For House of Representatives:
JESSE D. PRICE,
Of Wicomico.

THE railroad strike threatens to take place Monday. To the brotherhood the NEWS would advise, don't do it. To all parties, we suggest arbitration.

NOTIFIED TODAY

The Democratic National Committee will please accept our thanks for an invitation to attend the formal notification to President Woodrow Wilson of his renomination. The scene of the affair will be at Shadow Lawn, West End, Long Branch, N. J., this Saturday at four o'clock. A great gathering of Democrats from all over the United States will be seen and we regret not being able to be among the number. Everything now seems to indicate that President Wilson will be elected by a big majority and also Congressman Lewis as U. S. Senator and Congressman Price as Congressman from the First Maryland District.

TO ENFORCE CULL LAW

With a flourish of trumpets, beating of drums and waving of banners the Conservation Commission announces that when the oyster season opens in September the cull law will be strictly and rigidly enforced. Members of the commission frankly say that to enforce the law politics must be eliminated; that when the officers of the law enter one door the politicians must take an exit by another.

The Conservation Commission has expressed a determination that through the commander and deputy commanders of the oyster police force the cull law shall be most rigidly enforced.

CLEAN UP THE SCHOOL PREMISES

We want to call the attention of the mothers of the hundreds of little children who will be starting to school within a few days to the need of womarly inspection of the school house and premises. The school board, usually composed of "mere men," is apt to overlook some things that the eye of the mother and housewife would not let pass. The grounds and outhouses should be made decent and presentable—the grounds fit for playing on and the outhouses sanitary and clean. The condition of the latter is an everlasting disgrace to the majority of school districts. It is proper work for granges, women's clubs, etc, and work that is so often neglected by everybody.

Weeds should be cut, stumps and rocks in many instances removed; in fact the entire premises should be put in such condition as would inspire pride and respect in the heart of the child and supplant the indifferent carelessness he usually feels toward the unkempt and unkept school property.

EDITORS KENT NEWS—

Gentlemen: Rock Hall fully appreciates what Mr. Elmer E. Leary has done for the proposed road from Rock Hall to Chestertown, and having this road very much at heart has kept very close tabs on all that has been done.

We have perhaps been remiss in not giving public recognition to some of those working for us. Gov. Harrington has been active in our behalf for some time, as shown by the following letter:

JUNE 23rd, 1916.

Mr. D. R. Downey, Rock Hall, Md.

My Dear Sir: I beg to acknowledge receipt of yours of June 20th It would please me very much indeed to see the State road finished from Chestertown to Rock Hall, and I was of the opinion that was one of the roads laid down to be built.

I sincerely hope that your wishes may be gratified.

Very sincerely yours,
EMERSON C. HARRINGTON.

We have letters from the Governor dating as early as Feb. 24th, 1916 We also have letters from Hon. David J. Lewis and Hon. J. Charles Linthicum early in June.

The only petition sent to the State Roads Commission that we have knowledge of was circulated by Mr. William W. Beck, of Chestertown.

Yours very truly

DEMAND MILK RAISE

Shippers Ask Two-Cent Increase On Gallon—Harford, Carroll And Baltimore Countians Organize Permanently At The Rennert.

More than 1500 shippers of milk from Harford, Carroll and Baltimore counties gathered at Odd Fellows Hall Monday morning and drafted demands that they will lay before a committee composed of the leading retail dealers for an increase of 2 cents a gallon on their product. In these demands it is suggested that the retailer advance his price 1 cent a quart.

Following the issuance of these demands a permanent organization was formed of the shippers from the three counties to be known as the Maryland Dairymen's Association.

Secretary Wheeler read statistics which will be placed before the committee of the retailers to bear out their assertions that dairy farming is now conducted at a loss. The figures are as follows:

Cost Of Cow Yearly.

The cost of one cow per annum:

Labor at 15 cents an hour	$34.00
Delivery, 2 cents a can	6.00
Interest on cow building at 5 per cent	9.75
Depreciation on cow at 11 per cent	8 00
Veterinary services	2 50
Icing and cooling	5 50
Herd bull	3.20
Insurance	3.00
Equipment replacing	4.00
Feed	60.00

Making a total of $135 90. On the credit side is placed $15 for the sale of manure and $3 for sale of a calf, which leaves a debit of $117.95. According to statistics gathered by State Dairy Commissioner of Harford county, the average cow gives 5160 pounds of milk, or 600 gallons, per year, Selling at 18 cents a gallon, this would net the farmer $107.70 in Baltimore.

18 Cents A Gallon Now.

At present the average dairyman is receiving only 18 cents a gallon for his product and must, according to his figures, be losing $10 25 a year on each cow in his herd.

Despite these alleged losses, more than 100 farmers came to Baltimore to attend the meeting in their touring cars. Machines were banked along the curbing from Saratoga and Cathedral streets to Park avenue and from the same point to Mulberry street.

A lively debate ensued when the committee on drafting the demands announced that they were going to make a recommendation to the retailers to raise their price 1 cent a quart.

A shipper from Carroll county jumped to his feet and wanted to know why the retailer should receive an increase of 4 cents a gallon when the shipper will get only 2 cents.

Give Two To Gain One.

"Because the retailers are stubborn and holding out for the present scale," snapped one of the committee-men, "and we have to gain our point by allowing the other fellow two points."
