MISCELLANEOUS.

☞The steamer America, which arrived at St. John's yesterday with Liverpool dates to the 26th ultimo, brings the announcement that hostilities had at last been commenced within the Neapolitan territory. The city of Reggio, the ancient Rhegium, the southernmost city or seaport of Italy in Naples, and the capital of Calabria, had been captured by Garibaldi. Four thousand Calabrians had joined Garibaldi, and a general battle with the Neapolitan army was expected. Rumor asserts that a French army of one hundred thousand men has been prepared to march at short notice. The weather in England was more favorable to the crops. The British Government has appointed a special envoy to visit Washington to explain their views in relation to the navigation laws, belligerent rights, and enter into negotiations for opening our coasting trade to British vessels, &c. The Emperor Napoleon has made another pacific speech.

IMPORTANT TO FARMERS AND PRODUCE DEALERS.—The advices from France are that the crops are a partial failure in that country, and in consequence the French Emperor opens the ports of France to breadstuffs free of duty. This will add to the demand already created for American produce; and afford a steady market at good prices for all our surplus. Nothing could be better for our Farmers, whose crops have been so abundant this year, and with increased means arising from the ready sale of the products of their labor, they will be in a better position to pay any debts they may owe, and make new demands upon manufacturing industry. This will be a stimulus to keep all branches of trade and industry in healthful activity, and add largely to the resources and wealth of the country.

☞*Political Penance.*—It is cruel to compel Senator Seward to take the field for Lincoln. This maltreating a candidate as the Repulicans did Seward at Chicago, and then require him to assist in celebrating his own execution, is scarcely decent even in politics. It is intimated, however, that the bitter ultraism expressed in the Boston speech of the slaughtered Senator, was done with a well-grounded belief that it would alienate the powerful conservative element of the Republican party from the support of the "rail-splitter," and thus contribute to his ultimate defeat before the people.

Democrats Flocking to the standard of the Union.—A Washington correspondent of the New York Journal of Commerce, a high-toned Democratic paper, writes as follows:

Among Democrats who are not office-holders or expectants, there is a growing feeling in favor of Bell and Everett, and a hope that New York or Pennsylvania will withhold its Electoral vote from Lincoln, and thus permit the South to send Bell to the House, and Everett to the Senate. No one honestly claims the election of Douglas or Breckinridge by the people. The only question is, shall the Democrats conspire to elect Lincoln, with a view to spite each other.

☞*Wilkes' Spirit of the Times*, for the present week, says: "A great number of inquiries, which come from all parts of the country, are continually made of us for our opinion as to whether Heenan and Morrissey are likely to fight again. All we have to say in answer is, that as both men are brave, able and well, and that, as there still exists an irrepressible conflict between them and their friends, the likelihood is that they will 'come together' again. When that will be no one can say. Heenan is still engaged in his starring tour. Morrissey is now in the city."

The Texas Troubles.

Messrs. D. S. Barnes & Co., of New York, have received a letter from one of their customers in the town of Henderson, Texas, giving the particulars of the late destruction of that town. The clear loss is $212,000, and the fire is proved to have been the work of abolition incendiaries. No less than one hundred and twenty bottles of strychnine were found in the hands of the negro slaves, placed there by these abolition fiends. The citizens have formed a Vigilance Committee, and hot work is expected.

☞The Reformers of Baltimore city have nominated GEORGE W. BROWN for Mayor. The mode of nomination was a sort of "close corporation" proceeding that does not seem to be in harmony with our democratic institutions. The Reform newspapers called a reform meeting. The Presidents, two vice-Presidents, and two Secretaries of that meeting were authorized to appoint a Committee of twenty, who should have full power to nominate for Mayor and City Council. Sort of "Star Chamber" proceeding that.

Mr. Bell's Cabinet.—The Atlanta (Ga.) National American says that Mr. Bell's Cabinet will be thus composed:

Secretary of State, John J. Crittenden; Secretary of the Treasury, John M. Morehead; Secretary of War, Sam. Houston; Secretary of the Navy, W. L. Goggin; Secretary of the Interior, Washington Hunt; Postmaster General, J. Scott Harrison.

☞Mr. Seward got on his high horse at Boston. His predictions of Lincoln's success are magnificent. He promises him 80,000 majority in the State of New York, and the same thing substantially in relation to all the free states. He also gives notice that "with this victory comes the end of the power of slavery in the United States," and that "the last Democrat in the United States is born."

☞The municipal election at Leavenworth, Kansas, has resulted in the election of Mr. McDowell, the Republican candidate for Mayor, by 200 majority. The Democrats elect the Town Clerk, a Justice of the Peace, and three councilmen.

