KENNEDYVILLE

Mr. Ewald Werner and family, of Baltimore, are spending their vacation with Rev. P. Schauer.

The Merry Makers Social held their excursion to Tolchester on last Friday. Although the weather was threatening they all had a good time.

The Women's Christian Temperance Union held their monthly meeting at Kennedyville M. P. Church on Friday, August 11th.

Sunday seemed to be a disastrous day for automobilists as three cars were wrecked near Kennedyville.

Sunday was the first of the out-door services of the M. P. Church, it being held on the church lawn and was enjoyed by the large crowd that attended. These services will continue all through the month of August in the evening only.

Mrs. S. Schaeffer, who was visiting her daughter, Mrs. P. Schauer, has returned to her home in Baltimore.

Mrs. Elias Othoson spent several days with the Rev. and Mrs. Frank S. Cain at Susquehanna.

Mr. Bruce Dukes, while trying the steering gear on one of the wrecked cars was painfully cut on the hand.

The services next Sunday at the Kennedyville M. P. Church will be as follows: Sunday school 9 30; Preaching 10 30. The sermon will be preached by Dr Davis, of the Lord's Day Alliance, and on account of his many appointments for the one day, it will be necessary to begin the sermon at 10 30. The topic for the evening service will be "A Drama in Three Acts."

The Merry Makers Social met Thursday at the parsonage.

Mr. Webster Hague, of Philadelphia, is spending this week with his parents, Mr. and Mrs. Wm. T. Hague.

Miss Hannah Bell, of Chestertown, spent the week-end with Miss Lulu VanDyke.

Mrs. Elias T. Othoson returned to her home on Monday after a delightful visit to her former pastor and family at their home in Harford county. She was delighted with the hills of Harford. She was accompanied to her home by Rev. and Mrs. Frank S. Cain and Miss Bessie Jett Cain who will spend a few days with their many friends in and around Kennedyville.

Mr. Houston Pote, of Wilmington, spent a few days with friends in this town.

Mrs. Phillips, of Newark, N. J., with her two children, are visiting Mrs. Shafer.

Mrs. Chas. Smith and children are visiting her grandparents, Mr. and Mrs. Isaac Cleaver.

The Ladies Aid Society will meet at the home of Mrs. Rachel Redmile on Friday next 8 p. m. You are invited to be present.

Rev. Mr. Clews will leave on Saturday for a two weeks vacation.

There was quite a heavy electric storm on Tuesday evening in this vicinity. The lightning struck the wind mill at the corner of the home of Mr. and Mrs. E. T. Othoson, but no damage was done so far as we can learn.

Mrs. Herzog and two daughters and Mrs. McKnett and daughter, are visiting their sister, Mrs. George Johnson.

Mr. Wilbur Webb has returned to his home after a pleasant tip to Wilmington and Philadelphia.

Accidents.—Messrs. Biggs, of Gale's Wharf, and Jack Johnson, of Chestertown, were both severely injured, while working on barges on the Chesapeake & Delaware Canal for Messrs. Rasin & Sills last Friday. Both were injured in the same manner, but at different times. While coming into a wharf, they somehow became entangled with a rope that was being made fast, and the rope cut and lacerated both men severely about the legs.

Mr. Jack Johnson was taken to Elkton Hospital for treatment, while Mr. Biggs refused to go to the hospital in Delaware City and a doctor was secured who took eleven stitches in his leg to close the wound.

Typhoid Fever

How To Prevent Its Spread

ISSUED BY THE

State Board of Health

OF MARYLAND.

When TYPHOID FEVER appears in a family the source of the infection must be looked for in drinking water or food taken within the preceding twenty days The patient may not have been infected at home, but if a second case occurs this second infection will in all probability be traceable to the first patient. In a majority of instances the drinking water has become infected Your first business, therefore, is to find out the quality of your drinking water.

You can do this by asking your local health officer for instructions about shipping us samples of your drinking water. *The daily supply of drinking water should be boiled.*

The infectious material of typhoid fever is produced in but one way. It grows always in the bowels and some times in the bladder. It, therefore, escapes from the sick person in the stools and urine. If we kill the germs in the stools and urine as soon as they are passed, there can be no spread of typhoid fever. These discharges should, therefore, be disinfected as soon as possible. You will need a large quantity of a good disinfecting solution.

RECEIPT FOR A GOOD DISINFECTANT.

To four gallons of water add enough salt to make a strong brine. Put this in a five gallon demijohn or jug and add a quart of crude carbolic acid. Shake it up well and you will have a good disinfectant for stools and urine

The crude carbolic acid, known as U. S. P. 90 per cent., is very good, and a quart will cost about 50 cents. There is a cheaper grade, known as a 36 per cent. acid which is nearly as effective.

About a pint of this solution should be put in the champer or bed pan before it is used, so that the discharges will begin to be disinfected as soon as they leave the body. There must always be at least as much of the disinfecting solution as there is of the discharges, so that more of the disinfecting solution may need to be added after the discharges are passed. If the stools are thin and watery, their disinfection will be accomplished in half an hour or so; but if the stools are thick or formed very much more time will be required. On that account it is best to have a covered jar or bucket into which the bed pan can be emptied, and to empty this jar only once in 24 hours. If the discharges cannot finally be thrown into a sewer, they should be buried in the soil at a convenient spot where there is no chance of their fouling a water supply. The discharges should never be thrown upon the surface of the ground, for you will hardly be successful in killing all the typhoid bacilli, and you must not place them where those not killed by the acid may be blown about in the dust or carried away by flies to infect other people.

In spite of every precaution those who wait on the sick person will get their hands infected, and it is therefore necessary to wash the hands every time one does any service about the patient's bed or body. Whoever waits on the patient must not prepare food or drink for other persons in the house, or if it is impossible to mind this rule, one must most carefully and thoroughly cleanse the hands before performing any household duty outside the sick room Good scrubbing with soap, water and a brush, and then rinsing well in fresh water, will suffice for cleansing the hands

If anyone else in the house falls sick within two weeks after the first patient, the probability is that the infection was lodged before the precautions were taken in regard to drinking water and the disposal of discharges. But if the second case occurs more than 20 days after the first case, that will signify that we have made a mistake somewhere in our precautions.

DR. GEORGE H. JONES,
Secretary Local Board of Health of Kent County, Galena Md. a12-tf

NOTICE TO

Parents, Guardians and Others

WASHINGTON COLLEGE

NOTICE has been received by the Orphans' Court that Kent county is entitled to a beneficiary in Washington College, by virtue of the graduation of A. Leonard Leary, of Kent county, Maryland.

It is required that the applicant be at least 15 years of age, that he shall be able to read, write and spell well, and shall have completed English Grammar, History of Maryland and United States, Geography and Arithmetic, so as to devote himself to the collegiate course proper.

In compliance with the law, the Orphans' Court for Kent county hereby gives notice to parents, guardians and others who are disposed to avail themselves of this notice that on

Thursday, Aug. 17th, 1916

at 10.30 o'clock A. M., applications will be received by this Court. The applicants for this position must appear in person for examination by the Court. The condition of scholarship requires the successful applicant shall give bond to the Orphans' Court in the penalty of $50.00 to teach for two years in the public schools of the State, if required to do so by the School Commissioners of Kent county.

All applications must be filed on or before the day named with the Register of Wills.

By order of the Court,
ROBERT R. HILL,
jy1 tf Register of Wills.
