WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

Scott & Bowne, Bloomfield, N. J.

PINEY NECK

Messrs. Drage Kendall, Henry Capel, and Wilbur Glenn, of Newark, Del., spent a few days of the past week with relatives here.

Mrs. Robert B. Creighton and daughter, Anna, returned home from Baltimore last week.

Mr. and Mrs. James M. Wood, Mr. Ruthman Strong and Capt. J. C. Ashley motored to Chestertown last week in Capt. Ashley's new car. It is wonderful the things that Capt. Ashley can do with one arm. The most amazing feat is his opening of oysters. He uses his foot to help and we venture the wager that he can equal any man with two hands!

Mrs. Cleveland Ashley, of this vicinity, is visiting relatives in Baltimore.

Mrs. James Strong is visiting in Baltimore.

Mr. and Mrs Wm. Rollison have accepted positions at Tolchester for the summer.

Mrs. James Elburn, of this vicinity, is undergoing treatment at a hospital in Baltimore. Mrs. Ella Elburn accompanied her.

Miss Susie Frazier spent the week-end in Baltimore.

Miss Louise Hudson, of Strayer's Business College, is home on a visit.

Mr. Taylor, of Baltimore, is visiting friends and relatives here.

Mrs. John Glenn and daughter, Maud, spent a few days of the past week in Baliimore.

Mr. Walter Crouch has accepted a position in Newark, Del.

Mrs. Agnes Ashley and daughter, Lois, have returned home from Balto.

Mr. Charles Crouch has been visiting in Baltimore.

Miss Helen Strong has returned home from North Carolina.

Mr. Christopher Grant, of Baltimore, is visiting relatives here.

Miss Mildred Ashley, of the Maryland General Hospital, is home on a visit.

Mrs. James Wood and daughter, Miss Alice, spent the week-end with friends in Baltimore.

Mrs. Belle Colison has returned home after spending a few days with relatives in Baltimore.

Mr. John Colison and daughter, Miss Edith, paid a flying visiting to Baltimore on Saturday of last week.

HEALTH CRUSADING

A few years ago, the Maryland Association for the Prevention and Relief of Tuberculosis with the co-operation of the B. & O. Railroad, sent a railroad exhibit coach, accompanied by a lecturer over a large section of the State. This car was visited by several thousand people. This was before the automobile came into such general use, especially for educational purposes. Keeping pace with the spirit and needs of the time, the Association this year purchased a Ford car with a commercial body, which permits the ready transportation of exhibit material, motion picture machine and printed matter from place to place.

The field work of the campaign will be directed by Mr. Alden Anderson, the Assistant Executive of the Association. Mr. Anderson and his boy Scout helper will demonstrate one of the main phases of tuberculosis prevention by sleeping in the open as they go along; the car will carry a tent, cot, and blankets for this purpose. The county is to be the unit of the campaign. In each county the co-operation of the newspapers, various organizations and individuals prominent in some lines of health or social work will be sought. With their assistance, arrangements will be made to give a free motion picture show and illustrated lecture on tuberculosis for general public, a special motion picture show and lecture for the children, and to hold a meeting of interested people for the purpose of organizing a county branch of the Association.

Mr. Robert C. Powell, the Executive Secretary of the Maryland Association, states that the itinerary and plan of campaign must necessarily be somewhat elastic. "It is not our intention, however," he says, "to descend upon any county unawares In fact, we hope that considerable interest and prospective co-operation will be developed in each county before the arrival of the car. We shall make every effort to hold to our schedule. If we can carry the message that good health is the reward and logical result of working and living under sanitary conditions and is really a purchasable commodity, into all sections of Maryland for upwards of four months, and directly to several thousand people, we shall have accomplished the larger part of our purpose and feel well repaid on our investment. But if we can leave behind us an organized County Committee composed of people who will make some little sacrifice of time to take up the work that we have started and carry it on intensively, the results will be of far-reaching benefits, not only for that particular county but for the entire State.

This state-wide campaign by counties will begin in May and probably continue until October Anyone desiring further information regarding the campaign or the work and program of the Maryland Tuberculosis Association is requested to write to its office, 1301 N. Charles St., Baltimore. The Campaign in Kent county is scheduled to begin on Monday, June 22nd.

THE following are the averages of the pupils of Locust Grove School for the month of May:

Eighth Grade—Estherdell Comly 87. Norma McCauley 86.

Seventh Grade—Robert VanDyke 87, Mabel Jarvis 86.

Sixth District—Myrtle Faulkner 90, Roland Comly 88, George Sutton 84, John Haggerty 81.

Fifth Grade—Lynda Bonwill 84.

You Can *Afford* Good Light

You up-to-date farmers who own your property—take pride in your home and love your good wife and children—**you** should have good light.

The day has passed when good light in the farm home could be considered a novelty or expensive luxury. Nor is it a matter of big investment. Today good light is an inexpensive necessity.

Pilot-Carbide-Outdoor Lighting and Cooking Plants

have totally changed the old fashioned methods of house and barn lighting and cooking in the country home.

Hundreds of thousands of progressive farmers in all parts of the country have selected the PILOT because they were quick to recognize the value of good light—its safety and the convenience it brings them and their families. These country home owners—men like yourself—found they could easily afford the moderate investment for their PILOTS.

So can you afford it.

You can afford that new mowing machine, seed drill, and sulky plow. You can afford all the improvements that make your place a model farm, because they save ***you*** time and work.

Think of your good wife. She is your business partner. Her duty has been to make your home. She has done it well. She has contributed as much to your success as you have yourself.

F

The PILOT is going to save ***her*** a lot of hard work—dirty work—filling, cleaning and carrying lamps about the house—the meanest work a woman has to do. Think, too, what a gas cook stove will mean to her on hot days and when quick meals are wanted in a hurry.

If you can afford improvements for your farm, surely you can afford this one great improvement for your home—your wife—and your children. It is the one thing that you and your whole family will enjoy every night—365 times—every year.

Consider the PILOT from every standpoint—safety, comfort, convenience and better living. Your decision will be what 300,000 other country home owners have decided—***you can't afford to be without it.***

Write for illustrated catalogs and descriptive booklets giving all the facts. Find out, *today,* about the PILOT.
