"HERE'S WHY I WANT MY BOY TO LEARN TO FLY"

"YES, I have a boy too. All set to graduate from school next year. No indeed—doesn't expect to have any trouble getting a job. We figured it out between us. He's going to take flying instruction this summer and keep on with it until he graduates. Thousands of jobs are open in the aviation industry. A youngster who knows how to fly'll get first consideration. The only limit to how far he can go is himself. Lack of opportunity in America today? Well, I've always given my lad the best and never begrudged it. But I only wish I'd had the chance, 25 years ago, that he's going to have in aviation."
• • •
This man is talking real sense. Bring your boy out to the airport and let us teach him to fly, prepare him for his place in America's fastest booming industry.
