New Waste Paper Drive Now On

County schools will participate in the National Waste Paper Program between November 8 and November 15 inclusive.

A radio promotion will be in the form of a contest as follows:

"Every pupil in the United States will be asked to collect waste paper between November 8th and November 15th and the school which collects the largest amount per pupil will be honored with the "Truth or Consequences" program broadcast from their school."

The award will consist of a regular network broadcast of "truth or consequences" being made from the winning school or from some auditorium in the town in which the school is located, if the school does not have proper facilities.

The award will be made to the school collecting the most pounds of paper per student.

All entries must be postmarked before midnight Nov. 15, which means each school must finish its collection, have the paper all weighed and make its report to the County Chairman in time for the entries to be in the County Post Office before midnight of this date.

Interested citizens could help a school in the county to win this National recognition by taking their waste paper to a school.

O'CONOR RECALLS PLEDGE TO CURB REALTY TAX

Governor O'Conor yesterday recalled in connection with the action of the Board of Public Works making only fifty per cent of the tax on 1943 incomes collectable that he had pledged, if possible to abandon the State levy on real estate.

Some eighteen other States in the nation already have abandoned their levies on real property and turned this source of income over to their political subdivisions. He said it was his aim to abolish the real estate tax nearly two and a half years ago.
