Haying Season

Is nearly here. Are you prepared to care for the large crop of hay this season has given us?

We are ready to help you harvest your hay with all the latest improved and most up-to-date machinery. This year we offer for the first time our No. 6 McCormick Mower, a gem of perfection and mechanical ability. You well know the enviable reputation the McCormick Mower has enjoyed for so many years and you wonder how it could be improved upon, but it has been done. The No. 6 Mower has been working under the most adverse field conditions for 5 years, being thoroughly tried out by expert mechanics and by farmers to whom it was entirely new and all pronounced it good. The No. 6 is not the New 4 made over but an entirely new mower with all the good features of the New 4 embodied. There are so many points to call attention to that it is impossible to mention them here, but we ask you to come and see the mower.

SIDE DELIVERY RAKES
AND HAY LOADERS

The Keystone tools are the latest improved of haying machines and they save time and labor. We shall be glad to go into details with you about them.

SELF DUMP RAKES

All steel except the shafts and last almost an ordinary lifetime.

TEDDERS

McCormick Tedders are good "kickers." They help to cure the hay without drying out all the nutriment.

BINDERS

The new model Binder which has been on the market for two years and of which we sold 23 last year is pronounced by all who have seen it to be the greatest Binder ever seen work. It is lighter draft than most other machines because of less weight and more roller bearings and a more rigid construction of the main frame. This is the year to buy these tools as all indications point to higher prices next year.

DON'T FORGET OUR SHOPS WHEN YOU HAVE REPAIR WORK. We know how to do it.

WASHINGTON COLLEGE COMMENCEMENT

President James W. Cain delivered the Baccalaureate address Sunday morning to the graduates of Washington College and thus began the 134th commencement of this venerable institution. There was not a large audience but the doctor gave a most excellent address his subject being the "Golden Rule."

On Sunday evening, Rev. T. F. Beauchamp delivered an interesting and instructive address to the Y. M. C. A. of the college in the Chestertown M. E. Church.

On Monday afternoon the annual baseball game between the Kent All Stars and the W. C. team was played, the former winning by the score of 9 to 5. Blackway and Brown, two Chestertown boys, opposed each other in the box, the former having somewhat the better of the contest. He held the W. C. team to seven hits, while the All-Stars made a dozen bingles.

The All Stars took the lead in the second inning, when Bartley was passed, stole second and came home when Robinson sent a slashing hit into centre field. This score stood until the sixth, when a misjudged fly ond several errors gave W. C. three runs. The All Stars tallied in the seventh, eighth and ninth innings, while W. C. scored twice in the ninth. It was a great victory for Eddie as he was pitted against the champions of the State,

The All-Stars were as follows: Robinson, c; Blackway, p; Bartley, 1b; Kibler, 2b; F. Wallis, ss; L. Crew, 3b; Healy, lf; Numbers, cf; Walls, rf.

The W. C. team was as follows; Pearson, c; Brown, p; Usilton, 1b; W. Wallace, 2b; Woodland, ss; Spedden, 3b; McGinnis, lf; Frampton, cf; Bunting, rf.

Tuesday morning at 10 o'clock the declamation contest for the medals given by Dr. H. G. Simpers was held. H. T. Hollingsworth won first prize; G. R. Crowther, Jr, won second. The others who took part were: John W. Barroll, C. W. Corbin, M. S. Dolbey, T. F. Healey. The judges were Dr. E. J. Clarke, W. F. Russell, Jr., Esq., W. Lester Baldwin, Esq.

Monday evening the annual debate for the Rogers medal was held. The question was "Resolved that inter-collegiate athletics should be abolished." The negative supported by Messrs. J. W. Dykes, H. F. Davis and H. B. Garrett, won the debate, J. W. Dykes winning first and H. B. Garrett second. The affirmative was supported by Messrs. C. E. White, Thurston Branham and T. H. Young. STATE AIDED ROADS

Kent Countians Awake To The Great Importance of Good Roads in Kent.

The Board of County Commissioners was occupied Tuesday in hearing delegations from upper Kent for appropriations for State Aided roads. Mr. E. Thos. Massey headed a delegation from the hustling town of Massey who propose to build a macadam road from Massey to connect at Ireland's corner with the State road through Galena. The distance is 37 10 miles and the citizens expect to raise their $3700 at once.

Mr. William Medders, spokesman of the Still Pond committee, deposited a check for $500 as their part of the payment for a road thru the town of Still Pond.

Mr. "Huf." Gooding and others representing Betterton had a good note for $1200 as the citizens' deposit for their proportion of a road thru the bayside town.

The law makes it mandatory on the Commissioners that they shall pay 40 per cent of the cost of these State-Aided roads and the State pays one-half..

The State Road Commission has promised to give us a hearing in a few days as to the road to Rock Hall in which all Kent Countians are interested.

A REVOLTING CASE

On the Chester river, in Morgnec, adjoining the Barkman farm, there lives a family consisting of Elwood Taylor, his 16-year-old daughter and two sons. Fishing and light farming is his occupation. Wednesday morning or Tuesday night a child was born to the daughter, but it did not live very long. Elwood Taylor was charged by State's Attorney Vickers with the crime of incest, and admitted his guilt, as did the mother of the babe. Taylor showed the officer where he had buried the child in a neighboring woods, and it was soon exhumed and examined by Dr. Hines. The daughter-mother was cared for by kind neighbors and yesterday was carried to the hospital for treatment. Taylor is about 32 years of age. He is in jail awaiting the action of the Grand Jury and court. The penalty is from one to ten years in the penitentiary. State's Attorney Vickers says this case is the most revolting in its details in all his experience.
