COMMITTEE MEETING!

THE members of the Executive Committee of the Union Party of Carroll County are requested to meet in the office of C. W. Webster, Esq., in the Court House on MONDAY AFTERNOON NEXT, SEPTEMBER 3, at 3 o'clock, to transact some important business.
Aug. 31. PRESIDENT.

DR. THOMAS W. SIMPSON, of Liberty, will deliver an address on TUESDAY NIGHT NEXT, at the Court Hall, Westminster, on "the distinctive features of the American nation. The public are respectfully invited.

DISTRICT MEETING!

THE friends of Bell and Everett in Westminster District are respectfully invited to attend a meeting at the Court House on WEDNESDAY NIGHT NEXT. Hon. JOHN E. SMITH, and others, will address the meeting.

County Mass Meeting.

Now that the arrangements have been completed for holding a grand mass meeting of the friends of Bell and Everett, in Westminster, to-morrow week, Saturday, September 8, we anticipate a large representation from all parts of the County. As this will be the only meeting of our party during the fall, we hope every voter, from a sense of duty, will spend one day in demonstrating to the country his preference for the only National candidates for the highest offices in the gift of the people, Bell and Everett. Let this individual sentiment prevail throughout the County, and the result of it will be a tremendous outpouring of the masses. It should be the duty of every member of the Central Committee to see that his District is organized without delay. It is a confidence imposed upon him by the party, and he should show himself worthy of that confidence by making his District the best organized in the County. The time for play has gone by; work, work for Bell and Everett, is all that is wanted. Begin now, right away, and by the day of the meeting have your District in complete working order. With such an array of speakers, combining the finest talent in the State, a real intellectual feast may be confidently relied upon. We expect the meeting to be an immense popular demonstration in favor of "the Union, the Constitution, and the Enforcement of the Laws," and solicit the co-operation of the friends of the good cause throughout the County.

Electoral Tickets in Virginia.

The Douglas Convention at Staunton, and the Breckinridge Convention at Charlottsville, were composed of quite a large number of delegates, the former numbering between three and four hundred delegates, and the latter numbering about the same number. Judging, therefore, by the representation at each of these Conventions, the Democratic vote of Virginia is, at present, about equally divided between Breckinridge and Douglas. The Douglas men are enthusiastic, determined and defiant, and will fight the battle through without flinching or flagging. The Breckinridge men, on the contrary, are full of apprehension and quaking, as is evidenced by the fact of their anxiety to effect a compromise with the Douglas men. With these facts apparent, the Richmond Whig urges the Bell and Everett men to organize right away—to organize systematically and thoroughly so that by reason of the dissentions manifested in the ranks of a common enemy, the triumph of Union Constitutional principles may be complete.

The No-Chance Argument

We presume, says the Alexandria Gazette, that the members both of the Charlottsville and Staunton Conventions must have been satisfied that neither Breckinridge nor Douglas stands the remotest "chance" for election—and as that "chance" *argument* was a famous and favorite one a short time ago against Bell and Everett, now that the tables have been turned, we hope it will have its due weight with those who so lately seemed deeply impressed with its importance.

Douglas Mass Meeting.

The friends of Douglas and Johnson will hold a mass meeting at the Court House, Westminster, on Monday afternoon next.—Several of the Douglas Electors are expected to address the people, and the Breckinridge electors are invited to attend for joint discussion.

☞The Schooner Aramenta arrived at New Orleans last week, from Ruatan. She had on board the crew of the schooner *Clifton* which was captured by the British at Honduras.

Gen. Walker landed with his forces at Truxillo, and immediately made an attack on the town, taking it with but slight resistance on the part of the troops, who fired only one gun, wounding two of Walker's men. There was great excitement throughout the country.

☞Another thieving locofoco postmaster has turned up in the person of Samuel Workman, at Iowa city, who absconded some months since with $10,000 in Government money, and last week tendered his resignation.

Specimens of Fruit.

