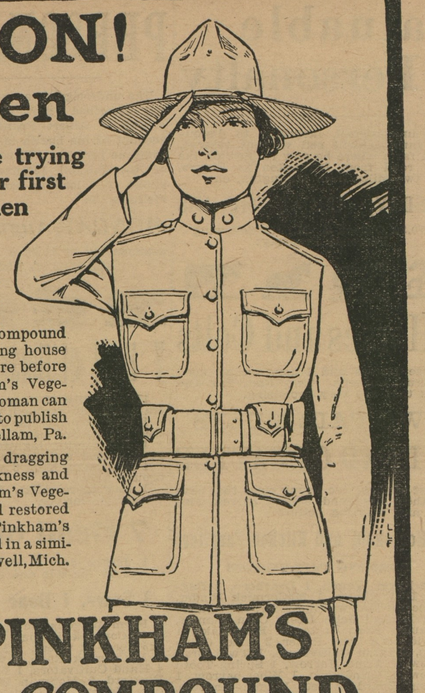
ATTENTION! Sick Women



To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—MRS. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—MRS. ELISE HEIM, R. No. 6, Box 83, Lowell, Mich.

Why Not Try

CHAPTER OF ACCIDENTS

James Dixon, the eleven-year-old son of Arthur Dixon, colored, was dragged to death on Monday on the farm of Benjamin Crew, near Still Pond. The unfortunate little boy was riding a horse in from the field, when he fell off, his feet becoming entangled in the harness. Coroner Dr. H. L. Dodd deemed an inquest unnecessary, and undertaker Krusen prepared the body for burial.

Frank Ivens, overseer of the College Farm, at Ardmore, Pa., and son of Mrs. S. A. Ivens, of Chestertown, was painfully injured and had two ribs broken by being gored by a 1800-pound bull on Friday last. The arrival of assistance is the only thing that saved Mr. Ivens' life. He was rushed to the hospital and at this writing is doing as well as can be expected.

The motor truck owned by Contractor Walter T. Pippin, was run into by an automobile and upset on Friday last between Chestertown and Galena. The occupants consisting of Walter T. Pippin, Sr., Cyrus G. Howard, Robert Pippin and Isador Sachs were thrown to the ground, and were considerably bruised and shaken up. Mr. Smith of the Noland Motor Company brought them to town.

Mr. and Mrs. W. O. Bringman and a little girl friend were enroute from Chester to Rock Hall on the 20th instant when in trying to make room for some government vans, their car struck a curb concealed by grass and the party was so shaken and bruised it was best for them to return to their homes. They are now so far recovering from the effects as to be about their usual affairs.

Dr. J. H. Kelley spent several days this week with Mr. and Mrs. E. G. Thelin, in Baltimore.

SALE OF REAL ESTATE

The Eastern Maryland Live Stock Company, of Pennsylvania, through their representative, W. J. Stewart, secretary, has purchased the fine farm of Alfred Green, and expect to close a deal next week for the Indiantown farm of Mrs. Mary Kerr Emory, in addition to which they are considering several other water front farms in the same locality. Both the Green and Indiantown farms are most beautiful water situation on Chester river. The former contains about 200 acres, and the latter about the same. This is the same company which purchased W. Irving Walker's lands.

About one hundred prominent citizens and businessmen of Queen Anne's county have purchased the Nash farm situate on Chester river and Piney creek on Kent Island from Walter T. Wright, of Centreville and will convert it into a country club. This farm has a frontage of one mile and ahalf is noted for its fine bathing and duck shooting. It will afford much pleasure and recreation to its members the year round and will be known as the Beach Ducking and Country Club.

Have You a Manure Pile?

If you have, get it out on your fields where it will do some good. No, not with a wagon. You waste a full third of it if you do it that way, and you have a hard, dirty, disagreeable job besides. The easy way is the paying way. Get a Low Corn King spreader that will tear the manure into small pieces, discharge its load in four to seven minutes, and spread it in an even coat over the entire surface of the ground. That's the way to use stable manure. Then you can depend upon an increase of crop yields without having to plant more acreage than you can care for. Look at the present prices of farm produce. Raise all you can. Buy and use a

Low Corn King Manure Spreader

Wheels just the right distance apart, and spread wide enough to top dress three rows of corn at once. Three sizes—small, medium and large. All narrow boxes. All steel frames with working parts of the spreader securely attached to the frame. Turns short. Drive from both rear wheels. Return apron driven by worm gear which insures even spreading up hill and down. Pull comes straight on steel frame. Solid two-inch rear axle working in roller bearings carries seventy-five per cent of the load. All-steel beater cannot warp, shrink or rot. Built up to International Harvester standards of quality in every respect.

Buy a Corn King spreader and use it. The increased yield from a few acres will pay for your spreader this year. Come in and place your order now.
