MARSHALL—MENDE

Miss Mary Louise Mende, daughter of Mr. and Mrs. Erich Mende, and Mr. John Albert arshall, Jr., son of Mr. and Mrs. John A. Marshall, of Cambridge, were married last Sunday at 3 o'clock at the home of the bride's grandparents, Mr. and Mrs. C. H. Seward, at 13 Locust street. The ceremony was performed by Rev. A. Y. Napier.

The home had been beautifully decorated with blue hydranges, white gladioli, asparagus fern and candelabras.

Immediately before the ceremony Mrs. John Groff sang, "I Love You Truly". The wedding music was played by Mrs. George N. Jones.

The bride was given in marriage by her brother, Mr. Seward Mende. She wore a gown of white marquisette with fitted bodice and full skirt over satin, her tulle veil falling from a coronet of seed pearls, trimmed with lilies of the valley. She carried a bouquet of white rose buds and baby breath.

Miss Margaret Mende was her sister's maid-of-honor and the only attendant. She wore pink marquisette and lace and carried blue delphiniums and pink roses. Mr. Meredith Marshall of Cambridge, was his brother's best man.

A reception followed for the two immediate families, at the home of the bride's grandparents, Mr. and Mrs. C. H. Seward, after which the newlyweds left on their wedding trip.

MRS. BENJ. F. MERRICK

ALL-NIGHT BLACKOUT IN DORCHESTER COUNTY

No general alarm was given for the all-night blackout which began Wednesday night at 9 o'clock, and was held in all Maryland counties.

At 9:30 the alarm was sounded for the total blackout, which lasted for about 30 minutes, when another signal was given.

The only exemptions from the general regulation was: lights over the bank vaults, post office vault, and bake shops, which were required to blackout only during the half-hour emergency period. Shipyards, packing plants and other factories working on defense orders were not required to blackout at all. These industries are operating under orders from the Quartercasters General Corps.

There was no general warning given at the start of the blackout and the public was asked to cooperate by checking their watches and clocks with radio time in order that they were blacked out promptly at 9 o'clock.

During the blackout, various "incidents" occurred which brought into use every branch of the civilian defense service, as well as military forces, to co-ordinate all forces in the State. As the blackout was State-wide, incidents reported to local headquarters from State headquarters and summonses and messages were sent to State headquarters from this county.

Except for the total blackout period, the street lights were kept on during the night.

CHINCOTEAGUE WILD PONY ROUNDUP TO BE HELD

The annual pony-penning and roundup will be held as usual this year, it has been announced by Mayor John W. Winder.

The annual affair had been threatened with cancellation because of the tire and gas shortage, but the mayor said it had been decided to go ahead, and that he believed it would be even more of a success than in recent years.

The mayor said it appeared that the demand for the wiry, wild ponies was increasing this year because of the transportation problem. The carnival usually held for the island's fire department has been called off, however, the mayor said, because it is an eveinng event and dimout regulations prevented the necessary lighting.

Farmers and fishermen, as in the past, will turn horse wranglers for a day or two before the thirtieth and search the salt marsh meadows of the coastal strip for the ponies. Some will be taken to Chincoteague in boats, while others will swim across the stretch of water from Assateague and Wallops Island.

For 1942—a Beautiful New

FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will *stay* good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is *big*—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, *but in every case the new is equal to or better than the old.*

If your family needs a new car, go see and drive this Ford. *For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.*