A drive the other evening brought us up at the Nursery of our friend Stout, near town, where we were very pleasantly entertained by a ramble through his systematically arranged grounds of flower plants, ornamental and fruit trees, all of which are healthful and flourishing, and numbers of them bending with the most luscious and delicious fruits, such as apples, peaches, pears, plums, damsons, etc. The peaches, pears and plums are the finest we have ever seen anywhere. Of the latter we may particularize by remarking that several trees of the magnum bonum egg species are bending with them as large as a common hen egg, and a cluster, numbering 15, averaging 7 by 8 inches, may now be seen at our office, together with other specimens. Those who wish to purchase select and healthy fruit trees are recommended to Mr. Stout. Make him a visit and judge for yourself. The gratification of observing the system by which the Nursery is governed, will fully repay for your trouble.

☞A British officer writing from Teheran, Persia, to the "London Times," remarks—"A Cathartic Pill, manufactured by "an American Chemist," (DR. J. C. AYER, of Lowell Mass.,) has cured the Shah, of a Liver Complaint that threatened his life. This simple fact, as might be expected, renders the Americans immensely popular here, while we English are overlooked. Doubtless our own scholars made the discoveries which he employs, and thus it is in everything; we do the labor, then the mousing Americans put their mark on it and take the reward. Doctor Ayer is idolized by the Court and its retainers here, which will doubtless be reflected to him on a gold snuff-box, or diamond-hilted sword, while not the name even of Davy, Christien or Brodie—the great lights by which he shines, is known."—*New York Sunday Paper.*

☞The California Overland Mail of the 11th arrived at St. Joseph's on the 25th. The steamer Uncle Sam had sailed from Panama with nearly one million dollars in treasure for New York. Political affairs were much agitated. The various county Democratic conventions had divided, and there would no doubt be two electoral conventions held. Sixteen of the State Senators who hold over and will vote for a United States Senator next winter, are equally divided between Douglas and Breckinridge. Senator Latham contemplates, it is said, returning to Washington by the overland route, with his family.—A fire at Grass Valley on the 9th destroyed thirty-five buildings, mostly business houses, and two hotels. Loss estimated at $35,000.

☞The War Department on the 23d received an unusual number of dispatches from various quarters. Captain Smith gives the details of his victorious battle with the Indians, twenty-five miles northeast of Lake Harney, Oregon. He is inclined to believe that all the Indians in that region of country are hostile. Col. Wright had promptly ordered the artillery and dragoons to march at once to the scene of hostilities. With these Major Steen was to scour the whole country, and cause the savages to sue for peace.

Dispatches from Fort Kearney, Nebraska, in giving the particulars of the fight with the Kiowags and Camanches, near Republican river, state that twenty or thirty of the six hundred hostile Indians were killed. On the part of the troops one private was missing, two wounded and five Indian guides were killed.

Cheering News

A correspondent of the New York Journal of Commerce writing from Memphis, Tenn., says, those who give the South to any Democratic candidate egregiously deceive themselves. There are single counties in Tennessee which will give Douglas a third at least of the entire Democratic majority of the State; and what is true in Tennessee will hold good to some extent in every Southern State, *especially in all of the large ones.* Many, very many of our people, think Judge Douglas has been badly treated by the Seceders, and you may rest assured of what I tell you (and I am a life-long Democrat), that the South will go nearly in a body for Bell and Everett, if the present position of affairs continues, which I have no reason to doubt will be the case. I say this more in sorrow than in a spirit of controversy, and being an old subscriber I take the liberty of saying it to you.

☞The steam frigate Susquehanna, at New York, destined for the Mediterranean, is to proceed to the Gulf with all possible dispatch. It is surmised that she is to go after Walker, and seize his expedition, if possible, whilst upon the high seas, but not within a foreign jurisdiction, as was done by Commodore Paulding. There is need enough of a demonstration against General Walker, but it is more probable that the Susquehanna is to proceed to Vera Cruz, to protect the interests of the American citizens there, in case of hostile operations against the town by Spanish or other European squadrons.

☞The indications are that the mass meeting of the friends of Bell and Everett, to be held at Frederick on Thursday next, will prove a stirring and memorable affair. The people of Frederick county are fully alive to the important issues of the campaign, and the unanimity with which they are flocking to the sacred banner of the Constitution and the Union, is among the most cheering of the many cheering signs which have marked the campaign in Maryland.

