A Fine Record.—Kent County's best Holstein, Lady Rag Apple Kruger, No. 358115, owned by N. V. Walters, of Galena, freshened at the age of 3 years 2 months and 7 days, and was put on official test for seven day advanced Registery record, making 2.06 pounds of butter in seven days. The test was made under the supervision of A. P. Dows, of the Maryland State College. This heifer is also the dam of the first prize winner in the junior calf class at the Maryland State Fair at Timonium in 1919. This latest butter record gives an average of 30 pounds of butter on his ten nearest dams. This record was made without the use of silage or hay.

Big Shad Prices.—The fishermen of Rock Hall have made some fine hauls of shad the past few days. More than a thousand were shipped to Baltimore Monday and equally many carried by truck to Betterton where buyers paid 30 cents per pound for roe and melts. Wednesday morning the price was up to 36 cents per pound. Fishermen have large sums invested in nets and run a great risk so that it is necessary that they realize good prices. Even Love Point fishermen found Betterton the best market. The Betterton fishermen have not had much success as yet.

Jesse E. Ireland has resigned as cashier of the Galena branch of the Chestertown Bank of Maryland, and will be succeeded by Roland R. Pennington, of Galena.

Home Nursing.—Mrs. J. B. Holloway, Field Representative Potomac Division American Red Cross, is in Kent county on behalf of the Home Nursing Classes that are being organized in the county. Miss Miller, of Baltimore, is to instruct the classes beginning the first of the week. So far there are nine classes organized. The aim of these classes is to cope with illness as it arises in their own homes. Every one is encouraged to take the course. Miss Rogers, County Nurse, will give full information.

Oyster Roast.—A number of the younger set of Centreville were entertained last Saturday by Mrs. L. W. Wickes, of Chestertown, at an oyster roast on the Kent side of Chester river, at Quaker Neck, about 8 miles from town. A feast royal, in picnic style, was enjoyed, consisting of roast oysters, Maryland biscuits and old ham.

A number of Chestertown's young folks joined the Queen Anne's party en route, and a most delightful time was had.

Mrs. William J. Price was chaperone for the Queen Anne's girls and boys, among whom were Misses Juliet Price, Mary Earle Feddeman, Sarah Wright, Robert and Atherton Mid-Middleton, Richard T. E. Forman, Clayton Thomas, Otho W. Forman and John B. Brown.

Farm Wages.—Much information has been gathered by the Talbot County Agriculture Advisory Committee in reference to a fair wage scale for farm workers in that county. From this information a wage scale has been adopted for labor of all kinds on the farm.

For thinning corn, 20 cents to 25 cents an hour without board. Setting out tomato plants, same price. Hay harvest, $3 a day, with board; without board, $3.50; an hour, with board, 25 cents; an hour, without board, 30 cents.

Wheat harvest, $3 a day, with board; $3.50, without board; 30 cents an hour, with board; 35 cents, without board. Threshing, $3 a day, with board; $3.50, without board; 30 cents an hour, with board; 35 cents, without board. Picking tomatoes, 3 to 5 cents a basket, according to price. Corn cutting, $3.50 a day, with board; $4, without board; 35 cents and 40 cents an hour. Husking corn 40 cents a barrel (the fodder).

Ordinary day work, $3, with board; $3.50, without board; 20 cents an hour with board; 25 cents, without board.

Dust Your Berries.—To get rid of weevel and increase your strawberry production dust the vines with a mixture of 85 per cent sulphur and 15 per cent arsenate lead. Dust the vines thoroughly when first buds appear and again in a week or ten days. This treatment is used by the largest growers on the peninsula and is said to be most effective.

TO OLD SUBSCRIBERS.—Please look at the label on your Kent News paper and see when it is paid up to Your attention to this will be appreciated.

Fine Cattle.—John Anderson, of Cecilton, Md., sold to Merrick Clements this week a high-grade registered Holstein bull, Johanna King Segis Acme No. 275162 by Johanna King Segis the 41 pound son of the Great old bull Uing Segis No. 36168. The dam of Mr. Clements bull is Rhoda Segis Beets No. 189302, a 26-pound daughter of Rhoda Segis, who was sired by the old great bull, King Segis No. 36168. This was one of the best bred and best individual bulls Mr. Anderson ever sold and one of the best that was ever placed at a herd sire on any farm in Kent county. Mr. Anderson also sold Mr. Clements a yearling heifer sired by a son of King Model, who sold in Syracuse for $10,400. Mr. Clements has started right and with such breeding as he has bought will in course of time develop some fine cattle.

New License Rates.—Clerk of the Court A. Parks Rasin received the new license rates which go into effect at once.

Some of the outstanding changes show a decided leap. Soda fountains were the hardest hit, the new rate being $26, as against the old one of $7. Moving-picture house fees were practically doubled. For a 1,000 capacity house charging five cents, a fee of $101, as against the old one of $51, is charged, with a proportionate decrease for houses of less seating capacity. For houses charging over five cents admission, $301 must be paid, as against the old rate of $101, and a proportionate decrease in the rate for smaller houses. Bowling alleys will be taxed $26 for one alley, and $21 for each additional, whereas the old rates were $21 and $11. Storage warehouses now pay $151 tax, while they formerly paid but $51.

GRAND PLACE FOR CHILDREN

A stranger passing the Chestertown Elementary School would think that it was an excursion or picnic ground. It is, however, just an ideal spot for the boys and girls who attend school there. Thru the Parents' and Teachers' Association the grounds have been fitted up with swings, traveling rings, slide, see-saws, etc. Walter Wright, whose heart is as big as his person, was largely instrumental in furnishing this apparatus and was given a vote of thanks by the association and by the scholars.

A parents' and teachers' meeting was held after the exercises Friday afternoon, Fred. G. Usilton, presiding. Reports from the sanitation and play ground, committee were given and both committees had done good work. It being the time for election of officers, the nominating committee, Mrs. D. B. Ford, Mrs. Robert Huey and Mrs. Leon Brown named the following officers for the ensuing year: President, Miss Fannie E. Stuart; vice president, Walter Wright, secretary and treasurer, Mrs. A. Parks Rasin. These were unanimously elected. An executive board was also named consisting of the newly elected officers with Mrs. P. A. M. Brooks, Mrs. D. B. Ford and Fred. G. Usilton. After discussing ways and means to raise money for a new fence the meeting adjourned. The board decided that on Rally Day, ice cream, sandwiches, etc., be on sale to help defray the expense of the fence. This will afford an opportunity to the visiting children to enjoy the play ground, also to obtain a light lunch if they so desire.
