THE STORE WITH A SMILE

No, the store itself does not smile, but everybody in it does.

We have here a Store Family of nearly 1400 contented, happy people. Contented, because they are receiving a fair compensation for their service — a compensation which they themselves regulate in proportion to their own effort and efficiency.

Happy, because they are fairly treated, and because their only concern is to see that every customer is given courteous, honest, helpful service.

It is a store which you will like to visit — not the cold, awe-inspiring business machine which many department stores are, but a human store — a store with a personality — an organization of nearly 1400 souls with but the single purpose of serving you well — and smilingly.

Hochschild, Kohn & Co.

HOSIERY

We are, as we have always been headquarters for hose. We have children's hose, the best that money can buy, for 15c per pair, or 2 pairs for 25c. They are hard to tell from the regular 25c a pair quality. We have a special grade of ladies hose, medium weight and great wearers, at 3 pairs for $1.00.

CORSETS

The best advertisement on earth that a man can have is a satisfied customer. A lady whoever puts on a pair of Bon Ton or Royal Worcester Corsets is certainly satisfied and comfortable and she tells her friends and neighbors. That's the cause of our immense sale.

GROCERIES

This is the season of the year for parties and when giving one you always want nice things to eat. We have the best at all times. Why pay a high price for second grade goods when you can get the best here.

We use coffee as our leader. We have a special grade of coffee which are selling at 20c a pound and which cannot be duplicated at any other store for less than 25c a pound. Our 28c quality, our customers say, is as good as they are used to paying 35c a pound for. Try a pound, and if not satisfied no charge will be made for it.

Soliciting a trial to convince you am yours for business.

THANKSGIVING NOVEMBER 30

President Wilson has designated Thursday, November 30, as Thanksgiving Day. The same day will according to custom, be designated by the Governors of the several States. The President's proclamation follows:

"The year that has elapsed since we last observed our day of Thanksgiving has been rich in blessings to us as a people but the whole face of the world has been darkened by war. In the midst of our peace and happiness, our thoughts dwell with painful disquiet upon the struggles and sufferings of the nations at war and of the peoples upon whom war has brought disaster without choice or possibility of escape on their part. We cannot think of our own happiness without thinking of their pitifull distress.

"Now, therefore I, Woodrow Wilson President of the United States of America, do appoint Thursday, the 30th, of November, as a day of national thanksgiving and prayer and urge and advise the people to resort to their several places of worship on that day to render thanks to Almighty Ged for the blessings of peace and unbroken prosperity which He has bestowed upon our beloved country in such unstinted measure.

"And I also urge and suggest our duty in this our day of peace and abundance to think in deep sympathy of the stricken peoples of the world upon whom the curse and terror of war has so pitilessly fallen and to contribute out of our abundant means to the relief of their measure.

"Our people could in no better way show their real attitude toward the present struggle of the nations than by contributing out of their abundance to the relief of the suffering which war has brought in its train."

CORN CLUB CONTEST

The Records of All Kent Boys—The Method of Judging As Set By The Department of Agriculture.

In order that the people of Kent may understand the exact method used in judging the recent corn growing contest, the NEWS has procured the following rules as laid down by the Department of Agriculture. It was used in the county and State competitions at the annual conference of Maryland County Demonstration Agents, January 20, 1916:

1. Yield, 30 points.

Allow the full 30 points for the highest yield in the county as the standard in yield. Then on the basis of this highest yield figure how many bushels are equivalent to one point. For example, suppose the highest yield is 90 bushels. Divide 90 bushels by 30 and you will have 3 bushels, equivalent to one point. The boy who has 75 bushels will score 25 points.

2. Profit based on cost of production, 30 points.

This should be figured out fractionally. Suppose the cost of production varies from 15 to 60 cents per bushel. This being the case, the boy whose cost of production is 15 cents will be graded the full 30 points allowed. The boy whose cost of production is 45 cents will grade 15 45 of 30 or 10 points.

3. Exhibit of ten best ears, 20 points.

Out of ten points allowed for exhibit, allow 10 points as compensation to the boy for his efforts in selecting and making his exhibit. Allow the boy winning first place 20 points, and each boy in turn below him, one point less than the preceding one until 10 points is reached. Then, the boy winning fourth place will score 17 points.

4. History of the crop, 20 points.

Emphasis should be laid upon the power of observation which the boy shows and his ability to give an accurate description of how he grew his crop. Whether or not his history is written in the best essay form and in superior English is of secondary consideration. Out of the 20 points allowed, give 15 points to the boy who includes in his history an accurate expense account and answers all questions in the record book in an intelligent manner. The remaining five points allow for the ability of the boy to give a clear, vivid and attractive account of how he grew his crop, reasons why he succeeded or failed, etc.

TWO MEN HURT IN ACCIDENT

A telegram from Townsend, Del., dated Tuesday, says: "An automobile driven by James Moore, of Snow Hill, Md., was overturned on the Galena turnpike near Lambson, Md., late this afternoon and the two occupants of the car were hurt seriously. The accident happened just as Mr. Moore was turning what is known as the Long Corner. The other occupant of the car was William Purnell, also of Snow Hill. He was hurt worse than Mr. Moore, as he was thrown through the wind shield. He received several bad cuts and bruises on the face and chest. Mr. Moore is suffering with a fractured finger and very bad lacerations of the right leg.

The two men had been to Philadelphia today where they purchasd a new touring car. They were on their way to Salisbury, Md., where they intended staying all night. The car was completely demolished. When it overturned, by the bursting of the right front tire, witnesses who saw the accident say they were running at least thirty miles an hour around the corner. The injured men were sent to their homes on the late express this evening.

MOTHER'S REMEDY FOR BRUISES

Children's Bumps, Sprains and Minor Hurts Quickly Relieved By Sloan's Liniment.

It is the very nature of children to hurt themselves—to come crying to mother with little fingers bruised, with heads bumped, with sprained ankles and wrists.

They are painful hurts, too. But their pain and sting can't survive the gentle use of this liniment. A single application of Sloan's Liniment and—the little fellow's bravely kept back tears give way to smiles. His hurt is relieved.

In every home where there are children a bottle of Sloan's Liniment is a necessity.

Aching muscles, rheumatism, lumbago, stiff neck, backache, chilblains, etc, can be effectively relieved with Sloan's Liniment. Cleaner than mussy ointments or plasters.

Sloan's Liniment can be obtained at all drug stores, 25c, 50c, and $1.00.

Sloan's Liniment KILLS PAIN
