Isn't it about time that the Democratic party give more attention to men's opinions of a different type than that of Mahon, Kelley, Loden and others? The papers are continually speaking of candidates being acceptable to Mahon or Kelley or some other such character.

If the masses were consulted rather than these men who make a business of politics the party would more often win and the people get better officials and more just legislation.

TO THE DEMOCRATS OF KENT

It must be very gratifying to all Democrats in Kent to know there is a strong sentiment in favor of uniting the factions, and every effort is being made towards the election of Democrats to the Judicial, County and State Offices this fall.

It is suggested that the whole Democratic party nominate a ticket upon the following basis:

Let the Organization name an acceptable man for the Senate and the Anti-Organization name an acceptable man for the Legislature and the Organization a similar man for the Legislature. To let the Organization name one of the County Commissioners and the Anti-Organization the other one, each being acceptable men. The Anti-Organization to name the Sheriff and the Organization the Treasurer. The Organization to name two acceptable men for the Orphans' Court and for the State Central Committee, and the Anti-Organization to name one acceptable man for the Orphans' Court and one member for the State Central Committee. The delegates to the State Convention can be decided upon later.

Every Democrat, irrespective of factions should do every thing in his power to elect a full Democratic ticket this Fall.
