EXPLAINS NEW SCHOOL LAW

Superintendent Smyth, of the public Schools of Kent County, and other Superintendents throughout the Staate have received from State Superintendent M. Bates Stephens the following interesting letter and answer to questions relative to the new education laws of Maryland:

1. Do trustees, appointed in May, 1916, have the right to appoint principal teachers after June 1, 1916?

Answer—They will not have such power after June 1, 1916.

2. Are contracts between teachers and trustees valid after June 1, 1916?

Answer—As was implied in the answer to question 1, the appointment of the principal teacher will no longer be a function of the board of trustees after June 1, and it seems to me that it will be necessary for the county superintendent to nominate all teachers the present year regardless of existing contracts between trustees and teachers. There are abundant court opinions that the appointee of a board cannot hold the appointment made by the board beyond the time when said board shall organize unless the law prescribes a definite term in years. Under the present law trustees were appointed for a year, and it would seem the appointment by them of the teachers would be a one year appointment. Whether this be true or not, under the new law the county school board takes the place of the trustees in this particular duty and can remove a teacher by legally notifying such person.

3. Should State Board prepare form of contract for teachers for county system rather than for particular position, or should it be notice of assignment?

Answer—A regular form of notice of assignment, signed by the President and Secretary of the County Board of Education will be quite sufficient.

4. Will State Department of Education prepare stock plans for one, two or three room school houses?

Answer—This question will be referred to the State Board of Education with a recommendation that such plans be prepared by the State Board of Education. Each county should send to the State Department of Education their suggestions for any or all these three types of buildings. If this is done it will aid materially in devising plans.

5. Will the State Department of Education furnish blanks upon which to make the budget?

Answer—Such a blank form will be prepared by the State Department of Education to be used after the year 1916.

NOTE—Let us together caution ourselves against any drastic enforcement of the newer features of the new law, and prevent as best we can such a reaction as will make the new law an issue in the legislature two years hence. We should incline to the minimum rather than the maximum amounts provided as salaries for superintendents, supervisors and attendence officers, remembering that the salaries of teachers were not increased by the legislature which enacted the new school law.

OBITUARY

In memory of my dear husband, A. Alexander, who died four years ago today June 8th.

I often think of thee
When I'm all alone,
For memory is the only friend,
That grief can call its own

Friends may think, that I forgot you,
And the bitter wound is healed,
But they little know the sorrow,
That is in my heart concealed.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice,—it will be confidential.
