NEW AIRPLANE TO BE CHRISTENED SAT., MAY 18

Chesapeake Airways officials are now formulating plans for the christening of their second large Shoreliner, the Choptank, at the Easton Municipal Airport on Saturday, May 18.

"Choptank" was one of the prize winning names selected for the 23-passenger Shoreliners operated by the airline between Salisbury, Easton and Baltimore. The flagship, which has been in operation since April 5, was christened the "Wicomico."

Officials said plans were not far enough along for a complete listing of the program but that present indications were the ceremonies would equal, if not surpass, those at Salisbury last month. At that time, over 4000 persons attended.

Besides a number of high placed local and state officials, a large number of high ranking army officers are expected. There is the possibility of having the wife of a famous general christen the ship. Airline officials stated that the attendance of out-of-state visitors will do much to bring the Eastern Shore of Maryland before the eyes of the nation.

One band has already volunteered to assist at the ceremonies and others are expected to follow suit in the near future.

Plans were made to christen the Choptank in Easton as soon as it was determined that the name of the famous river had been selected as the name of one of the airplanes used by Chesapeake Airways.

TALBOT MAN BUYS FIVE PERCHERON HORSES

A. Alton Jones, Easton, recently purchased five pure-bred Percheron horses from Hiriam Winteritz, Jr., the famous breeder from Dowington, Pa. Four of the horses are mares. Nerva, Georgia D., Jocelyn Degas and El Laet. All trace from most illustrious bloodlines, and Nerva, an imported Percheron, is very well known in her own right, as Grand Champion Mare of the last two Chicago International Expositions.

The fifth horse purchased is the stallion Walter Degas, of the famous Degas line.

Percherons, which is most locations retired from the show-ring for the duration of the war, will be back at all the state and county fairs, this year. The National Perchoron Show is scheduled for the first week in Septemmber, in Indianapolis, in conjunction with the Indiana State Fair. Mr. Jones with these excellent additions to his herd, will undoubtedly be the possessor of champions at every fair in which he shows.

LEND-LEASE GRAIN SAID TO BE USED FOR IMPORTED BEER

The possibility of further curtailment of all grains for use in the brewing industry in September was presented to the 500 delegates attending the concluding session of the Eastern regional conference of the National Beer Wholesalers Association at Atlantic City, by the group's president, William T. Maybury of Bangor, Maine.

Mr. Maybury said a survey of Government agencies in Washington conducted recently by the association indicated no easing of the grain restriction order before September 1.

"As a matter of fact," he added, "there is a trend toward further curtailment."

Inevitable results, he said, were a tight summer supply of beer with the black market running rampant, and renewed agitation by the drys and other agencies to achieve prohibition by decree.

THE OLD JUDGE SAYS...

ART: "Saw you at the movies last night, Judge. That was quite a weekend that alcoholic went through, wasn't it?"

OLD JUDGE: "Sure was, but I'm afraid most people won't really understand it."

ART: "What do you mean, Judge?"

OLD JUDGE: "Simply this. That poor chap was really a sick man...not just a drunk. Studies by famous psychiatrists and the medical profession show that alcoholism is *not caused* by a craving for alcohol...it is usually the result of some deep-rooted social, physical or emotional condition. If that fellow had not turned to alcohol for escape, he would have turned to something else."

ART: "Are there many that get in that condition, Judge?"

OLD JUDGE: "Fortunately not, Art. Scientists at a great university have stated that approximately 95% of the people who drink do so sensibly. Only 5% are immoderate at times. In that 5% is the small number known as alcoholics. And the beverage distilling industry which does not want a single person to use its product immoderately, is cooperating fully in the solution of this problem."

So glad you're back...Have a Coca-Cola

...or offering a soldier the comforts of home

HOME! There's no place like it. And nobody knows it better than a fighting man back on furlough. Ice-cold Coca-Cola is one of the comforts of home everybody welcomes. That's why frosty bottles of Coke belong in your home refrigerator. At the words *Have a Coke,* refreshment joins the party to make it gayer, brighter. The good old American custom of *the pause that refreshes* is spreading in many lands around the globe,—a symbol of our friendly home-ways.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke.