Consequences of Lincoln's Election.—We say that the election of Abraham Lincoln, like a wrathful thunderbolt of the Great Jehovah, would shake the earth to the remotest bounds of civilization and agitate the waters to the antipodes. And all good citizens who desire peace, and prosperity, and a cessation of sectional agitation, should weigh well the consequences of their votes on the 6th of November.—*Philadelphia Monitor.*

THE TRUE ISSUE—PONDER UPON IT.—Senator Seward, who foresaw the "irrepressible conflict," seems to have made up his mind that the battle has been fought and the sectional victory won by the Northern Abolitionists. He said, in the course of his speech at Boston on Monday evening, alluding to Lincoln's expected triumph, "Tell your fellow-citizens that with this victory comes the end of the power of slavery in this country."

This is the consummation of the "irrepressible conflict," as announced by its original author, now the acting supporter of his rival, Lincoln, and aspirant for the new Premiership. The conflict being "irrepressible," the victory is the destruction of the constitutional rights of the South! Here, then, is the new Seward, Lincoln and Republican symbol, watchword motto—Put an end to Slavery!

Seward, of course, like all Republicans, is a state and conservative patriot; but when he does stumble into the traitor's ditch, he falls into it headlong.

"Treason, stratagems and spoils;
Let no such man be trusted."

☞*Another Accession.*—The Maryland *Citizen*, published at Centreville, Queen Anne's co., Md., comes to us this week with the honored names of the Union representatives at its foremast.—We cordially welcome the *Citizen* into the ranks of Union men. In adopting the course it has, our Centreville contemporary but proves its right to the title and the honors of a "*Good Citizen.*"

☞A Southern paper, wearied out with the accusations against John Bell, and the contentions about "platforms"—and "antecedents"—and "interventions," and all that, declares that "John Bell stands upon the most impregnable Southern platform that can be erected—and one upon which many of those who are loudest mouthed against him, on the 'slavery' question do not stand—and that is—being the owner of a number of slaves himself.

Senator Bright Gives it up.

A Baltimore correspondent of the Cincinnati *Enquirer*, a Douglas journal, thus states the opinions of Mr. Bright of Indiana, the friend of Mr. Breckinridge:

"Bright's accounts of the late butchery in Kentucky are enough to make one's heart ache. His accounts of the Missouri election, and of the general feelings of the people of the Northwest, have placed a complete damper upon all the future labors of the Breckinridge Committee to disband, and let matters now sufficient in the south to prevent Douglas from carrying a Southern State, and that he cannot get enough in the North to secure his election. Bell, he says, will be elected by the House of Representatives. You will, therefore, see the game of the confederates. They never had a hope of electing Breckinridge."

☞But a few weeks ago the family circle of the Hon. Wm. H. Purnell, the comptroller of the Treasury of Maryland, embraced five interesting children. Disease, however, recently invaded his household, and of the five who composed this happy family group four now sleep in the arms of death, and the last lies prostrate beneath the hand of affliction. Diptheria is the disease which caused the fourth death in the family, on the 2d inst.

A New County.—The Annapolis Republican states that a petition is now being signed for presentation to the next Legislature, for the purpose of forming a new county of the lower portion of Anne Arundel county, known as south and West River, having Owensville for its county town.

☞We have received a copy of the "Bell Union," a spirited little campaign paper just started in Chestertown, by J. K. Boardley & Co. It advocates the cause of those noble spirits, Bell and Everett. We wish friend Boardley much success.

Defined His Position.—The Hon. William T. Goldsborough, of this county, defined his position at the political meeting in this town, on Monday last, by anouncing himself favorable to the election of Bell and Everett. Mr. Goldsborough was an old line whig, but has acted partially with the Democratic party ever since the American party sprung up.—*Cambridge (Md.) Her.*

☞A movement is on foot in Louisiana in favor of calling an extra session of the Legislature, for the purpose of appropriating funds to purchase corn and flour for the supply of the famishing people of the Planquemines and the Natchitoches districts, where the crops have been entirely blasted by the drought.

☞From a one hundred acre field, belonging to the "Dutch Colony" in Iowa county, there were raised and threshed *thirty seven hundred bushels* of excellent spring wheat.

☞Bennett charges Mr. Buchanan and his cabinet with being in favor of Mr. Lincoln's election, and doing all it can to elect him.

☞The Savannah *Republican* begins to think that Col. Bell will carry Georgia, by slipping in between Douglas and Breckinridge.

☞The Bunker Hill *Aurora*, an old and able Democratic journal published at Charlestown, Mass., has come out strongly and zealously for Bell and Everett.

☞A writer from Georgia says "the friends of the Union, the Constitution, and the laws, are now engaged in the most gallant fight, and expect to renew the scenes of 1840, revised and improved. All sound men are moving in the glorious tide for Bell and Everett, and you may be assured of decided triumph for that ticket in Georgia in the next election."

