Best Self-Raking REAPING MACHINE & MOWER EVER HEARD OF.

It is warranted to rake off better than any man can rake off of other machines.

THIS machine is made stronger now than heretofore, also, made to draw complete. If there is not satisfaction given in grain and grass, no sale. Please give your orders early, for fear there will not be sufficient supply for the demands of this season.

All machines purchased of me can be repaired more promptly and cheaper than purchased of others. I have always given full satisfaction in all machines sold or made hereof, and will do the same hereafter.

Willoughby's Patent GUM SPRING & GUM FEEDER

O. K.

MANUFACTURED BY

E. WAGONER.

The Best Drill ever heard of!

IT Sows all kinds of Grain perfect, from one peck to four bushels without choaking the Machine. The quantity can be changed when in motion, by a slide. It will sow Wheat, Buckwheat, Rye, Oats, and Barley without choaking by white caps, wheat heads or straws. This Drill feeds in two valeanized rubber cylinders revolving together. The spring drag bars very useful in rough land, swampy or rocky. It will pass over any thing not over fifteen inches high without breaking of pins or anything else. The hoe will pass over and fill in its proper place. I also build them with Guano or other fertilizer sowers attached, which all farmers who use any of those manures ought to have, as they will save one half of the manure and have more grain, as it sows direct with the grain. This attachment is warranted to sow correct without choaking or clogging, and will sow from fifty pounds to any number of pounds that is wanted to be sown by a Drill.

Persons wanting an Attachment of this Fertilizer Sower put on their Drills, will please be as early as possible, as I have a great deal of this kind of work to do.

For further particulars, address E. WAGONER, Westminster, Carroll County, Md.

☞All kinds of work done as heretofore.

SHRINER'S Balsamic Cough Syrup,

For Coughs and Colds, Croup, Bronchitis, Asthma, Spitting of Blood, Bleeding of the Lungs, Pain and Weakness of the Breast, Difficulty of Breathing, Hoarseness, Whooping Cough, &c

Letter from Dr Garry, formerly of Clearspring, Md.

BERKLEY SPRINGS, Va., Aug 23, 1859

W. E. SHRINER,—Dear Sir:—During my residence in Clearspring I was in the habit of using your preparations in my practice. I then formed so high an opinion of them that I wish to have them in use among my patients here. With this view I have induced J. Nathan Cassell to establish one here.

Yours, truly,

Five Years Experience.

JEFFERSON, York Co., Pa., July 18, 1859

To W. E. SHRINER—Dear Sir: I have been keeping your "*Balsamic Cough Syrup*" for sale for the last five years, and it has given almost universal satisfaction. It is one of the most popular Medicines in use in our neighborhood. Our sales therefore have been large, especially last winter, having sold at retail at least two dozen bottles. I therefore do not hesitate to recommend it to the publicas a good medicine.

Yours, Respectfully,

JACOB SPANGLER

JOHNSTOWN, Pa., Dec. 6, 1859

To W. E. SHRINER—Dear Sir: At the request of your Agent here, I send you an account of my experience with your "*Balsamic Cough Syrup*." For about two years I had been suffering with Consumption like the Asthma, and I was for months before I commenced using your medicine, seldom laid down in bed for fear of strangulation. I suffered much from pains in my breast and had a severe cough, both of which were getting daily worse. We had a bottle of your Syrup in the house, got for a child that had the croup, and I commenced using of it, and to my joy began to feel better. I continued using the Syrup until I had used eight bottles, and am now well. I attribute the cure entirely to your Syrup. We had previously used your Syrup for Croup and Whooping Cough. The Croup always mild, and Whooping Cough it mitigated very much.

Very truly yours, WM. BRIGHT.

To W. E. SHRINER—Dear Sir: At the request of your Agent here, I send you an account of my experience with your "*Balsamic Cough Syrup*." For about two years I had been suffering with Consumption like the Asthma, and I was for months before I commenced using your medicine, seldom laid down in bed for fear of strangulation. I suffered much from pains in my breast and had a severe cough, both of which were getting daily worse. We had a bottle of your Syrup in the house, got for a child that had the croup, and I commenced using of it, and to my joy began to feel better. I continued using the Syrup until I had used eight bottles, and am now well. I attribute the cure entirely to your Syrup. We had previously used your Syrup for Croup and Whooping Cough. The Croup always mild, and Whooping Cough it mitigated very much.

Very truly yours, WM. BRIGHT.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily, as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, supernaturated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
