Don't "Follow The Leader"

The "leader" is an ancient article employed by the so-called "economy stores" to create the impression that their prices are low.

They sell an article of standard brand several cents cheaper than it can be bought elsewhere—oftimes cheaper than the dealer himself can buy it.

Now, if these stores carried out this policy on all their goods they would be doing business at an actual loss. Why, then, do they make this sacrifice on some standard article? Because they expect to get it back with good interest on other and unidentified goods which the uninitiated think they are getting cheap because the "leader" was cheap!

Real economy is in dealing where you have absolute confidence in the grocer.

We are in a position to serve you intelligently. We make it our business to test everything we recommend.

Serious Accident.—Mr. and Mrs. George Brice, who formerly lived here but at present are residents of Far Hills, N. J., one day recently were injured in an automobile accident. They were unconscious when found, and it is said both of Mrs. Brice's legs are fractured and that she has a badly lacerated skull. She was taken to the Roosevelt Hospital in New York City. Mr. Brice was not seriously hurt.

Violating Game Laws.—The following news item occured in our neighboring county. It is given here as a warning to gunners who trespass upon lands without invitation. Kent officers can be just as active as Queen Anne's constables.

Charles Stinton was fined $15 and costs for gunning on the lands of James Cheers without a permit. Stinton was arrested by Constable Marion Council but put up a fight to prevent arrest. GRANGE NOTES

Kennedyville Grange will hold a special meeting next Monday evening, Nov. 24th, at 7.30. Every member urged to be present. Prepare to attend State Grange meeting just two weeks off. Chicken salad, biscuits, and coffee will be served after the meeting.

Fairlee Grange will meet in special session next Wednesday at 4 p. m., supper at 5.30.

The first meeting of the Still Pond Grange No. 245, in their new quarters, the Auditorium of the Betterton High School, was called to order on Saturday, November 15th, at 3 p. m. After the usual order of business it was voted and carried that the time of meeting be changed to Tuesday evening at 7.30. Promptly at the appointed hour Tuesday evening the Grange was again called to order with quite a number present, more coming in later. Quite an amount of business was transacted; six new members were added to our Grange, with more to follow at the next meeting. We had with us for the evening our County Farm Demonstrator, Mr. Derrick, also Prof. Rickey, of the Maryland Agricultural College. Mr. Rickey favored us with a humorious recitation, which was very much enjoyed by all, and also spoke on "How to make hens lay in winter." He spoke in favor of the "hen hatched" chicks as egg producers over the incubator hatched chicks. He also favors the Rocks, Wyandottes and R. I. Reds, as the best utility fowls for the farmers. After adjournment we all returned to our homes feeling better for having attended, and convinced beyond a doubt that Still Pond Grange is growing and promises to become one of the best and most active Granges in the State. We desire a full attendance next week to further plans for the coming State Grange. So do not forget the time and place. Tuesday evening, at 7.30, Betterton High School. Visiting Grangers welcome.
