THREE CONFERENCES MEET IN CAPITAL

The Three Largest Branches Of The Methodist Church In This Area Have Selected Nation's Capital For 1920 Meeting—Rev. D. Warner, Bishop McDowell and Bishop Hendrix Will Preside Over Their Respective Denominations.

For the first time in their history all three of the big Methodist conferences will meet this year in Washington, and all will be in session the same week, April 7 to 14. On one or two previous occasions two of these large bodies of Methodism have met in the same city at the some time, but not in the memory of the oldest ministers of the three denominations have they all met in the same city at the same time. It is also a noteworthy fact that all will be in session within a radius of one mile, the Methodist Protestants in southeast and the Methodist Episcopal and Southern Methodists in Northwest Washington.

The Maryland Annual Conference of the Methodist Protestant Church meets in First Church, on Fourth street, Southeast, of which Rev. Dr. J. Morgan Compher is pastor. Rev. Dr. Luther F. Warner, president of the body, will preside over the sessions.

The Baltimore conference of the Methodist Episcopal Church will convene at the Metropolitan Church, one of the largest and handsomest churches of the denominations in Washington and of which Dr. Harry D. Mitchell is pastor. Dr. Mitchell was for years pastor of the Forest Park Methodist Episcopal Church in Baltimore city. The sessions will be presided over by Bishop William F. McDowell, the resident bishop, of Washington.

The Southern Methodists will hold their sessions at the Mount Vernon Place Church, now known as the New Representative Church, of that denomination. It has recently been erected at a cost of many thousands of dollars and is located at Ninth street and Massachusetts avenue N. W. It will be in charge of Bishop E. R. Hendrix, of Kansas City. The meeting place of this conference was only decided upon a few days ago, the invitation having been extended at a recent meeting of the Southern Methodist ministers of that city. Rev. Dr. Clovis G. Chappell is pastor of the church.

CALIFORNIA GETS ALONG WITH HOME GROWN FLEAS

The Californian gets up at the alarm of a Connecticut clock; buttons his Chicago suspenders to Detroit overalls; washes his face with Cincinnatti soap in a Pennsylvania basin; wipes on a Rhode Island towel; sits up to a Grand Rapids table; eats Kansas City meat and Minneapolis flour with Idaho potatoes cooked in Indiana lard on a St. Louis stove burning Wyoming coal; puts a New York bridle on a Colorado bronco fed with Iowa corn; plows five acres of land (covered with Ohio mortgages) with a Chattanooga plow. When bedtime comes he reads a chapter from a Bible printed in Boston; says a prayer written in Jerusalem; crawls under a blanket made in New Jersey, only to be kept awake by fleas—the only home product of his own state.—San Francisco Chronicle.

Lost Two Fingers. — The News mentioned last week the accident to Henry Evans. The Centreville Observer gives full account as follows:

Henry Evans, son of Col. and Mrs. John H. Evans, of Rolph's Wharf, this county, suffered a painful accident Monday morning. While ducking on the flats near his home, his gun accidentally was discharged and the load of shot mutilated two of the fingers on his left hand so badly that they were amputated by Dr. W. H. Fisher, of Centreville. Mr. Evans had rowed from his home to the shooting grounds and upon reaching the shore found that snow had, in some way, filled the ends of the gun barrels. In attempting to clean the gun it was discharged, and though his left hand was painfully burned by the powder, only two fingers were touched by shot.

After the accident Mr. Evans was compelled to row his boat a distance of several hundred yards and then walked a considerable distance for help. He was placed in his car and rushed to Centreville, where Dr. Fisher rendered medical aid.

Mr. Evans is now at the home of his sister, Mrs. J. Lemuel Roberts, Kidwell avenue. The injured hand is healing rapidly.

Dissatisfied With Ducking Law.—Kent county representatives in the next session of the Maryland Legislature probably will be requested by their constituents to amend the law with regards to the sale of wild ducks. Local gunners are prevented from selling ducks to residents of their county, but non-resident sportsmen are privileged to kill and carry away as many ducks as the law allows them to shoot. Under the present law it is impossible for anyone to obtain wild ducks unless they personally visit the flats and kill them. It is contended that gunners should have the privlege of disposing of game as they see fit, provided they kill no more than the law allows. A strong effort probably will be made to amend the law so that wild ducks may again be sold.

No one shall take them from me—

I love my pipe and good old Velvet—

My comforters in adversity, my wise counselors when problems vex.

Companions of my loneliness and sharers of my happy hours.

Their friendliness has made me feel more kindly toward my fellow men.

They have made this old world a better place to live in.

I love my pipe and good old Velvet; no one shall take them from me.

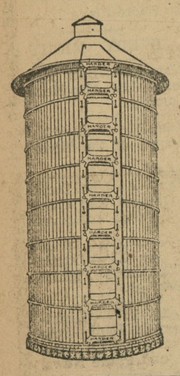
It's what you fork out from a Silo that counts more than what you "fork up" for it!



Mr. W. C. Terry, of New London, Ct., purchased a Harder Silo in 1914 and kept an accurate account of the receipts from 22 cows for the nine feeding months of the following year and compared them with the receipts from the same herd of cattle for the nine months of the previous year with the following results:

Sold with the Silo $243.40 more cream.
Sold with the Silo $72.53 more skim milk.
Sold with the Silo $125.00 worth of hay.
Bought $245.39 less grain.
Total proceeds of the season with the silo over those of the season without the Silo, $667.32

The Harder Mfg. Co., Cobleskill, N. Y.

Gentlemen—Am pleased to report that the two 14x32 Silos which you sold me last year are eminently satisfactory, and are unquestionably money savers for me. Am still using the one you sold me about ten years ago and that is, so far as I can see, as good as the year it was erected.

We are extending our farming projects and will probably need one or two of your Silos this fall, because we appreciate the necessity of greater food production throughout the country; this means more cattle and more cattle mean more Silos.

Very truly yours, SAMUEL RUSSELL, Jr.

IF YOU INTEND TO PUT UP A SILO IN 1920 INVESTIGATE OUR PURCHASERS CARLOAD CLUB PLAN! Write or call and let me explain how you can save money by placing your order now for future delivery. One carload for 1920 delivery already sold. Am now booking orders for second carload.
