ROCK HALL

The long expected (some body being run down by an automobile) happened here last Saturday night when one of our esteemed near residents, Mr. G. W. Hayes was fatally injured by an automobile driven by Charles Smith.

The R. H. school team crossed bats with a combination team from Piney Neck and Cliff City on Saturday on the school grounds. The home team were defeated 14 to 8.

A pretty Children's Day service took place in the M. E. Church on Sunday evening before a large and appreciative audience.

The S. D. A. Camp-meeting is under excellent management. The night services are very largely attended.

Lewis & Son's meat and provision store is closed for the summer. This leaves the old standby, through thick and thin meat dealers, Casey and Co. the only meat men of this place on the job at the same old stand.

Mrs. A. P. Levy and son, Rulon, after a month's stay with us, returned home in the city on Monday and now nobody is home but grand-daddy. Lonesome? Yes.

The Rock Hall Driving and Improvement Association held its first matinee June 12th. Mr. George Sutton from Worton, started his two fast pacers, Twinkle March and a young promising pacer, Helen March, which showed lots of speed. Mr. Harry Eswine showed lots of nerve in starting his green trotter, T. B. Russell, with such noted horses. Mr. John Brice started the old veteran pacer, Kentwood, which had his old time speed with him. He won one heat in 2.19 with Mr. Wm. Ashley driving his old standby, Belton H, finishing second. Mr. George DeFord's Oakland also started and would have proved troublesome but short of work. Results of races:

CLASS A.

Twinkle March, Geo. Sutton	1	1	1
T. B. Russell, Harry Eswine	2	2	3
Helen March, George Sutton	3	3	2

Time, 2 21, 2.22, 2.21.

CLASS B.

Kentwood, John Brice	2	1	1
Belton H, Wm. Ashley	1	2	2
Oakland, Geo. DeFord	3	3	3

Time, 229, 228, 219.

The tournament was the best and most interesting than any ever held at the course. The successful winners in the professional class were:

Edw. Fowler, 1st Prize...Knight of Chestertown
Buck Jacquett 2nd Prize...Knight of Lankford
Roy Newcomb, 3rd Prize...Knight of Rock Hall

The amateur riders looked like they ought to have ridden with the professionals as they rode with fine skill.

C. E. Hadaway, 1st Prize.....Knight of Bungle
Merritt Thompson 2nd Prize. Knight Little Page
James Hadaway, 3rd Prize, Knight Piney Neck

STILL POND

The lost is found. Mrs. Mattie Gale was married on April 24th, 1867, and on May, 1869 while picking berries on the Gale farm, near Lynch, where Mr. Jos. Norris now lives, lost her wedding ring, the ring was found on May 31, 1916, just 47 years later by Mr. Joseph Norris while plowing and a few days ago was returned to Mrs. Gale, the following on the inside of the ring helped Mr. Norris to fine the owner, "From J. T. G. to M. K., April 24, 1867." Their land has been plowed, worked planted and reaped many a time in these 47 years, but so far as we know the ring never put in its appearance until the time stated above. After a little cleaning the ring was restored to its natural color and soon looked like new.

Mrs. Howard T. Furbush and son, of Berlin, Md., spent several days with Miss Lucille Parr during the week.

The stork made a visit to the home of Mr. and Mrs. Carl T. Norris early Tuesday morning and left a fine baby boy.

The Sunday school here held its Children's Day service last Sunday evening and the program was beautifully rendered. The collection for the evening was $22.21 which certainly was fine. The church was filled early and when the service commenced there was standing room only.

Take the Guesswork Out of Your Hauling

We can prove that the Smith Form-a-Truck gives the "lowest hauling cost in the world." In the matter of cost there is nothing that equals the economy of the Ford car. In the matter of speed, you can get from 10 to 15 miles an hour with an average load. You can get from 15 to 20 miles on a gallon of gasoline under full load. There is not a truck in the world that will give you equal service at anywhere near the low cost of the Smith Form-a-Truck.

J. Z. Tyler, of Honga River Dorchester county, will have reason to remember that the United States government has jurisdiction over the Chesapeake Bay and its tributaries, so far as the fish stakes are concerned. Thirty days in Jail now awaits Tyler, who is charged with violating the rules. According to the local officials, Tyler placed nets in the Bay opposite Cove Point. The nets were in more than 30 feet of water. The law states that in that vicinity nets should not be placed which require a depth of over 30 feet.

Mr. Paul Burdon, of New York, who has been boarding for some time with the family of Mr. Albert Story at "Winton," Queen Annes county, was badly mangled by a bull belonging to Mr. Story recently. Mr. Burdon was driving the animal out of the pound when it suddenly turned on him and knocked him down. In a few minutes his cries for help brought assistance and the bull was driven off, but Mr. Burdon was badly used up; for, besides being severely bruised, he is suffering from a broken collar bone and two fractured ribs as a result of the encounter.

Proof.—Here is an actual fact. A young man about town showed the firm of Bordley & Sons a Kool Kloth suit he had just bought for $13.50. Bordley & sons took the trouble to show him the same garments exactly for $9.00 and proved he could have saved $4.50. Did he grumble? Bordley and Sons added his name to their mailing list and this young fellow in less than two weeks was the purchaser of the best suit they carry in stock. See their adv. in News.

The Rev. Dr. Francis T. Tagg, who on July 1 will retire from the editorship of the Methodist Protestant after 25 years of continuous service in that capacity, will be succeeded by the Rev. Frank T. Benson, of Crisfield.

Dr. Tagg's resignation was voluntary and was effected at the recent quadrennial general conference of his church in Zanesville, Ohio, where he took an important part in the proceedings. It was accepted with regret by the delegates, to nearly every one of whom he was known personally.

In this quarter-century Dr. Tagg has wielded a powerful influence in the general councils of his church, and also in some of the general Christian councils of the country. The Editoral Fraternity extend to him congratulations and best wishes for a long and peaceful rest for he surely has earned it.

The Rockfeller Foundation will establish its Schools of Hygiene and Public Health in Baltimore in connection with the Johns Hopkins University. Dr. William H. Welch will be the director of the school, with Dr. William H. Howell, head of the physiological division. The building alone will cost $200,000.

THE JAMES OLIVER No. 11 SULKY PLOW

By reason of its simple construction, light weight, easy draft, durability, and perfect work is

THE BEST PLOW YOU CAN BUY
SOME OF THE REASONS

The only sulky plow made with which you can turn either gee or haw equally well, leaving no hard spots, and avoid the necessity of plowing out corners.

It is the lightest draft riding plow made, due to the entire absence of landside friction and the even distribution of the load. The weight of the plow and driver is CARRIED instead of being DRAGGED along.

One share on the No. 11 will outlast four walking plow shares. It holds to the ground at all times, especially in dry weather. May be used with or without tongue. The turning and scouring qualities of the OLIVER PLOW BASES are unequalled.

Right after harvest you will be ready for your plow again. We have sold over 150 of No. 11 Oliver Sulky Plows within the last twelve months and will have what you may need for this Fall. Expecting another carload any day now
