WEATHER FORECAST—FEB. 1920

9th to 13th—Cold wave. Very cold weather generally prevalent in northern, central and eastern sections. Temperature 30 degrees below zero at Spokane, 26 below at Bismark, 22 below at Denver, 18 below at Topeka, 15 below at Jefferson City, 5 below at Indianapolis and zero at Pittsburg.

14th to 17th—Fair period. Mild, pleasant weather for February at most points west of the Mississippi river. Soft, drizzly conditions from Gulf States northward to Maryland and Delaware. Slushy over Lake region and New England.

18th to 22nd — Blustry period. Rough cold northwest sweeping over the Rocky mountain region and states bordering on the Great Lakes. Freezing temperatures as far north as Oklahoma, Arkansas and Tennessee.

23rd to 25th—Showery wave. Dust storms and thunder gusts in states of the far southwest. Showery and mild; soft winds over Texas, Oklahoma, Arkansas and Louisiana. Sudden squalls over coastal waters of the Gulf of Mexico.

26th and 27th—Warm period. Fine pleasant conditions from California eastward to Georgia and the Carolinas. Slushy conditions over the Middle Atlantic and New England States.

A Fine Appointment.—Of interest to the 330,000 members in Maryland, Virginia, West Virginia and the District of Columbia was the appointment Monday of Thomas DeCoursey Ruth, of Baltimore, as manager of the Potomac Division, American Red Cross.

This important post has been vacant since January 28th, 1919, at which time Col. William Cary Sanger resigned. In the meantime, Keith Spaulding and David H. Brown officiated as acting managers. Henry White, former ambassador to France, was the first manager and predecessor of Col. Sanger, relinquishing the position to go overseas as a member of the Peace Conference.

Mr. Ruth was educated in the public and private schools of Baltimore and received the degree of A. B. and Ph. D. at Johns Hopkins University. Upon graduating from the university, he became master in Latin at the Gilman Country School for Boys in Baltimore, 1909-1910. Later he was instructor in classics at Princeton from 1912-1915, was Lecturer in Latin at Bryn Mawr College, 1916-1917 and Headmaster of St. Paul's School for Boys in Baltimore from 1917 until April 1918.

Mr. Ruth is a son of the late Thos. DeC. Ruth, Jr., and grandson of the late Thomas DeC. Ruth, Sr., of Chestertown, Md.

TO ARBITRATE LAWSUITS

Arbitration of commercial lawsuits was made possible Saturday by the Chicago Chamber of Commerce which secured approval by the municipal court judges of a plan to settle such disputes out of court. An arbitration committee of 13 was appointed.

Reasons advanced by the Association of Commerce in favor of the plan were that it would be a cheaper and quicker process than court procedure; it would enable experts instead of lawmen to pass judgment upon questions of dispute; it would not result in enmity between the parties to the suit and publicity would be avoided.

It was said the plan would be carried out under a State law on arbitration and awards passed in 1919.

SCIENCE TALKS

A celebrated scientist referring to cod-liver oil said that Nature had given the world "almost a ready-made food".

SCOTT'S EMULSION

is richest *Norwegian* cod-liver oil, elaborated in a scientific manner, very much as Nature wraps up each globule of butter-fat. *Scott's* is not unlike cream in consistency, but many assimilate it easier than they do other fats. *Scott's Emulsion* is concentrated nourishment that helps keep the body strong. *Give it a trial.*

The exclusive grade of cod-liver oil used in **Scott's Emulsion** is the famous "S. & B. Process," made in Norway and refined in our *own* American Laboratories. It is a guarantee of purity and palatability unsurpassed.

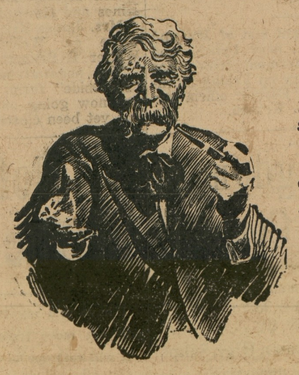
The Velvet tin is twice as big as shown here

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.



Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has *naturally* what pipe smokers want—real simon-pure *tobacco* taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

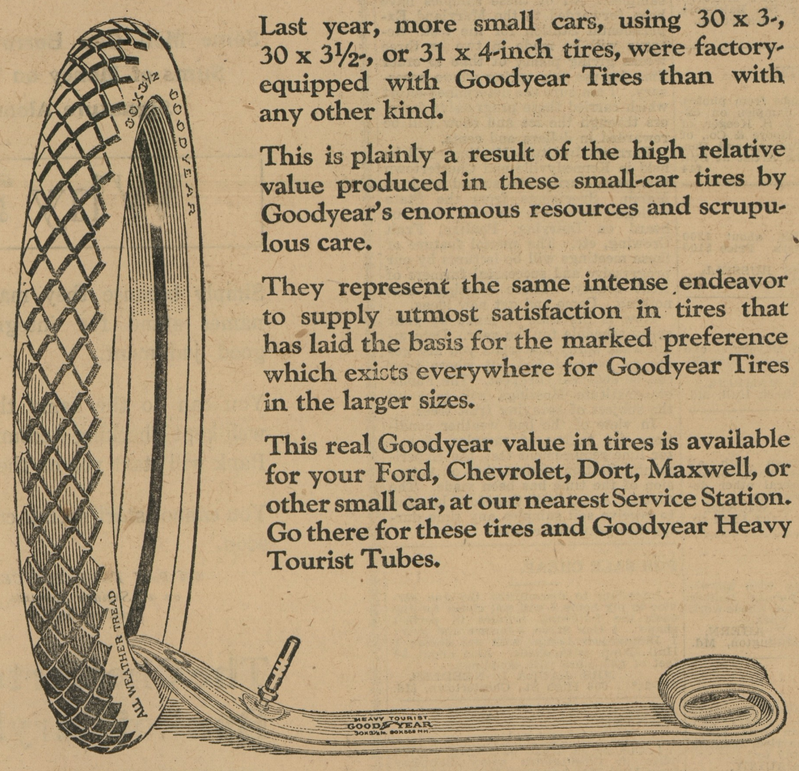
Why More Small Cars Come Equipped With Goodyear Tires



Last year, more small cars, using 30 x 3-, 30 x 3½-, or 31 x 4-inch tires, were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these small-car tires by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in water-proof bag*..... $3.90
