TYDINGS APPEARS IN MARCH OF TIME

Senator Millard E. Tydings recently headed a U. S. Government mission to the Philippines to report on conditions. He is featured, with his committee's findings, in the latest March of Time, "18 Million Orphans."

Members of the Philippine Government are shown with Maryland's senior senator. His committee recommends that an outright gift of one million dollars be made as well as continued tariff concessions. Also prominently displayed in the film is General Douglas MacArthur and his former assistant, Major (now General) Dwight Eisenhower.

LADIES' HOSE IS SCARCE

Ladies report that good quality hose are very scarce in Easton, excepting in the larger sizes. Original promises of an adequate supply of nylons before Christmas seem not to be well founded. However, one possible bright spot on the horizon is a reduction of 25 percent in price of nylon effective in the near future. This may mean more reasonably priced hose when they do arrive.

PEACE TRAINING SEEN FACING DIFFICULT ROAD

A difficult and doubtful future lay ahead today for universal military training legislation which survived its first test by a three-vote margin.

The 15 to 12 House Military Affairs Committee decision that left the way open for Gen. Dwight D. Eisenhower to testify on the subject tomorrow provided an indication of likely trouble ahead.

Also, Committee members who backed yesterday's defeated motion to halt further consideration until next year said they plan to concentrate henceforth on efforts to revise the contemplated program.

Some favor expansion of the Reserve Officers Training Corps and the National Guard training programs to provide every youth an opportunity to become skilled in military arts.

CANCER CLINIC

O'CONORS TO MARKS 25th WEDDING ANNIVERSARY

The O'Conors were married November 24, 1920, at S. S. Philip and James' Church in Baltimore. The Rt. Rev. Msgr. Hugh J. Monaghan, rector of St. Ambrose's Church in Baltimore, who performed the ceremony, will attend the anniversary.

Factory versus Farm: A Draw

Mel Bates and Jud Polk were arguing the other day about the factory versus the farm. Jud has a job in the tool works and Mel grows the best corn in the county.

"Where would you farmers be," Jud says, "if it weren't for the factories that make your plows and tractors?"

"And where would you factory workers be," says Mel, "unless we farmers grew the food that keeps you going?"

Well, they called it a draw, and made peace over a glass of beer, "brewed from golden farmer's grain," allows Jud, "... and bottled and kept wholesome by the ingenuity of industry," Mel adds politely.

From where I sit, we may have different occupations, different standards, different opinions ... but we're all necessary to one another. And the more we skip the differences, and stress the bigger issues of co-operation, tolerance, and understanding ... the closer we are to a better world.