☞The visit of the Prince of Wales appears to have been made the occasion for the display of an excess of toadyism and flunkeyism as ludicrous as it is degrading to all true manliness of character. Thus a correspondent of the New York *Times*, who accompanies H. R. H. on his travels, writes that at Quebec the Prince's apartments were "visited by hundreds of people who manifested the most insane desire to get hold of anything even belonging to or used by him; *even some dirty water left in his basin was bottled and sold at four shillings a vial!*

☞Minister McLane is at Washington on business connected with Mexican affairs. It is known from the latest advices that the liberal government is extremely anxious to know what will be the course of the United States should there be armed intervention by several European Powers in Mexico. The mere probability of such action, a formal reconciliation of the liberal and church parties being considered unattainable, excites more than usual interest. It is further known that the liberal government desire the return of Mr. McLane in preference to the appointment of any other person as minister of the United States.

Important Political Movement

It is said that overtures have been made by the New York Breckinridge State Committee for a union with the Douglas State Committee, for a conference with a view to unite upon a single electoral ticket.—The Chairman of the two Committees have opened a friendly correspondence, and the probability now is that things will be so arranged that the Republican party will have to face the Douglasites, the Bell and Everett men, and the Breckinridgers in solid columns. This will make the contest in that State peculiarly interesting.

☞Farmers, if you wish to purchase fruit or ornamental trees this fall, when you are in town during Court week, or at any other time, go and look at those of JOSEPH STOUT'S.

☞A National Democratic Douglas Club composed of citizens of Westminster District, was formed during the past week by the election of the following officers:

President: John M. Yingling.
Vice Presidents: Isaac Pouder, Dr. W. A. Albaugh.
Secretaries: J. D. Hoppe, W. Scott Roberts.
Treasurer: Richard Manning.
Committee of Arrangements: Wm. Miller, J. D. Mc Allen, John Grass.
Corresponding Committee: Jos. M. Parke, Isaac E. Pearson, Abm. H. Busbay.
Committee of Reception: Richard Manning, Jos. M. Parke, Isaac E. Pearson.

☞At a spirited meeting held at Manchester last week, among others, the following resolution was adopted:

That every voter of the District friendly to the election of Bell and Everett for President and Vice-President of the United States, be constituted a delegate to attend the mass meeting to be held at Westminster on the 8th of September next.

☞The Pennsylvania State Military Encampment commences at York on Monday next. It promises to be the most imposing camp ever held. Between twenty-five and thirty military companies are expected to be in attendance. Gov. Packer, of Pa., Gov. Hicks, of Md., Secretary Floyd and Lt. Gen. Scott, it is stated, will probably visit York during the encampment.

Much Dispirited.

We learn from Kentucky that the immediate personal and political friends of Mr. Breckinridge are exceedingly dispirited by the result of the recent election in Kentucky for Clerk of the Court of Appeals; that they regarded that election, as did also Mr. Breckinridge, as a test of his strength in the State, and that they no longer have a hope of his carrying the State or of his election.

☞The St. Joseph's agent of the pony express received by the last arrival a note from the agent at Salt Lake City, announcing the detention of the express in consequence of a fight between Lieut. Perkins' command and the Pawnees, in which 17 Indians were killed and three soldiers badly wounded.

A fight had also taken place between the employees of the Overland Mail Company and the Utah Indians, at Shell Creek path, in which five Indians were killed.

☞By the arrival of the Steamer City of Baltimore off Cape Race, we have three days' later intelligence from Europe. It is stated that fifteen hundred British troops have landed in Syria. Naples had been proclaimed to be in a state of siege. Eighteen hundred of Garibaldi's troops had effected a landing in Calabria. It was reported that Austria would renounce the treaty of Villafranca, and actively oppose Garibaldi's operations in Naples.

Worthy of Attention.

In to-day's paper will be found the advertisement of *Dr. Lindsey's Improved Blood Searcher*, a medicine which has risen more rapidly in public favor than any ever invented or discovered, and which has effected more permanent cures of desperate cases than any remedial agent ever brought before the public. Every person afflicted should apply to one of the Agents for a circular and give the medicine a trial. If it does not cure or afford relief, the money in all cases will be refunded.

☞An arrival at New Orleans from Tampico, with advices to the 9th inst., brings $400,000 in specie. A conducta, with $2,600,000 in specie, arrived at Tampico on the 2d inst. The late storm did immense damage to shipping on the Mexican coast. The drought had been severe in Northern Mexico. The country was devastated by civil war and a famine was also feared.

