HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."—Mrs. LESTER E. WARNER, R. 1, Box 69, Onalaska, Wis.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

A BRIEF REVIEW OF TELEPHONE FACTS

IN A NUMBER OF ADVERTISEMENTS appearing in this and other newspapers we have endeavored to make clear our reasons for asking the Public Service Commission for an increase in telephone rates throughout the State of Maryland. Briefly summarized, these statements have covered the following points:

1.—INCREASED COSTS have seriously affected us. During 1919 we did not even earn enough to pay our operating expenses and interest charges.

2.—INSUFFICIENT REVENUES mean that a public utility cannot fulfill its obligations, first, to serve the public and serve it well; and second, to earn a fair return. We have undertaken these obligations and must not neglect them.

3.—SALARIES AND WAGES, our largest single item of expense, have greatly increased. Since 1915 the average wage paid our employees has increased 77 per cent.

4.—TELEPHONE MATERIALS, our second largest expense, have sharply increased in cost. Since 1914 the average cost of materials has gone up 90 per cent.

5.—TELEPHONE RATES, conforming to an unchangeable law of trade, are governed always by the cost of producing telephone service. While a private industry might raise prices or suspend operations until conditions become more nearly normal, a public-serving company must continue doing business at rates approved by the proper authorities.

6.—ALTHOUGH RATE INCREASES were made effective some months ago, these rates have not proved adequate because they were based on an anticipated drop in costs. Instead of decreasing, costs have risen.

ASSUMING THAT OUR VALUATION of the company's property is fair and that our management is economical and efficient, both of which we are prepared to prove, we believe that the public will endorse our effort to earn a fair return on our investment. This is all we are asking in our petition for higher rates now pending before the Public Service Commission.

MARYLAND DAY IN FAIRLEE

Eight o'clock last Thursday morning found Fairlee well on the way to at last having a "ride-through-in-comfort" road made. There have been many trials by county paid men, but the volunteers have done a better piece of work than has ever before been attempted. The county gave the use of a truck and two men; Morris Bramble gave the use of shovels; Mr. Elliott and truck and his colored man; Joe Watson being unable to help sent a colored man; Mahlon Lee gave two wagons and drivers; Mr. Cruger gave the use of his big truck, and Mr. Addams to drive; while Wm. Keyser and Mr. Deputy and colored man, Allie Baker, Raymond Sparks, Arthur Deputy, Lee Barnes, Harry Jones Ralph McGinnes, James Ackerman and Medfod Keyser loaded and unloaded the dirt, trimmed the ditches and leveled off the road. Pounding and working as tho on a contract job and high wages at that. Nobody and everybody bossed the job, with the result, one can now ride through Fairlee without feeling that sickening sensation of a rolling sea from the series of holes and ruts that has heretofore been called a road. Everyone that came along was handed a shovel and told to pitch in and help, even to small boys that the long handled shovels towered over. And when the sun went down, it left a tired but triumphant set of men who have accomplished something for simply the glory in it that the county has not seemed able to buy.

IN MEMORIAM

In sad but loving remembrance of our dear daughter, mother and sister, FLORENCE C. HOGANS, who departed this life twenty-four years ago April 1, 1896.

By the beautiful gates she stands and waits,
My dear mother, from pain set free;
I shall clasp her hands and feel her kiss
When the hinges turn for me.

Although I have never seen her, was only a little baby when God called her from me, but some day we will see each other if I am only faithful, and what a meeting that will be, mother and child.

By her daughter, Florence.

'Tis only a step that divides us
From the glories no mortal hath seen;
We shall find her when death's grim fingers,
Shall have lifted the veil between.

By her mother, Mrs. Jas. Casey and sisters, Nellie and Hattie.

In sad but loving remembrance of my dear husband, RICHARD C. COLLYER, who departed this life March 16, 1920, age 32 years.

O, the memory of that evening,
When they told me that my dear husband was dead;
My heart was crushed with sorrow
And bitter tears I shed.
As the evening sun is setting
Oftimes when I sit alone,
In my heart there comes a feeling
That my darling will come home.
I did my best, God only knew
To ease his pains, which were not few,
Until at last His fond embrace
Carried him home to eternal resting place.
My heart is sad and lonely,
My grief too deep to tell,
But time will come when we shall meet
And all to you will tell.
You are not forgotten, Richard, dear,
Nor will you ever be,
For as long as life and memory lasts.
I will remember thee.

By his loving wife, Beula Collyer.
