The Delaware Legislature defeated Suffrage 26 to 9.

The Burke racing bill has passed. It provides for regulated gambling. Senator Russell voted against the bill.

T. Allan Goldsborough, Esq., of Denton, has qualified in every county of the Eastern Shore as a candidate for the Democratic nomination for Congress from the First Congressional District.

Dr. Samuel C. Mitchell has resigned as president of Delaware College to become professor of history and political science in Richmond College, Richmond, Va. The resignation takes effect September 1.

Edwin Warfield, former governor of Maryland, the father of the surety bonding business, and the occupant of many other places of financial and public honor, died at 8.30 o'clock at his home, on Linden avenue, following an illness of more than a year, Wednesday, aged 72.

The following item will give some idea of the high cost of funerals in New York. The funeral of Capt. Jos. R. Delamar, cost $22,730. Of this sum, $10,680 was paid for a burial plot in Woodlawn Cemetery. Flowers cost $7,477; $300 was paid for singing and the clergyman's fee was $250.

Senator Borah has scared the managers of the Wood and Lowden Presidential nomination campaigns by his Presidential nomination campaigns by his threats of an investigation to learn how much money they are spending. What a mine of interesting revelations such an investigation might prove.

President Wilson is the subject of a subtle attack through a series of "bedtime stories" put out by the Republican Publicity Association, of which Jonathan Bourne, Jr., is president; former Senator John W. Weeks, vice president, and Representative Martin B. Madden, treasurer. He is one of the greatest men of modern times and can withstand any attack be it "bedtime" or "getting up time."

"Bro." Williams, of Elkton, is running for Congress on a dry platform. He says, "the rummies are not the people. Of course, the fellows who are suffering just now from an aggravated and unquenchable thirst are making a lot of noise, just as one colicy baby can raise thunder all over the house. But the baby is not the whole house." Isn't there a candidate on the Democratic side who can speak equally as bold. Where does Col. Sisk and Allan Goldsboro stand? Mr. Robertson states his platform elsewhere in News. Let the people know.

Senator Thurman H. Newberry and 16 of his 84 co-defendants were found guilty of criminal conspiracy in the 1918 Senatorial election by a jury in the United District Court at Detroit.

Later in the afternoon Senator Newberry was sentenced to two years imprisonment at Leavenworth and fined $10,000. Similar or smaller sentences imposed on the others. The jury deliberated 11 hours. It is indeed refreshing to read of justice being meted out to such men as Newberry and we take off our hats to that jury who had the manhood to stand up for law. We are of the opinion that many more men in high office would be convicted likewise if put on trial.

The "Completed Peace Temple" is the title of symbolic exercise to be presented by Christ M. P. Church on next Sunday night.

A tornado visited Chicago and the South on Sunday killing 200 persons and doing millions of dollars damage. Thousands of people were made homeless.

Thieving.—A thief walked into E. D. Jones' bakery Wednesday night between 11 and 12 o'clock, stole his cash register, rifled it of $2, and returned it to the front door. J. S. Vandegrift saw the supposed thief but before an officer could be summoned he escaped.

Capt. J. Thomas Kibler's room at Washington College was stripped of its trophies and souvenirs Wednesday No money can replace these valuables and the popular Captain is very much hurt at the incident.

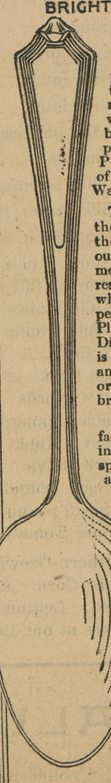
STERLING

The Plymouth
BRIGHT FINISH



This attractive design has been specially prepared to meet the insistent demands for a flatware pattern to be used with the popular Gorham Plymouth line of Dinner and Tea Ware.

The rich effect of the square edge, the simplicity of outline and refinement of decoration result in a pattern which harmonizes perfectly with the Plymouth line of Dinner Ware, and is appropriate with any other Colonial or Old English bright finish ware.

