For Governor
ALBERT C. RITCHIE
of Baltimore

of Montgomery County

For Clerk of Court of Appeals
CALEB C. MAGRUDER

THE JUDICIAL CONTEST

Hon. Wm. H. Adkins, Senator Omar D. Crothers and Allan Goldsborough, Esq., have each filed their papers as candidates for Chief Judge in this judicial circuit and the voters of these five counties will pass upon their merits at the Primary to be held on September 8th. Lewin W. Wickes, Esq., of Kent, is a candidate for associate judge and has no opposition.

All of these men are of high character and whoever wins in the Primary will have the hearty support of the News in the election. We wish, however, to call the attention of the people to the good work of a faithful official. For over twelve years Judge Adkins has presided as associate judge in the courts of the First Judicial Circuit of Maryland. From the standpoint of his character, patriotism, devotion to his profession and to the highest ideals of an American citizenship none can doubt him. Among those who are best able to judge of his fitness for the position of chief judge and for the duties that will devolve upon him as a members of the Court of Appeals of Maryland there is not even a question or doubt. Judge Adkins has been a patient and diligent student of the law and understands the theory and the practice of law from its foundation, and in its administration no man could be more conscientious and more desirous of meting out exact justice; but justice alone has not only been his aim as defined by the strict letter of the law, but he has ever sought to season that justice with mercy, and those who have observed this character in him have, at the same time, observed its beneficent effect. There are fewer crimes in Kent county than there have ever been. There are fewer breaches of contract and violations of the law than in the entire history of the county. This has resulted not only in the betterment of the community spirit, but in saving of many thousands of dollars to our taxpayers. This condition exists. Whether it is attributable entirely to the administration of the law by our court is difficult to say, but it does remain a fact that their attitude must have been a powerful factor in the accomplishment of these ends.

It seems that it should go without saying that Judge Adkins, because of his fairness to rich and poor alike, to the white man and to the colored man and to all persons having business before him, and in view of his profound knowledge of the law, should be nominated as chief judge and should be elected at the fall election.

WAR RECORDS, IMPORTANT

Governor Harrington has issued a proclamation setting aside Saturday, August 1th, as Record Day, Committees for which were published in last week's Kent News.

If it is impossible for the soldier to see his nearest committeeman a member of his family should do so, and fill in the blank to the best of his or her ability. Do not be deterred because you have not the necessary cards, numbers, etc. The facts you can give cannot be secured elsewhere.

These records are asked for by the State, but Kent county will prepare and keep a duplicated for her own files in the Court House. These will subsequently be published, and if any Kent man or woman who rendered military service is not recorded there, it will be a reflection, only upon the members of his or her family who have failed to give the necessary information to the County Historian, or committee.

It is an obligation that we owe to our own, if they are absent. It is a "penalty" each man in the service must pay for having responded to his country in her hour of need. His County, his State wants to know who he is, and preserve his name and his family connection for all time.

Do not be deterred because your service carried you no further than a training camp. You were willing to do and die, and that willingness is what makes the plainest service heroic.

If you cannot answer ALL the questions just DO THE BEST YOU CAN.

George W. Page, of Baltimore, will succeed Duke Downes as State Bank Examiner. He has been with this department for ten years.

GRATIFYING RESPONSE

The manner in which the business men of Kent are responding to the wish for co-operation with Miss Mitchell in making the Industrial edition of Kent a success is indeed gratifying. Among those who have pledged their co-operation to this end, we can name more than 60 of the leading business houses, professional men and institutions of Chestertown and of the county. These men and concerns recognize the great value to the community of such an edition.

Betterton and Still Pond have been visited and other sections will be called upon as soon as possible by Miss Mitchell who is compiling the work.

LOCAL POLITICS

The "harmony" conferences have resulted in much good to the Democratic party in Kent. They have proven the sincerity of the Democrats to get together and unite on a ticket that will win in the fall. There is no reason why this county should not be controlled by Democrats. We believe a ticket will be nominated that will command the support of all Democrats irrespective of former factional alliances.

In the Republican ranks the Parks Rasin faction held a meeting Tuesday afternoon and as a result John N. Bennett filed his papers as a candidate for Senator, Olin Davis and T. W. Trew for Commissioner. The Urie faction will likely file candidates today. The following is taken from the Enterprise:

At an informal conference of a few prominent Republicans held at the Court House on Tuesday candidates were endorsed for county offices as follows:

State Senator, John N. Bennett; House of Delegates, Herbert A. Urie and Ralph P. Williams; County Commissioners, Olin S. Davis and Thomas W. Trew; Judge of Orphans' Court, M. Wilbur Thomas.

Those present at the conference were: Col. W. J. Vannort, A. Parks Rasin, John N. Bennett, M. Wilbur Thomas, Howard F. Owens, Harry Willis, Robert R. Hill, Thomas W. Trew, Ralph P. Williams and Owen C. Smith.

The call for this conference being made without the knowledge or sanction of the State Central Committee the action is a manifestation of opposition to the present county organization, and thus will precipitate a primary contest and a division in the party ranks. None of those named as candidates have as yet filed certificates, and it is understood several will decline to do so, but the outlook for party harmony is anything but promising.

I have papers and extended pedigrees now for each of these registered cattle. Since I started to buy purebreds, I have bought nothing but the very best, and if it were not for the fact that I am going into other business, no money could buy them now. 19 Grade Milch Cows, three fresh and five close springers, balance milking heavy, not a three-teat, kicker or hard milker in the lot. 10 Grade Heifers and Bulls, one and two years old. This is a young, healthy herd of cattle as I have kept only the best. Every one on the farm was sired by a purebred bull. You are invited to come look them over prior to the sale.
