SHOPPING BY MAIL IS EASY

when you do your shopping at Baltimore's Best Store. A letter or post card stating your needs will bring you detailed descriptions and prices, as well as samples of materials, if you specify what you want.

The information you receive will be fresh and up to the minute. Styles change constantly, and this store keeps abreast of them, which is something that, of necessity, the house which issues a catalogue cannot do.

Your order, when received, will be filled by an experienced shopper—one who takes pride in giving her customers intelligent service. And, so far as is possible, the same young woman will fill all subsequent orders, so that the longer you deal here, the better you will be served.

We deliver purchases of any amount up to $5.00 free by Parcel Post within the limits of the first and second zones.

Purchases of $5.00 or over are delivered free by Parcel Post anywhere in the United States.

TOUR SCHEDULE READY

The complete schedule of the Home State Tour of Maryland Corn and Potato Club prize winners, to be held during the week of November 6 and a part, possibly all, of the following week, has been made public for the runs from Crisfield and Oakland to Baltimore.

The Home State Tour is to be given under the auspices of The Sun and the joint agricultural extension work of the Federal and State Governments. Twenty-five prize-winners from the Eastern Shore and some Southern Maryland counties will tour all of Western Maryland from Oakland to Baltimore, over the good roads system, and an equal number from Western Maryland and other Southern Maryland counties will have a similar trip through the Eastern Shore, from Crisfield to Baltimore, by way of Elkton and Conowingo. Reuben Brigham, in charge of Boys' Clubs for the State, will represent the agricultural interests on the Eastern Shore, trip, and Ralph F. McHenry newly appointed as his assistant, on the Western Maryland trip. A representative of the Sun will be on each trip.

To Be Citizens' Guests.

The boys, as previously announced, will be guests of the people of the communities through which they pass, in which committees have been actively at work arranging for entertainment and transportation. Automobile relays will convey the boys from point to point, and they will be entertained in homes of citizens, while special entertainments have been arranged, usually as an official recognition by the local authorities of the prize winners' accomplishments. The county agent in each case is the resident executive of the tour, representing the directors in conference with the various committees.

The Eastern Shore boys and those selected from Southern Maryland to accompany them will arrive in Baltimore Sunday, November 5, and proceed by train to Oakland on Monday. The other party will arrive in Baltimore on Monday and leave for Crisfield by boat at 5 30 o'clock that afternoon. When the boys have finished their trip and reach Baltimore, plans are being made for a royal reception here in connection with the Maryland Week Exhibition, at that time the attraction at the Fifth Regiment Armory.

The Western Shore boys will arrive in Chestertown from Centreville on Sunday, November 12, 5 p. m, and remain over night, leaving Monday at 11 a. m. for Cecilton and Elkton. The party will arrive in Baltimore at 10.30 a. m. Nov. 15th.

A meeting of the Kent County Committees will be held next month to make final arrangements for the entertainment of these Western Maryland prize winners.

THE TWO CANDIDATES FOR SENATOR

Dr. Joseph I. France, the Republican nominee for United tater Senator, is an amiable gentleman for good intentions, but one who in his public life in Maryland has never shown force, practical ability or the intensity of purpose which is an essential of the highest success in any field of effort.

David John Lewis, the Democratic, nominee, is noted particularly for those characteristics. With all kindness to the Republican candidate personally, it must yet be said that in all the qualities that go to make the useful public servant, he is immeasurably inferior to his opponent.

That is one reason why Dr. France should be defeated and Mr. Lewis elected.

Another is that Mr. Lewis' election will send to the Senate a man who will uphold President Wilson in all his efforts for the public welfare.

And a third is that his election will show that the Maryland electorate is not ungrateful and that when a man renders good service in office it is ready to maintain him there and to promote him when opportunity offers.

Any one of these reasons should be sufficient to influence independent voters to cast their ballots for Lewis when election day comes round. The three together should make him an irresistible candidate.—The Sun.

Good fishing has been enjoyed off Chester bridge the past week. Rev. T. F. Beauchamp caught the largest trout that has been caught off the bridge this year on Wednesday evening. The fish measured sixteen inches. Messrs. Jas. Bartley, Floyd Brown and Bates Hendrix had a good day's fishing one day this week, when they caught eight trout that averaged between four and five pounds, besides other smaller fish, off the Rocks. Mr. Bartley caught one trout that weighed nearly five pounds and a smaller one at the same time which is a somewhat unusual occurrence.

UPHOLD TAX BOARD

Court of Appeals Decides That Commission Can Proceed With Reassessment

The Court of Appeals Saturday handed down a lengthy decision, written by Judge Burke, in which the authority of the Tax Commission to conduct a general ressessment of property is upheld.

The question was before the court upon appeal from the Circuit Court for Frederick county, in which Judges Urner, Peter and Worthington had decided that the commission lacked authority, because the people in 1915 adopted an amendment to the State constitution providing for separate classifications of property for purposes of taxation, and the Legislature of 1916 failed to enact measures given the Tax Commission the machinery necessary to carry out the intent of the amendment.

Judge Burk's opinion stated that, while the Legislature alone could provide the classifications, and while the last Legislature failed to do that, "it does not follow as a result of its failure of duty in this respect that any valid laws relating to assessments may not be availed of for that purpose. The authorities appear to be uniform in support of the proposition that the failure of the Legislature to discharge a duty of the character imposed by this amendment leaves the valid and existing laws, not in conflict with any of its provisions, in full force and effect"

The Tax Commission immediately will complete its arrangements for the reassessment. Most of the machinery has been provided when the litigation arose, and very little will have to be done. The commission expects to complete its reassessment before cold weather sets in.

THE JAMES OLIVER No. 11 SULKY PLOW

By reason of its simple construction, light weight, easy draft, durability, and perfect work is

THE BEST PLOW YOU CAN BUY
SOME OF THE REASONS

The only sulky plow made with which you can turn either gas or haw equally well, leaving no hard spots, and avoid the necessity of plowing out corners.

It is the lightest draft riding plow made, due to the entire absence of landside friction and the even distribution of the load. The weight of the plow and driver is CARRIED instead of being DRAGGED along.

One share on the No. 11 will outlast four walking plow shares. It holds to the ground at all times, especially in dry weather. May be used with or without tongue. The turning and scouring qualities of the OLIVER PLOW BASES are unequalled.

Right after harvest you will be ready for your plow again. We have sold over 150 of No. 11 Oliver Sulky Plows within the last twelve months and will have what you may need for this Fall. Expecting another carload any day now
