THE M. MEGARY & SON CO.

To You--The Prospective Buyer of Home Furnishings

It is possible—just possible—that you have never heard of "Megary's."

But there will come a time—and perhaps now is the time—when you will think of new home furnishings. You will, of course, think not only of your furnishings but WHERE you will purchase them.

You want to feel assured that you will buy from someone of time-proven worth as to merchandise and service, someone you can rely on absolutely.

More than fifty years ago the firm of Megary was started and founded on these principles—

—To give at the most reasonable price, dependable, reliable merchandise.

—To be honest in all statements regarding its wares.

—To give the customer courteous, efficient service.

And, in short, to make your dealings here such that you will not only buy from us to-day but in years to come—and your children after you.

If we were wrong in the practice of these things we could not have progressed as we have in all these years.

If you are in doubt as to where you should purchase your home furnishings, here is a simple little test—

Ask five of your friends "Where is the best place to furnish my home?"

Five of them will say "Megary's."

Why not see this store and its big stock? You can wander around at your leisure; no salesman will embarrass or importune you.

We live at Sixth and Tatnall and our August sale, with its attendant reductions, has started.

Will you pay us a friendly visit?

RU-BER-OID ROOFING

The importance to us of selling a ready-roofing of the highest quality—a roofing which will give our customers universal satisfaction—has led us to select Ru-ber-oid as our standard brand.

We have decided on Ru-ber-oid because

It was the first ready-roofing on the market.

Its makers have maintained the highest of standards in its manufacture for over 25 years.

It contains a finer quality of felt than is to be found in any other roofing.

The saturating and coating compounds used in making it are of the highest possible quality.

It has given continuous service on many buildings for over 20 years.

The nails used in its application are specially treated so as to be non-rusting and prevent leakage.

We are convinced that it is the best roofing.

When you are in the market for roofing investigate Ru-ber-oid. Stop in to see us about it. *Remember there is only one Ru-ber-oid Roofing on the market. We are the local agents for it.*

Local Notes

**W. E. Temple, brother of the late J. Frank Temple, of Church Hill, and wife who was Mrs. Jeter, of Kent county, were seriously injured Sunday in Atlantic City by an automobile while about to take a trolley car. Mrs. Temple is probably fatally injured. They reside at this famous city by the sea.

**The public schools in Kent will reopen Monday, September 15. The colored schools will open October 6.

**C. S. Roop, who has conducted a picture theatre at Greensboro for several years, has closed up and will move his outfit to Millington.

**The race horse "E. G. C." the property of J. C. Valliant, was recently sold to Henry S. Dorse, of Carlisle, Pa., for $4,500. This horse made a record of 2.16 and was to have been seen at Cambridge last week.

**J. Waters Russell, of Chestertown, and Wrightson Dawson, of Talbot, have sold to Crittenden Harper the 60-acre Wilson farm near St. Michaels.

**Farmers are complaining of the damage done to their corn by squirrels. One young man stated that he loses not less than 12 barrels of corn every year, and already the edges of his cornfield are being destroyed by these animals.

**Spring chickens took a sudden drop in the big cities last week, and the local market also fell. The daily papers quoted frying chickens at 27½ cents a pound, while here they were purchased for 30 cents. Quite a fall from 50 cents.

**The First District was not satisfied to send a dish of chicken but sent a wash tub full!

**Cambridge Band certainly made a fine showing in town last week and the Kent colored troops marched with the precision of a machine.

**The Baltimore papers in reporting the big day last week left out several lines which made it appear that wto prominent members of the colored churches had charge of the street dance. This was an error. These women had charge of the supper and the colored boys had just as much to eat as they wanted, including ice cream.

**Saturday, August 23rd, will be Grange Field Day at Tolchester.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss CLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.
