To the Public

Having sold my interest in the Kennedyville Garage, Kennedyville, Md., to Mr. W. W. Clendaniel, Kennedyville, Md. I take this means of thanking my patrons and friends for their loyal support given me while in the automobile business. I hope you will favor my successor, as I am sure he will appreciate any business that can be thrown his way and I feel confident that Mr. Clendaniel, will take care of his patrons in a very satisfactory manner.

Very truly yours,

Clover Seed

Our first shipment of Clover, Alsyke and Timothy for this season arrived this week. We think the seed are as fine as we ever had to offer. The market has been steadily advancing and if the demand continues the price will go still higher. Our prices now are lower than if we had to buy to-day. We think that those who place orders now for future delivery will not regret it, as all indications point to further advances. This year's crop is only 64% of a normal crop, and much seed is being exported, which is making the demand on this country very heavy.

Come in and see the seed, as they are in the sack.

Money Talks

To be sure money talks, especially money that is actively employed. Money that is idle is money asleep, and money doesn't talk in its sleep.

The place for money is in a reliable bank like ours, safe but subject to check. Hoarding money takes it out of circulation, and it is constantly liable to be lost. Money on deposit talks and the things it says to you are "security comfort, satisfaction." We invite you to open an account at the

Letter From Lieu'. J. T. Kibler

SOMEWHERE IN FRANCE,
Tuesday, Jan. 1st, 1918.

This is the first day of the New Year and it is a holiday for us, so we are resting up for a good start in the morning. I am getting along fine and like my work, but they sure keep us on the jump. Sorry I can't tell you something about the country—it is a wonderful old place. Have been all over it, also have been on the front; very exciting, indeed. We are in a big game, and I am afraid the people in the States are a little slow in realizing it. The weather is very cold and damp here; have lots of snow and it is awful hard to keep dry. I guess you all are having a big time this winter. Just wait until I get back, I will sure have a time. Spent my Xmas with my Captain in the New York of France; certainly had a big time for a few days. Remember me to all and have a good time. Will close, wishing you all the good luck in the world.

A letter from Capt. Robert J. Gill, of the 119th Mortar Battery, now "somewhere in France," says that the "boys" had a lively Christmas. Boxes sent from Baltimore and turkeys did not arrive, but are looked for later. An athletic carnival and concert was given on Christmas day. He says that it was a "white" Christmas and very cold.

Mr. Arlie Sparks has received a letter from his son, Irving, who is "somewhere in France." He says that he was detained for a week on a steamer until their barracks were completed. On the way over one of their number was washed off the boat by a big wave and brought back again by the next one. His only injury was a wound of the head.

As a means of further aiding the food conservation plan, the Maryland Council of Defense is in receipt of a communication from the National Council at Washington requesting the people of Maryland to discontinue the practice of sending foodstuffs to the soldiers in the training camps. Two specific reasons are given for this action. First, that in many cases the practice results in the waste of food because the soldiers are amply provided with food by the government; and second, that on account of the heated condition of the express or mail cars in which the food is carried much of it becomes spoiled and injurious to the men.

Thirteen French soldiers with guns, from France, arrived last week at the Aberdeen Proving Grounds to test the American ammunition. They came direct from the trenches and will teach the boys the French method of warfare.
