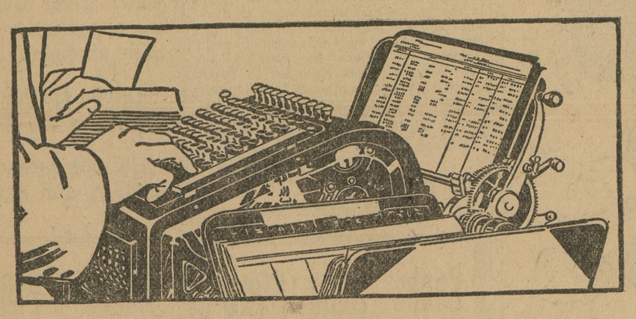
VOL. 79. CHESTERTOWN, MARYLAND, DECEMBER 28, 1918. NO. 32



## Good Bookkeeping

Neat and careful bookkeeping is just as necessary for the protection of your money on deposit with us as is a modern burglar-proof safe, and in this connection we are pleased to say that our re-enforced concrete vault, with its hard steel lining, is a marvel of strength and beauty.

The Burroughs Bookkeeping Machine which we have recently installed handles our figure work with absolute accuracy.

The operator feeds the figures into the machine, which makes all additions and subtractions *automatically*. A completely posted ledger sheet, or depositor's statement, with every item printed in the proper column, comes out.

An absolute and automatic proof of every entry is given by the machine method. There is no danger of a mistake being made in your account handled by this Ledger Posting Machine.

Besides affording this accuracy insurance to you and to us, the Burroughs handles our figure work in muchless time than was formerly needed. This gives us time to do other things—to improve our service to customers in every department of the bank.

Come in, any time, and see the Bookkeeping Machine at work.

## Powermaker

As simple as A B C—as strong as iron and the best grade steel can make it—more easily handled than any other piece of farm machinery — less wearing on your car and tires than an ordinary 25-mile-an-hour spin—and capable of more work per day than six good men—that is the

POWERMAKER

It weighs only 110 pounds and can be handled easily by one man.

Your car and a POWERMAKER give you a portable power plant for all kinds of farm work.

The cost is low. Think of it—with your Car and the Powermaker you have an outfit that will do any job up to 10-horse power.

The price of the POWERMAKER is only

**$37.50**

We sold one the day it was demonstrated to us. Our own opinion is that it is the most practical tool that has yet been devised to be used with a car to furnish power for other work.

Don't wait until the day you wish to use it, as our supply is limited and we expect the first lot to go quick.

## STEAMBOAT SERVICE CUT

To the great surrprise of the people of Chestertown and to the aggravation especially of the citizens of Rock Hall the Md., Del. & Va. R. R. will cut their service on and after this week to one trip a week. The Arundel will arrive at Chestertown every Thursday and return Friday. There will be seven of this line retired during the winter. This schedule will be continued until March 1st.

The Star-Democrat, of Easton, says "Another instance of B., C. & A. R. R. disregard for the public interest is noted in the announcement that on and after December 26 the steamer service from Easton Point to Baltimore will be cut to only three nights a week. This announcement created general indignation when made and will be met with a vigorous protest by the business men of the town and the traveling public generally. This further reduction in an already wretched service will still further drive the business men to deal in Philadelphia."

## JOHN T. BROWN, KILLED

**An Unfortunate Accident On High Street, Chestertown, Christmas Eve —An Automobile Driven By A Careful Driver Fails To See The Man In The Mist.**

John T. Brown, a well-known citizen of Chestertown, while about to cross High street near Bordley's Corner at 6.30 p. m. Tuesday was accidentally struck by an automobile and killed almost instantly. In the automobile were Mrs. W. F. Jarrell and Mrs. Daisy Patrick Mietzach. They state that owing to the mist and rain and having seen three soldiers frolicking in the middle of the road the machine had been slowed down and steered well to the right. The horn was blown and the lights were burning Mr. Brown being deaf did not hear it and an umbrella held over his head prevented him seeing the auto. The ladies did not know they had hit a man until his umbrella hit their wind shield. Mrs. Jarrell drove quickly for Dr. Simpers, who came, but in vain, as Mr. Brown died in a few minutes after being taken to Toulson's drug store. Mrs. Jarrell and her companion were very much worried over the sad event and regret very much the sad accident but a score or more of witnesses state that is was unavoidable and purely accidental.

The deceased was 75 years of age and one of the most industrious men in this town. His father was killed on the railroad when the deceased was a small boy. He lived for a number of years with Mrs. Wickes, but for many years has been working in Chestertown at the college, court house and more recently was the faithful janitor at the postoffice and Chestertown Bank of Maryland. He leaves a widow, who was a Miss Tharp, and beloved helpmate. The funeral took place Thursday, interment at Chester Cemetery, Rev. T. F. Beauchamp offiating. The bearers were Allan A. Harris, Fred. G. Usilton, W. H. Waddell, Frank Elburn, Thomas White, Henry Hughes; C. L. Dodd, undertaker.

**William Wells, of Rock Hall, was killed on the streets of Baltimore Monday by a big truck.