[redacted]

☞A little son of Mr. Jesse Robinson, formerly of Westminster, now of Baltimore, made a narrow escape from death on Saturday last by a horse running away and being thrown from a wagon. The hair and scalp of one side his head was laid bare to the skull bone. A gentleman in attempting to stop the horse had three ribs broken.

☞The September term of the Circuit Court for Carroll County will commence on Monday next. As many of our friends will be in town during that period, we trust they will give us a lift by discharging their indebtedness. Come friends, square up: we can't pay our debts unless you pay us.

☞We have at length reliable returns of the recent election in Arkansas, by which it appears Rector, independent democrat, has been elected by probably 3,000 majority over the regular nominee of the democratic party. An independent democrat has been elected to Congress over the regular nominee. Some twenty Union members have been elected to the Legislature, who will hold the balance of power between the opposing wings of democracy, and thus be able to effect much good.

☞The whole vote cast at the recent gubernatorial election in North Carolina was 112,852, being an increase of 19,675 on the vote of 1858. The majority of Ellis, (Dem.,) is 6,358, being a reduction of 9,919 on the Democratic majority of '58.

☞Advices from Alabama represent that the same sort of fusion which has been consummated in New York between the Bell and Douglas parties, is naturally taking place in that State. Yancey, Breckinridge, Winston, Douglas, and a Bell man, are stumping the State in company, and the result is considered doubtful.

☞The St. Mary's Beacon contains a call signed by some respectable citizens, convening a meeting of the democrats of that county at Leonardtown, to-morrow, for the purpose of placing Chief Justice Taney, of Maryland, and Judge Samuel Nelson, of New York, formally before the country as the democratic candidates for the presidency and vice-presidency.

☞The annual exhibition of the Maryland Agricultural Society will be held at Canton, commencing on Tuesday, October 30th, and ending on Friday, November 2nd. It is expected that the stock of choice cattle, fowls, &c., will be very large.

☞The Ambassador of the Emperor of Morocco, and the other members of the Embassy, have just subscribed a sum of 10,000 francs for the Christains in Syria.

☞The receipts into the U. S. Treasury last week, were $1,540,000. Subject to draft, $4,121,000, being an increase of $212,000 over the amount on hand at the close of the previous week. Drafts paid, $1,423,000.

☞Ex-Gov. Foote recently said that Breckinridge could be certain of but one State, South Carolina, and if he made any more professions of attachment to the Union he would probably lose even that.

☞Mrs. Sewell, of Baltimore, committed suicide on Friday by swallowing laudanum.

☞Judge Douglas passed through Baltimore on Friday last on his way to Virginia. Singular, he did not make a speech.

O, Ye Afflicted!

Hear what James T. Davis Esq., ex-Presiding Judge of Monongalia County, Va., says:

Messers. Fitch & Scott, Agents for R. M. Lemon, Proprietor of Linsey's Improved Blood Searcher:

Gentlemen—I was afflicted with Scrofula for several months, and was so low that I myself and my friends did not think that I could recover. I had been under treatment of medicine by two able physicians for some months, the disease had extended over my side and breast, and had run more than a gallon of matter, when Mr. McCreary, agent for Dr. J. M. Linsey's valuable Improved Blood Searcher, passed through my village and induced me to purchase Three Bottles. I immediately commenced using the medicine. Before I had used one bottle, the discharge from the sores entirely ceased. My appetite improved, and my bowels became regular; and before I used the Three Bottles, I was restored to good health, and have enjoyed good health ever since, which has been some twenty months. I believe it to be a sovereign remedy, and that it will recommend itself upon a trial. I most heartily recommend it to the afflicted.

Given under my hand and seal this 26th day of June, 1860. J. T. DAVIS.

I, Marshall M. Dent, Clerk of the County Court of Monongalia County, hereby certify that the foregoing is the genuine signature of James T. Davis, Esq., late Presiding Justice of said County. Given under my hand this 27th day of June, 1860.
MARSHALL M. DENT, Clerk.

County Meetings.

From several Districts in the County we received last week proceedings of meetings held on the Saturday previous, to make arrangements to attend the mass meeting to be held in Westminster on Saturday, September 8, but all of them too late for publication. All these letters manifest a spirit of enthusiasm equal to the emergency of the times, which we are confident will be exhibited on the day of our meeting, and also on the day of election.

