Ford

THE UNIVERSAL CAR

The Ford One Ton Truck is serving business just as faithfully and economically as does the Ford Touring Car serve all the people faithfully and economically. The Ford Truck is a necessity to the grocer both in delivering goods and in bringing goods from the stations, docks and from the country. It is an ideal motor car because there isn't a want of the farmer or business man that it doesn't supply in the way of quick transportation at a minimum expense. Come in, examine the Truck, and let us talk over the subject.

FARMERS CLUB MEET

The Still Pond Farmers Club met at the home of J. Leonard Price on Thursday, January 29. The president, E. A. Corey, was absent and F. A. Cornelius was made chairman. All the good and bad points of tractors were discussed at the morning session. Tractors requiring a gas mask for the operator were not favored. The comfort and ease with which they can be operated was considered very important. No particular make could be agreed on as the best.

After we had eaten a Farmers Club dinner we were ready to discuss the topic selected for the day—lime. Mr. Derrick was the principal speaker. He urged all to have their land tested so as to know how much lime it needed. He said that two-thirds of the land in Maryland needs more or less lime. Hydrated lime acts quickly and will do good work in the soil for about three years. Ground lime or shells does not act so quickly and requires about six years to get the full benefit of it. The test blanks and why they were needed was explained. A lime map of the State is to be made for the benefit of all farmers.

Tomatoes and grass seed were selected as subjects for the next meeting which will be held at E. B. Pennington's Thursday, February 26th.

The two jewelry stores in Chestertown will close at 6 o'clock, after Monday, each day except Saturday.

Romie Patric lost a valuable fox, rabbit and coon dog the other day from distemper. Distemper kills two-thirds of the dogs born in Kent.

D. Winthrop Ingersoll, who owns a fine muskrat marsh in Quaker Neck, shipped to a furrier in Brooklyn last week by parcel post, eight tanned muskrat hides, for which he had received $5 a piece.

Anniversary.—Mr. and Mrs. Wm. M. Hurlock celebrated their twenty-fifth wedding anniversary on Friday evening, February 6th, 1920, at their home near Kennedyville. A sumptuous dinner was beautifully served at six o'clock, the dining room and tables were tastely decorated with strips of paper suspended from the ceiling, the colors being white, yellow and green. A large wedding cake ornamented the center of the table. Sixty persons were present and partook of the dinner, while a large number were prevented from being present on account of the roads being blocked with snow. The most of these present were relatives and friends from this immediate neighborhood, those from other places were Miss Catherine and Master John Hesner, of Philadelphia; Miss Edith Harley, of Montgomery county, Pa.; Elwood Baker and family and Miss Fannie Baker, of Chestertown. Many beautiful, useful and expensive presents were received, consisting of silver, cut glass and other table ware. About ten o'clock the guests retired, wishing the happy couple many more happy and prosperous years.

Queen Anne Poultry Farm started its big 20,000 egg incubator, this week.

Edwin Corwin shipped a 30-pound turkey to a northern market, one day last week, for which he received $18.

Edmund Hurtt, of Locust Grove, brought his fine pack of hounds to Chestertown last week. Mr. Hurtt has some fast steppers and expects to have some good sport before the winter is over.

February Prices Make These Dining-Room Suits Very Interesting

They are of course of our high-grade standard of construction, our regular stock. And under existing conditions here many stores are showing depleted stocks of diningroom suites, such an assortment as here is unusual and hard to find.

Here is a mahogany suite, all mahogany of ten pieces. It is of plain straightline design with a recess swell front drawer. The table has 48-inch top. The chairs are covered in genuine blue leather. The suite is indeed an especial value, and its size lends it admirably to the small dining-room. With wood back buffett the suite of ten pieces is marked this month **$283.50.**

A William and Mary suite in American walnut with 60-inch buffett, a 50-inch, eight-foot table, and the chairs covered in a small figured tapestry, is **$450.00** the ten pieces.

An American walnut suite of Louis XVI period has 60-inch buffet with wood back, 54-inch, eight foot table, and the chairs covered in blue hair cloth. The ten pieces are $504.00. The buffett may also be had with glass back at a slight extra cost.

One rather unusual suite is a modification of the colonial type. It can be had in mahogany, walnut or brown oak. The chairs are covered in tapestry. The buffet is 60 inches long. The suite of ten pieces, **$450.00.**

An oak suite, Jacobean finish, William and Mary style, is marked **$180.00 for four pieces.**

In the Queen Anne period there are a number of suites to select from. One has a 54-inch wood back buffet, 48-inch table and eight-foot extension. The ten pieces are marked **$390.00.**

Another Queen Anne suite can be had with a 66-inch buffet, wood back and in mahogany or walnut. Chairs are covered in tapestry. The suite of ten pieces is priced **$450.00.**

And if it be an odd piece, a buffet, china closet or table, our assortment is complete, and February prices mean a saving.
