ROCK HALL

Pastor Smoot gave a small congregation on Sunday morning an interesting short sermon on true yoke fellowship in Christian work. The necessity for a "Long Pull, a strong pull and a pull altogether" was forcefully shown by numerous illustrations.

Many in this section were shocked by the sudden death of Owen Harrison on Monday, in Baltimore. He was a promising young man who formerly lived here. He was here last week on a visit among relatives. The remains were brought here for interment in Wesleyan Cemetery on Wednesday, Funeral services were held Thursday afternoon, conducted by Rev. T. C. Smoot.

Everybody were glad to greet the couple. Come again.

James Walbert has greatly added to the fine appearance of his home on Catholic avenue by painting, fencing, etc., etc., etc.

There seems to be much complaint among wheat growers concerning the scab and rust. A number fear only a half crop.

Cows on Pasture Need Grain

Large extra summer profits may easily be obtained from cows on pasture. Two pounds of PURINA COW CHOW FEED on pasture will increase the flow of a good producer at least 6 pounds of milk per day, usually more.

At $2.00 per cwt. the extra milk will bring 12 cents per cow at an extra feed cost of only 7 cents per cow. This means 5 cents extra profit per cow per day or $1.50 a month. On a herd of 20 cows it would mean an extra profit of $30.00 per month. These figures are conservative. Make a test. Order PURINA COW CHOW FEED today and start tomorrow.
