PENINSULA EDITORS IN ANNUAL SESSION

Maryland Organization Being Entertained By Del-Mar-Via Association At Hotel DuPont, Wilmington.

With a view to improving newspaper conditions in particular and general conditions in general, thruout the Peninsula, editors from all over that territory held a meeting Saturday at the Hotel du Pont, the occasion being the annual meetings of the Del-Mar-Via Press Association and the Maryland Editorial Association. The members of the latter were guests of the former. Preliminary to a social gathering of the members of these two organizations, each held its businesss meeting in Parlors A and B of the hotel, after which a tempting luncheon was served, at which matters of interest were discussed.

Following the presentation of reports for the past year, the Del-Mar-Via Association re-elected the retiring officers, as follows: President, S. E. Shanahan, of Easton; vice-president, George Carter, of Wilmington; secretary-treasurer, William F. Metten, of Wilmington; executive committee, Col. Theodore Townsend, of Milford; Everett C. Johnson, of Newark, and Fred. G. Usilton, of Chestertown.

President John E. Raine, of the Maryland Association, was ill and unable to be present. That organization, at its annual meeting, elected the following officers: President, Leo. G. Moore, of Havre de Grace; vice-presidents, William D. Bratton, of Elkton, and George T. Melvin, of Annapolis; secretary and treasurer, W. G. McCombs, of Havre de Grace. The president will select the executive committee.

Buying Power of Peninsula.

At the meeting of the Del-Mar-Via Association George Carter, chairman of the committee appointed a year ago to make a business survey of the peninsula, reported that the war had interferred with the efforts to obtain the necessary data, but as the war is over, it is hoped that the data can be obtained now, therefore, at his suggestion, the committee was continued, with the hope of accomplishing the purpose for which it was appointed.

The chief object, after the data is obtained, is to spread the information broadcast throughout the business world in this part of the country, so as to prove beneficial to the outside world, as well as to the peninsula, which has large buying power.

Favor Road Protection.

The business meetings of the two associations were followed by a round table discussion, during which, it was decided to memorialize the Delaware Legislature at the present session and the Maryland Legislature at the next session to take action that will protect the roads of the two States in regard to truck tonnage.

Fred. G. Usilton brought up the matter of advertising rates, based on circulation, and on motion of Mr. Williams, the following committee was appointed to consider the matter and report at the next meeting: President Shanahan and Messrs. Usilton, Dunn, Brewington and Theodore Townsend.

Mr. Johnson discussed newspaper ideas and Mr. Saylor advocated the continuance of high wages.

Mr. Brewington told of the success of his plan of requiring payment for subscription, the Wicomico News of Salisbury, in advance, stating that out of a circulation of 3,200 a year ago, when the plan was adopted, there had been a loss of only 127. The plan is to send periodical statements to the subscribers, keeping them informed and urging them to renew subscriptions.

Among the guests at the luncheon were Dr. Caleb R. Layton, of Georgetown, who has been elected to Congress, and A. A. Christian, manager of the Philadelphia store of Gimbel Brothers, who is an Eastern Shore man, being a native of Greensboro.

Dr. Layton gave an interesting talk on the necessity for draining the roads and lowlands in lower Delaware. He placed emphasis on the necessity for having roads—particularly the new ones—properly drained, pointing out that they will not hold up if they are not drained. He also told of the thousands of acres of lowland in Sussex county that can be reclaimed if they are drained.

Dr. Layton advocated the enactment, by the Delaware Legislature, at the present session, of a law creating adrainage commission, to work in conjunction with the State Highway Commission, so that road drainage and road building can go hand in hand. He stated that he had found much sentiment in that behalf and practical men who have given the matter thought and convinced that road building will serve its purpose only if there is road drainage. He favors the appointment of a commission of three representative men who are willing to give their services without pay, through patriotic motives.

The proposition received the indorsement of the editors.

The State Highway Commission, according to Chief Engineer Upham, has expressed a willingness to co-operate and to furnishing the necessary engineering help, realizing the importance of the drainage of roads.

Mr. Christian discussed newspaper advertising and also talked about the Eastern Shore, which he considers the garden spot of the world. He complimented the editors on their efforts to develop that section and predicted a bright future for it.

The editors were also addressed by Manager Taite of the hotel, who expressed pleasure at having them visit Wilmington and the hotel.

The February Sale of Fine Furniture Will Begin Next Saturday at Megary's

A Megary February Sale means more than an ordinary furniture sale.

FIRST—In the immensity of the stock offered, the variety of woods, finishes, designs and prices.

SECONDLY—In the quality of the merchandise—not sale goods, but our own regular Megary standard stock, and

THIRDLY—In the genuineness of the reductions.

Here is over three hundred thousand dollars' worth of fine home furnishings, covering seventy thousand square feet of show space. Here are complete stocks of furniture, floor coverings, draperies and glassware, the biggest stock of its kind in the State.

And this entire stock—with a few exceptions, is offered during this month of February at attractive prices. The reductions are not less than ten per cent, and in many cases you can save as much as one-half.

But more important still is the firm behind this sale—"Megary."

For over fifty years we have helped furnish and beautify many homes.

And during these years we have learned many things.

We know that good furniture, dependable, durable, with life long service built into it is after all, the only kind to sell.

We know that courtesy, honesty and service mean much more than price [illegible]

We know that a satisfied customer is the one we want and our ledgers, showing accounts of ten, twenty, even thirty years' continuous patronage, proves we are right.

Now that the tension and uncertainty of the past months is over we think instinctively of home and its proper furnishings.

The Megary February Sale offers you the opportunity of furnishing your home either complete or any part of it at worth while savings.

Stocks are now ready awaiting your selections. Sale and deliveries date from February first.

And remember, the early buyer will necessarily have the widest choice. Therefore come early in the month.