☞A lady, paying a visit to her daughter, who was a young widow, asked her why she wore the widow's garb so long. "Dear mamma, don't you see!" replied the daughter; "it saves me the expense of advertising for a husband, as every one can see that I am for sale by private contract."

POSITIVELY
THE LAST NOTICE TO
Delinquent Tax Payers!

HAVING already indulged the delinquent Tax Payers of Carroll County to an extent greatly injurious to my personal interests, and finding it extremely inconvenient to go through the County again, I have placed all Tax Bills, both State and County, which were due in 1854, '55, '56, and '57, (except those for Freedom District,) into the hands of JOHN T. DIFFENBAUGH, who is authorized to collect and receipt for the same. Those who may find it more convenient to do so, can pay to JACOB REESE, Cashier, or EDWIN F. REESE, at the Farmer's and Mechanic's Bank, Westminster, who are also authorized to receive and receipt for Taxes.

The collection of the Taxes due, as above stated, in Freedom District, I have reserved to myself, but will also receive and receipt for other Districts of the County, and I hereby notify all persons interested, *that further indulgence cannot and will not be given. Necessity compels the measure*—and if, in the collection of these Tax Bills, it should be found necessary to enforce the Law with all the rigor and energy of which it is capable, those who suffer by it must only blame themselves.

S. R. GORE,

July 20.—4t. Collector.

NOTICE TO
TAX PAYERS.

I HEREBY give notice to all persons yet in arrears for TAXES due to me for 1858 and 1859, and also to S. R. GORE, for the years 1854, 1855, 1856, and 1857, that I will be at the Court House during the entire Term of Court next, September Term, for the purpose of receiving Taxes for the years as above stated; and all those who desire to save costs, can call and settle the same during the session of Court. I will also attend at the Court House ON EVERY MONDAY for the accommodation of all Tax-payers who desire to meet me and settle the same.

All Taxes not paid during Court will be speedily collected thereafter, without respect to persons, as I am compelled to close my collections at an early date, and will consequently grant no further indulgence to any one.

All those who do not avail themselves of the above opportunities, must not blame me if they are taxed with costs, either on my own Taxes or Taxes due Mr. S. R. GORE, *as further indulgence cannot be expected from any one.*

N. B. Mr. S. R. GORE has placed his back Taxes in my hands for collection, as may be seen by advertisement in another part of to-day's paper.

2. If subscribers order the discontinuance of their newspapers, the publisher may continue to send them *until all arrearages are paid.*

MOFFAT'S
Life Pills and Phœnix Bitters.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind, Flautulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of bowels the slimy matter to which these creatures adhere.

ASTHMA and CONSUMPTION, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed becomes hardened, and produces these dreadful diseases.

SCURVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, and after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent.

Try them, be satisfied, and be cured.

BILIOUS FEVERS AND LIVER COMPLAINTS.

GENERAL DEBILITY, Loss of Appetite, and Diseases of Females—these medicines have been used with the most beneficial results in cases of this description: King's Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painter's Colic, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla.

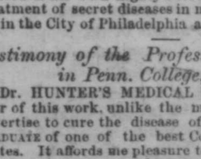
MAN AND WOMAN,

Their Physiology, Functions, and Sexual Disorders of every kind, with never-failing Remedies for the speedy Cure of diseases of a private and delicate character, incident to the violation of the Laws of Nature and of Nature's God.

PRICE TWENTY FIVE CENTS.



The author of the above volume is a graduate, and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a speciality, he has become possessed of most invaluable information in regard to the same, and is able to compress into vade mecum compass the very quintessence of medical science on this important subject; as the result of the experience of the most eminent physicians in Europe and America is thoroughly demonstrated in his own highly successful practice in the treatment of secret diseases in many thousands of cases in the City of Philadelphia alone.

Testimony of the Professor of Obstetrics in Penn. College, Philada.

"DR. HUNTER'S MEDICAL MANUAL."—The author of this work, unlike the majority of those who advertise to cure the disease of which it treats, is a GRADUATE of one of the best Colleges in the United States. It affords me pleasure to recommend him to the UNFORTUNATE, or to the VICTIM OF MALPRACTICE as a SUCCESSFUL and EXPERIENCED practitioner, in whose honor and integrity they may place the greatest confidence. JOSEPH S. LONGSHORE, M. D.

From A. Woodward, M. D., of Penn. University, Philada.

It gives me pleasure to add my testimony to the professional ability of the Author of the "MEDICAL MANUAL." Numerous cases of Diseases of the Genital Organs, some of them of long standing have come under my notice, in which his skill has been manifest in restoring to perfect health, in some instances where the patient has been considered beyond medical aid. In the treatment of Seminal weakness or disarrangements of the functions produced by SELF-ABUSE or EXCESS of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as a kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves. ALFRED WOODWARD, M. D.
