PLAY SCORELESS GAME

Washington College And St. John's Figure in Hard-Fought Game.

Washington College and St. John's battled through a scoreless game here Saturday afternoon. It was one of the most vivid exhibitions of grit and fight that has been seen on Washington Field for a long time, the ball see-sawing up and down the field.

Carey Jarman, son of Dr. G. A. Jarman, of Chestertown, played halfback for St. John's and to his fine playing is due absolutely the fact that Washington did not win, as Jarman was in every play. Floyd Brown, another Chestertown boy, played a great game for Washington.

St. John's used straight football while Washington made several brilliant open plays. The feature play was made toward the end of the first quarter when F. Wallace threw a long forward pass to Cain, netting about 30 yards. The all-round playing of Brown also featured.

Brown kicked off, but St. John's was forced to punt. Here Washington got the jump, and a series of line plays and end-runs placed the ball on the 35-yard line, from which Brown barely missed a field goal. The ball again changed hands in the middle of the field and the quarter ended after the forward pass had placed the ball on the 20-yard line.

At the opening of the second quarter St. John's took the ball on downs and carried it to within one yard of a score but Plassnig fumbled. The half ended shortly after Brown had punted out of danger.

In the last quarter Washington had another chance to score. Darley fumbled Brown's punt. Schoenrich recovering, putting the ball on the 30 yard line. Brown dropped back for a drop kick, but a bad pass and fast work of St. John's tackles resulted in the kick being blocked.

Plassnig, Cook and Darley played best for St. John's, while W. Wallace, F. Wallace, Frampton, Cain, Schelberg and Brown showed up well for Washington. Line-up:

KENT COUNTY MILK PRODUCERS ORGANIZING

A movement is well under way to combine in one organization all of the regions that supply milk to the Philadelphia city market. The plan of organization is as follows:

A central association is formed in each county and local associations in such territory as may be desirable or necessary to include all milk producers of the county. Each local association elects one county committeeman for each 25 members or major portion thereof, and this committee is the executive body of the county association. Then each County Association elects one member of the Executive Committee of the "Inter-State Milk Producers Association."

Six counties of Pennsylvania, two counties of New Jersey, and two counties of Maryland are well organized. We have a county association and four local associations in Kent, and expect to organize two more local associations within a few days.

Nearly a hundred interested dairymen were present at a meeting at Kennedyville Monday night. They elected Mr. E. A. Corey as county delegate to the Inter-State Asso. We expect all of the county delegetes and the old Inter-State Com. to meet the Philadelphia dealers in a short time and demand a better price for milk.

We wish to double our Kent county membership by the last of next week. All of those who wish to join should get in touch with one of the following men: Clifton L. Jarrell, Secty., at Chestertown; Lester M. Carter, Secty., at Worton; Harry S. Redmile, Secty, at Kennedyville; Herbert Ford, Secty, at Blacks; W. H. Woodall, Secty., at Galena, or County Agent Burrell.

Mr. Watson, like thousands of other merchants, is saving moremoney by using a VIM. He writes in part as follows:

"Gentlemen:—I formerly employed a number of horses and wagons but I am now making my deliveries with one VIM Truck. I should say it will easily do the work of two horse and wagon outfits, and costs about the same as one horse and wagon."
THOMAS WATSON, 324 N. 13th Street.

Mr. Watson is covering more territory, making more sales, developing more new business because he has a VIM.
