POSITIVELY THE LAST NOTICE TO Delinquent Tax Payers!

HAVING already indulged the delinquent Tax Payers of Carroll County to an extent greatly injurious to my personal interests, and finding it extremely inconvenient to go through the County again, I have placed all Tax Bills, both State and County, which were due in 1854, '55, '56, and '57, (except those for Freedom District,) into the hands of JOHN T. DIFFENBAUGH, who is authorized to collect and receipt for the same. Those who may find it more convenient to do so, can pay to JACOB REESE, Cashier, or EDWIN F. REESE, at the Farmer's and Mechanic's Bank, Westminster, who are also authorized to receive and receipt for Taxes.

The collection of the Taxes due, as above stated, in Freedom District, I have reserved to myself, but will also receive and receipt for other Districts of the County, and I hereby notify all persons interested, *that further indulgence cannot and will not be given. Necessity compels the measure*—and if, in the collection of these Tax Bills, it should be found necessary to enforce the Law with all the rigor and energy of which it is capable, those who suffer by it must only blame themselves.

MEDICAL HOUSE,
NO. 11 SOUTH FREDERICK STREET
BALTIMORE.

DR. SMITH

HAS FOR MANY YEARS DEVOTED his whole attention to the treatment of Private Complaints, in all their varied and complicated forms. His great success in those long standing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the public as worthy of the extensive patronage he has received. Within the last eight years Dr. S. has treated over 29,000 cases of Private Complaints in their different forms and stages; a practice which no doubt exceeds that of all other Physicians now advertising in Baltimore, and not a single case is known, where the directions were strictly followed, and medicines taken a reasonable time, without effecting a radical, a permanent cure; therefore persons afflicted with diseases of the above nature, "no matter how difficult, or how long standing the case may be," would do well to call on Dr. SMITH, at his office, No 11 South Frederick street.

The afflicted should bear in mind that Dr. S. is the only regular physician advertising, who has for many years devoted his whole attention to the treatment of this class of diseases.

His Medicines are free from Mercury and all Mineral poisons; put up in a neat and compact form, and may be taken in a public or private house, or while travelling, without exposure or hindrance from business, and except in cases of violent inflammation, no change of diet is necessary.

We are called upon every few days to cure Chronic diseases which were supposed to have been cured years ago, but instead of which were only checked, driven into the system by Mercury or Copaiva, and therefore seemed to be well, but in a longer or shorter time, by some slight cause, broke out in its worst and most difficult forms, producing ulcers in the throat, nose or roof of the mouth, eruptions of the skin, pains or swellings of the bones etc. On account of the number of such cases which have lately come under my care, and the immense suffering which a little neglect or improper treatment in the first stages of the disease may cause, Dr. Smith thinks it his duty to advise the unfortunate, *particularly strangers*, to be careful that they are not deceived by *false advertisements of boasting quacks*, who make promises which could not be fulfilled, even by the most experienced physicians By neglect or improper treatment, the patient is often reduced to a state which makes the case extremely difficult to cure. Therefore all should be aware of the importance of consulting a skillful physician in the early stage of the disease.

CONSTITUTIONAL DEBILITY.

Young men! Beware of the pernicious indulgence and almost fatal injury you inflict upon your constitutions by evil examples and the morbid influence of the passions.

How many young persons of both sexes daily behold, whose countenances and debilitated constitutions depict disease arising from that horrible and devastating vice.

It could be shown how superpuration of the frame, palpitation of the heart, derangement of the nervous system, cough, indigestion, and a train of symptoms indicative of consumption, are often ascribed to wrong causes, when in reality they are the consequence of an alluring and pernicious practice, alike destructive to the mind and body.

☞DR. SMITH gives his special attention to the treatment of this destructive malady. Patients can be cured at home by addressing a letter to Dr. Smith describing symptoms and receive medicine securely packed from observation, forwarded by express or otherwise to any part of the country.

N B—Persons afflicted with any of the above loathsome diseases would do well to avoid *beguiling impostors* who infest this or any other city in the Union
