50 FIRST AID KITS GIVEN CIVILIAN DEFENSE

The Civilian Defense Council of Dorchester County have received from the officers and members of the Cambridge Lodge, No. 19, Independent Order of Odd Fellows, 50 First Aid Kits as their contribution to the furtherance of civilian defense efforts in Dorchester.

The Cambridge Lodge, through Mr. Tony Nardone, Secretary, and Mr. Charles Barnett, Treasurer, with the coopeation of their full membership, sponsored a benefit performance at the Cambridge State Armory, April 24th, and the amount realized was used in securing the 50 First Aid Kits turned over to the Civilian Defense Council.

The first aid kits are now being distributed. Twenty-five have been sent to all parts of the county to be used in Control Centers, Observation Posts and District Divisional Headquarters. When the distribution has been completed every key point will be fully prepared to care for any emergency that may arise.

The Civilian Defense Council is very grateful to the many who are giving their time and effort to help in this great cause.

Tuesday, May 26, several thousand copies of "What To Do In An Air Raid" were received. These are being stamped by the local Council and will be distributed throughout the county. In Cambridge the local Boy Scouts are being asked to handle the job of distribution.

The pamphlet "What To Do In An Air Raid" urges above all:

1. Keep cool.
2. Stay home.
3. Put out lights.
4. Lie down.
5. Stay away from windows.
6. You can help.

The pamphlet stresses these points—Read and keep the information expressed in the pamphlet. It may save your life.

MERCHANTS VICTORIOUS IN GAME PLAYED LAST SUNDAY

The Cambridge Merchants barely managed to eke out a win of 7 to 6 runs over the Cardinals at Phillips Park last Sunday. Two errors, 3 walks and one hit saw the Cards score five runs in the first inning. Even after this shaky start the Merchant pitcher, "Zemo" Todd sat down thirteen via the strikeout route.

Kinnamon hoisted another homer over left field fence with a mate aboard on the third. Giving his teammates a new lease on life. Old timer Irving Lloyd fulfilled a dugout promise as he slammed out a four-base hit with Kinnamon in the 7th. It was Lloyd too, who came home for the winning run in the 9th on a squeeze play.

Goldey Tyler, hurling for the Cards struck out eleven Merchants and gave up eleven hits to the local Merchant power-house.

Other games in the Eastern Shore Semi-Pro League resulted in Princess Anne defeating Salisbury 4 to 3, in 11 innings, and Easton winning over Willards 12 to 0.

STUDENTS WORKING TO RELIEVE LABOR SHORTAGE

With more than 100 students already working at full-time jobs due to early dismissal of schools, the Cambridge High School is trying to get every one of its 600 students in gainful employment this summer in an effort to help meet the growing need for workers in Dorchester County.

Charles H. Willis, principal of the Cambridge High School, urges all those who need workers to call the High School office where the abilities of all the 600 students have been inventoried. Telephone No. 728 already has been kept busy trying to match prospective workers with jobs.

Farm work bulks large among the needed services in the county, but Mr. Willis said that the High School will beable to supply store help, office workers, handymen, grass cutters, nursemaids for children and other types of workers.

"Most of the students realize that "Food is Ammunition" and that they must do their part for victory by working in the fields to harvest crops or work in canning factories to can food. Every student over 16 will probably be able to work in a canning factory. Those between 14 and 16 will be called upon to help harvest the crops as they ripen."

"The school authorities, realizing the growing need for workers have placed Mr. W. B. Fidler in charge of summer placement.

The High School office is open every day from 9:00 to 12:30 to take orders for help and fill the orders. Cambridge residents are urged to make use of this service. Mr. Fidler is cooperating with the Maryland State Employment Service and the County Agent in making students available for farm work during the harvest season."

"A list of girls who can care for children and do light housework is maintained for the housewife who needs occasional help.

For 1942—a Beautiful New FORD "6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will *stay* good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is *big*—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, *but in every case the new is equal to or better than the old.*

If your family needs a new car, go see and drive this Ford. *For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.*