The bowls of the fancy pieces, while in accord with the spirit of the design, are attractively novel in construction and appearance.

Made in Sterling Silver only, and stamped with the Trade Mark: Lion Anchor and letter G

Which insures quality and purity of design.

What Manner of Man Do You Want As Representative in Congress?

To The Voters of Kent County:

W. H. ROBERTSON

Monday, May 3, it will be your patriotic duty, as well as your privilege, as American citizens, to cast your vote in the Primary Elections for a man to represent you in the House of Representatives at Washington.

As self governing citizens you will want to express your choice for your Representative because you KNOW what he stands for and NOT because someone tells you how to vote.

In order that you mayknow about one of the candidates who is seeking the honor of speaking and acting for the people of the Eastern Shore in the Halls of Congress, the ROBERTSON FOR CONGRESS LEAGUE is being formed to give the voters of the First Congressional District of Maryland this information.

Hilton W. Robertson, of White Haven, Wicomico county, has yielded to the urgings of his friends in Wicomico Dorchester, Worcester and Somerset counties to stand as a candidate for Congress.

These friends, who have known him all his life and who have been deeply impressed with his ability in the past several years, want every voter in the nine counties to know him also, in order that every one may vote intelligently at the primaries on May 3.

Therefore, in these columns from week to week until the primary election, they will tell you something about Mr. Robertson and why they believe you, too, will want to vote for him. Get this newspaper every week and read the story.

ALSO, you are invited to express your views on any matters of public importance which you think your Representative should know, BEFORE you cast your vote for him.

Mr. Robertson is seeking nomination as YOUR REPRESENTATIVE and, therefore, should know your views. Don't wait until after election and then "kick," but say now what you expect in the Representative you vote to send to Congress.

In the following weeks' issues of this newspaper, we will tell you who Robertson is; what he has done for the lower counties, the whole Eastern Shore and the Government: what his qualifications are for public office and some of his views on public questions.

Meantime, we shall be glad to hear from you. Perhaps, if in the past you had given a little more time to your duties of citizenship. instead of letting the other fellow do it, you would now be saving time and money that you MUST spend in taxes. Sit down long enough to write a letter telling what you expect of a man you send to Congress, and address it to the

Notice to Teachers & Patrons

TUESDAY, MAY 6th, 1920

has been selected by the State Board of Education as the day for the

KENT COUNTY ANNUAL SCHOOL RALLY

and for the events conducted under the auspices of the PUBLIC ATHLETIC LEAGUE.

It is the desire of the school authorities of this county to make this a most impressive occasion. A big Mass Meeting of Kent's Citizens will be held in WILLIAM SMITH HALL at Washington College, when interesting speeches will be made on such school problems as are prominently before the public.

Arrangements will be made to secure able speakers, and it is hoped that the people generally in the county will call a holiday for April 29th and spend the day in Chestertown.

Performance in The Hands of Thousands of Owners

has given the Cletrac its leadership in the Tractor field. All—yes, more than Rollins H. White, designer and builder of the Cletrac, claimed fo it, has been done by Cletrac farmers.

When the farmer buys a Tractor he wants a complete hauling and stationary power service, not simply a Tractor that will plow. A Cletrac meets this need in every way. It has only 4¼ pounds of weight per square inch on your fields. The same as your roller or cultipacker, therefore, does not injure your farm by packing the soil too much.

The Cletrac was designed not only to do a good job of plowing, but all kinds of farm work, and all kinds of hauling under all kinds of conditions. It fits the seed bed, as well as it plows; it does the seeding and harvesting; the hay making and threshing; the farm hauling; the wood sawing; silo filling and road building.

When in town stop in and see this wonderful little Tractor work, get a descriptive catalogue and arrange for demonstration, so as to assure prompt delivery, as the factory is back with orders. The Canadian Government has a contract for 1000 Cletracs, at once. We had more Cletracs in the Great War than any other maker of Tractors. See me before you buy.
