Haying Season

Is nearly here. Are you prepared to care for the large crop of hay this season has given us?

We are ready to help you harvest your hay with all the latest improved and most up-to-date machinery. This year we offer for the first time our No. 6 McCormick Mower, a gem of perfection and mechanical ability. You well know the enviable reputation the McCormick Mower has enjoyed for so many years and you wonder how it could be improved upon, but it has been done. The No. 6 Mower has been working under the most adverse field conditions for 5 years, being thoroughly tried out by expert mechanics and by farmers to whom it was entirely new and all pronounced it good. The No. 6 is not the New 4 made over but an entirely new mower with all the good features of the New 4 embodied. There are so many points to call attention to that it is impossible to mention them here, but we ask you to come and see the mower.

SIDE DELIVERY RAKES AND HAY LOADERS

The Keystone tools are the latest improved of haying machines and they save time and labor. We shall be glad to go into details with you about them.

SELF DUMP RAKES

All steel except the shafts and last almost an ordinary lifetime.

TEDDERS

McCormick Tedders are good "kickers." They help to cure the hay without drying out all the nutriment.

BINDERS

The new model Binder which has been on the market for two years and of which we sold 23 last year is pronounced by all who have seen it to be the greatest Binder ever seen work. It is lighter draft than most other machines because of less weight and more roller bearings and a more rigid construction of the main frame. This is the year to buy these tools as all indications point to higher prices next year.

DON'T FORGET OUR SHOPS WHEN YOU HAVE REPAIR WORK. We know how to do it.

BEAUTY OF FIGURE IS NOT A QUESTION of SIZE

But the beauty of a bank account is entirely a question of size.

Fortunately while none of us have much to say about the beauty of our figures, most of us have the entire making of our bank accounts in our own hands, and can set our stakes high if we WILL to do so.

Bring us your deposits, and let us help you realize your ideal of beauty in things financial.

A SPLENDID ASSEMBLY

Annual Convention of The Woman's Christian Temperance Union of Kent County Held Thursday In Chestertown—Eloquent And Earnest Speakers.

One of the best managed, most enthusiastic and interesting temperance conventions of recent years was the county meeting on Thursday which wos held in the Chestertown M. E. Church. The morning session opened by Mrs. T. Hudson, was taken up with routine work and election of this excellent corp of officers: Mrs. Emma Shafer, President; Mrs. Acca V. Crew, Vice-President; Mrs. L. M. Smyth, Rec. Secretary; Miss Ida C. Crew, Cor. Secretary; Mrs. Acca V. Crew, Treasurer. In the afternoon every seat was occupied with an interested audience to hear Dr. P. S. Bourdeau Siscoe, that eminent lady physician known so well to many of our citizens. Prof. J. L. Smyth, our beloved superintendent introduced this speaker, and in doing so refered to the treatment he received at her hands, for it was at her sanatorium that the professor was so miraculously "cured." Dr. Siscoe talked in a most practical way on the "conservation of health" and placed the causes of bad health under these seven heads:

1—Overwork.
2—Worry.
3—Lack of fresh air.
4—Lack of Cleanliness.
5—Lack of pure food.
6—Alcoholism.
7—Drugs.

Dr. Siscoe's address was followed by a solo by Miss Ida Smith, after which came a splendid demonstration by the Loyal Temperance Legions under the skillful eye of Mrs. Claude F. Parks and Miss Rebecca Toulson.

Mrs. Mary R. Haslup, that devoted temperance worker, was present and made several short talks of a most impressive kind.

In the evening a beautiful recitation was given by Miss Florence Hill followed by a male quartette by Messrs. Bowers, Thompson, Usilton and Sparks, followed by a masterful address by Rev. Don. S. Colt, D. D., of Baltimore. For more than an hour this earnest speaker held the attention of his audience and portrayed tho curses which a glass of liquor contained and the awful consequences of its continued use. He flayed alive the voters who encouraged the licensing of saloons and sent to perdition the rum seller and his supporters. The meeting closed with a chorus lead by Mrs. Merrick Clements.

Mrs. Wm. Brown is president of the local union which did so much to bring about the success of this occasion. She was efficiently helped by Mrs. C. L. Jarrell, Mrs. R. F. Parks, Mrs. W. B. Copper, Mrs. S. E. Ford, Mrs. John C. Davis and others.

THE Chestertown Volunteer Fire Co., will send a delegation of 25 members of the company to the big convention of the Maryland State Volunteer Firemen's Association to be held at Havre De Grace on Thursday, June 8.

THE Cadman lecture is to begin at 7.30 P. M. next Monday so as to allow him to get back to New York the same night. This will be a rare treat. Seats now on sale at Stam's.

THE State Society for the Prevention of Cruelty to Animals has named this week a "Kind Week." On June 5th the President of this Society will be in Chestertown and speak to the school children and at another hour will make an address in the Rest Room.
