These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire building.

There is one tread that's supreme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ — up to 30 per cent — in their strength tests. On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill — cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.

NATURE'S WAY

Alcohol and dangerous sedatives are fast falling into disuse. When the body is debilitated the effectual means of restoring strength is

SCOTT'S EMULSION

which does what your regular food should do but all too often fails to do—***nourishes and strengthens the whole body.*** It is the results that follow the use of ***Scott's Emulsion*** that have made its multitude of friends.

The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our *own* American Laboratories. Its purity and quality is unsurpassed.
Scott & Bowne, Bloomfield, N.J. 19-29

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used anually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

WHEN NEURALGIA ATTACKS NERVES

Sloan's Liniment scatters the congestion and relieves pain

TO MAKE MANY APPOINTMENTS

One of the things to come before the county commissioners shortly after the new board is organized will be the various appointments of minor officials. These will probably not be made before January. The most important will be clerk to Board, bridge keepers, assessor, trustees of the County Home, constables in each of the districts, county roads engineer, counsel to the board, keeper of weights and measures, and others of lesser importance. Most of these are appointed for two years.

The deputy sheriff is appointed by the sheriff and the election supervisors, justices of the peace, notaries, and public school commissioners are named by the governor.

DENNIS FOR STATE TREASURER

One of the important duties of the General Assembly of Maryland, which is Democratic on joint-ballot, is the election of a State Treasurer, and as the incumbent, Hon. Wm. P. Jackson is a Republican, naturally he will not be renamed. It falls to the Democratic majority in the Assembly to choose from the hosts of Democrats in Maryland, a suitable official for the State Treasurership, who will also be a member of the Board of Public Works.

While there has been no "lining up" for any candidate or prospective candidate, thousands of Democrats throughout the State favor the election of Hon. John M. Dennis, former State Treasurer, to the old post which he filled so admirably two years ago, and the General Assembly will make no mistake in conferring this honor upon Mr. Dennis.

As State Treasurer of Maryland, Mr. Dennis made one of the most valuable officials that the State has had since the Civil War. He applied modern business methods to that office, and with the same ability and capacity which have characterized his successful private career, placed the office on a high plane of efficiency and kept it there throughout his administration. He is splendidly fitted for such important position—a man of excellent busines ability, of size and calibre equal to the requirements of the office—and last but not least, a gentleman and a Democrat of the old school. The Democratic party will honor itself and the State by his election.

BETTERTON NOTES

Miss Louise Crew and Miss Ethel Wilmer have taken positions in Baltimore.

Mr. and Mrs. Hamilton, of The Ferncliffe Hotel, have gone to Philadelphia, where they will spend the winter.

Joseph Warran and family have moved to Baltimore for the winter.

Mrs. Kiker and family have moved to Baltimore and Will Sykes and wife are occupying the house left vacant by the former.

Ray Crew has purchased the house left vacant by Mr. Sykes and has moved his family in.

Mr. Lesage and family have moved in the vacant house of J. R. Owens, and Charles Smith and family have moved in the home left vacant by Mr. Lesage.

Mrs. Greenwood, of Home Cottage, has purchased the house left vacant by Charles Smith, and is improving it by building an addition.

Miss Edith Turner, of Philadelphia, was called home to see her mother, Mrs. Sinclair Turner, who has been quite sick and was taken to the hospital Friday for treatment.

Mrs. Florence Jester left Monday for Baltimore where she will spend the winter with her daughter, Mrs. Marian Mann.

Harvey Brice returned to Baltimore with his sister-in-law, Mrs. McDonald, where he will visit for a while.

Just to show that some of their employers have been profiteering, striking butchers in Chicago this week opened a big retail meat market from which they sold porterhouse steak at 18 cents a pound, veal chops at 16 cents a pound and hamburger steak at 10 cents. Other meats were sold at correspondingly low prices. Although the strike cut the prevailing prices of meats from 30 to 75 per cent. they claim the cut prices net them a fair margin of profit.

Do you know that the wheat or corn you plant in some parts of your farm does not return enough for seed?

Do you know that strawberry is the favorite flavor for soft drinks and will be more so since beer will not be on the market?

Will you toil on poor land in vain, or will you prosper and become prosperous?

**Blackway Brothers have ordered a new electric bottling machine that will add greatly to their plant; also a new electric carbonating machine. This plant will run all the winter in order to fill the large demand for their popular drinks.

**Charles N. Satterfield and Mahlon P. Lee have purchased Overland cars.

**Wallis M. Maslin has a fine pen of hogs. He has seven, three of which will weigh 1,000 pounds, and the rest from 325 to 350 each. He will slaughterthis week. Mr. Maslin made a great effort to keep the cholera from his hogs, and while many who kept theirs in the vicinity of Mr. Maslin's pen lost theirs, Mr. Maslin did not lose a hog. He attributes his success to absolute cleanliness and to the best kind of feed.

Ford
THE UNIVERSAL CAR

The Ford Sedan is high-class in appearance and appointments. The seats are restful, and deeply upholstered with cloth of high quality. A Tasty Bite for Any Night

Welsh Rarebit

with

Red Seal

"IT HAS THE SNAP"

WELSH RAREBIT is a most delectable "tidbit" to serve when friends call in the evening, after the theater or card party, etc., and a big point in its favor is that it's so much easier to prepare than many people imagine. It takes only a few minutes—and it's inexpensive, too.

All you need is cheese, crackers, a chafing dish and RED SEAL. We print a recipe at the right for a Welsh Rarebit that will tempt anyone.

Here's the Recipe for an Appetizing Welsh Rarebit for Four

½ lb. American cheese, ½ tablespoonful of butter; cut cheese into small pieces; melt butter in chafing dish and add cheese, stirring constantly while it melts. As it grows smooth, add "RED SEAL" by the tablespoonful until mixture is smooth and velvety and of desired consistency. Season to taste with salt, a little white pepper and a dash of cayenne; use no pepper if tabasco pepper sauce is at hand. Serve while hot, on plain crackers, with "RED SEAL."

Order a Case Sent Home. Buy it by the Bottle or Case wherever soft drinks are sold
