VOL. 80 — CHESTERTOWN, MARYLAND, AUGUST 16, 1919 — No. 12

"IF" AND "WHEN," "NOW" AND "THEN"

There is no "IF" about dying, and should be no "WHEN" about insurance. Do it "NOW," and "THEN" it will be done. Put down on the margin of this paper all the money you have saved by not insuring, and if you can't find the money, you can keep the paper, or else find out how to really save money by asking FRANK SIMPERS, who represents one of the best dividend paying companies in America. Don't believe me, but ask one of my policy holders. The chances are he is your neighbor, for I have a thousand in Kent county.

IMPORTANT NOTICE.

The Chestertown Ice Plant is working hard to accommodate the public, but owing to conditions of labor we will be obliged to adopt some regulations for all. We will be forced to close the doors for delivery at six o'clock p. m. except Saturday when we will keep the plant open until eight o'clock. On Sundays for those who need ice for sickness or other necessary purposes, it will be delivered at the plant until ten o'clock a. m.
We request all families where ice is delivered in quantities less than 25 lbs. to please place same in their refrigerators themselves, and where ice over 25 lbs. is to be placed by the ice man, please have your refrigerators cleared and let them put the ice in place wanted, and not keep the men to replace the articles. When one patron keeps the ice man waiting you make it that much later for your neighbor and friend to get his ice, which means considerable delay at the end of the route. TO THE PUBLIC.

Dear citizen this is to inform you that we have on the month of August and September a $5,000.00 (five thousand dollar) drive for Janes M. E. Church and some one authorized to do so, will call upon many of the citizens for help in this effort (which we trust every home will help us some.) We are asking the friends who will help us please give your check for the amount given, payable to the treasurer, W. W. Boyer. This may seem a large amount of money to attempt to raise but in this reconstruction period God is demanding large things of us and it is our business and opportunity to meet his demands. For eighteen months I have been giving one tenth of my income for the advancement of Christ kingdom and out of it comes great joy for me and the same will fall on any man or woman who is willing to share aright with God.
