Are You a Satisfied Customer?

This is a vital question with every merchant who is anxious to serve the public and have them satisfied with their dealings with him.

This is precisly our position as merchants. We want to please our customers and want to make their dealing with us both pleasure and profitable. We can't do this unless we prove it by giving good merchandise and service, consistent with price demanded in return.

If you are a satisfied customer we are glad to know of it and ask you to tell the other fellow, but if per chance you have been treated unfairly in any way to come to us first and give us an opportunity to MAKE GOOD.

A square deal is our best asset. The motto upon which we are building our business.