EVEN THOSE who are in the enjoyment of perfect health frequently have resource to tonics as preventives of disease. We are never too well armored against the assaults of "the ills that flesh is heir to." Such an invigorator they may find in HOSTETTER'S BITTERS—a medicine that cannot be taken regularly without giving vitality and elasticity to the system. At this season, particularly, the strongest man is not proof against the malaria in certain sections of the country. In all cases of fever and ague, the BITTERS is more potent than any amount of quinine, while the most dangerous cases of billious fever yield to its wonderful properties. Those who have tried the medicine will never use another, for any of the ailments which the HOSTETTER BITTERS professes to subdue. To those who have not made the experiment, we cordially recommend an early application to the Bitters, whenever they are stricken by diseases of the digestive organs.

Sold by druggists and dealers generally everywhere.

Political Discussion.

A political discussion will be held at Ellicott's Mills, on Saturday next, between Messrs. H. E. Wootton, on behalf of Judge Douglas; George W. Sands, on behalf of Bell and Everett and the Union party, and Wm. H. G Dorsey, for the Yancey-Breckinridge wing of the Democracy.

☞The harvest is over in all parts of the county, and our farmer's hearts have been gladdened with abundant crops of wheat, oats, hay, &c. The refreshing rains of the past few days have much improved the prospects of the corn, which has been much affected by the dry, hot weather. The potatoes and buckwheat promise an abundant yield.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

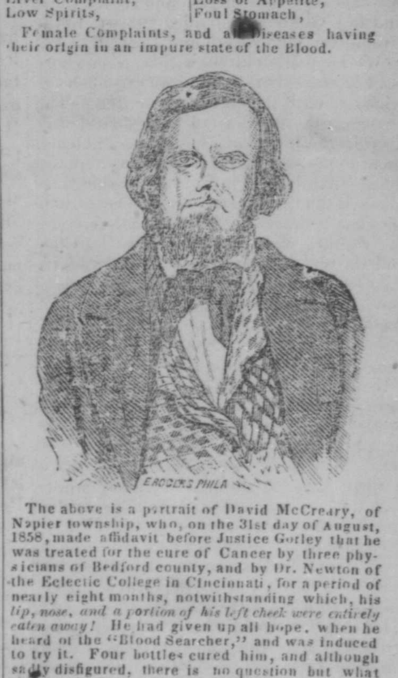
DR. LINDSEY'S IMPROVED
BLOOD SEARCHER,
A STANDARD MEDICINE

For the speedy, radical and effectual cure of ALL DISEASES arising from IMPURITY OF THE BLOOD.

This medicine has wrought the most miraculous cures in desperate cases of

Scrofula,	Cancerous formations,
Cutaneous Diseases,	Erysipelas, Boils,
Pimples on the face,	Sore Eyes,
Old, Stubborn Ulcers,	Scald Head,
Tetter affections,	Rheumatic Disorders,
Dyspepsia,	Costiveness,
Jaundice,	Salt Rheum,
Mercurial Diseases,	General Debility,
Liver Complaint,	Loss of Appetite,
Low Spirits,	Foul Stomach,

Female Complaints, and all Diseases having their origin in an impure state of the Blood.



The above is a portrait of David McCreary, of Napier township, who, on the 31st day of August, 1858, made affidavit before Justice Gorley that he was treated for the cure of Cancer by three physicians of Bedford county, and by Dr. Newton of the Eclectic College in Cincinnati, for a period of nearly eight months, notwithstanding which, his *lip, nose, and a portion of his left cheek were entirely eaten away!* He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although sadly disfigured, there is no question but what this invaluable medicine saved his life. The full particulars of this remarkable case may be seen in a circular, which can be had of any of the Agents.

We also refer to the case of Nancy Bleakney, of Elderton, Armstrong county, Pa., cured of Scrofula after being unable to get out of bed for three years.

To the case of a lady in Ansonville, Clearfield county, who was also afflicted with Scrofula in its worst form.

To the case of George Meisel, residing in Carroltown, Cambria county, Pa., who was so badly afflicted with Cancer that it eat his entire nose off, and his case was worse, if possible, than McCreary's.

The particulars of these cases—every one of which was cured by the use of the Blood Searcher—may also be found in a circular to be had of any of the Agents.
