river bridge this week. The gunners have been looking at them with longing eyes as the beauties dive and frolic in the water. Most of the ducks have been black heads.

ELSEWHERE in the NEWS is a big adv. of the Paige car which commands itself to the public. The reliable W. H. Waddell at Central Garage, Chestertown, is the agent and you may rely on what he tells you. See this car before buying.

THE members and friends of the Chestertown M. E. Church contemplate building a new parsonage on the site of the present structure. It will be on a line with the other residences of that locality, modern in every particular and a credit to the congregation. The present edifice is quite a landmark.

THE Young Men's Club of Christ Church are to entertain the Christian Endeavor Society on April 4th. One of the features is a debate on "which is the most fascinating a man with a mustache or a bald head?"

AFTER some years of preparation it is announced that Chestertown is to have city delivery of mail. The authorities had the power to start this innovation at any time the people wanted it and this in a measure accounts in part for the extra help in the postoffice.

THE Town Commissioners of Centreville appeared before the Board of County Commissioners, at their meeting Tuesday, requesting that the colored prisoners in the Centreville jail be made to work both on the streets and in the Court House square. Chestertown has about 20 prisoners whose time might well be spent on the roads and streets instead of singing and playing cards.

PREPAREDNESS

THE whole country is talking about Preparedness. We want to say to every prospective purchaser of Clothing for the coming Spring that, in spite of the advanced prices of everything, we are far better prepared to serve your wants in Clothing than ever before. We had forethought enough to anticipate the constant increase in price and placed our entire Spring order long ago, and are fully prepared to sell you even cheaper than ever before. For instance we have a full and complete line of All-Wool Worsteds in Blue, Black, Gray and Fancy weaves, which are offering this Spring for $12.50 and $15.00 which we guarantee cannot be equalled for less than $15.00 to $18.00.

NOTE WELL

To you who insist upon having your suit made to measure, we want to say that we have nearly 2000 samples of the finest weaves and textures to be found both in Europe and this country; and what is better still, WE have always an expert measurer—not for two or three days in the year—but one who is constantly on the job from January to December, and who is careful and painstaking, and we absolutely guarantee a perfect fit in every instance.

Respectfully,
