DRASTIC MOTOR LAW

Heavy Penalties To Users Who Do Not Comply.

Kent countians should familiarize themselves with the important changes in the motor vehicle law. After June 1 the commissioner is forbidden by law to issue either a certificate of registration or liecnse plates for any car until the owner thereof first secures a certificate of title for same from his office. The law gives all persons who have already secured license plates and registration card for the year of 1920 ninety (90) days in which to secure a title to their car.

After September 1 it will be a misdemeanor, punishable by a heavy fine, to operate a car registered in Maryland unless a certificate of title has been issued to cover this car. On or about the 1st day of June every car owner in the State of Maryland will receive a copy of the new law governing titles, as well as a synopsis of other minor changes in the automobile law. At the same time they will receive an application blank for a certificate of ownership.

On this blank they will be required to give a full description of their motor vehicle, together with a statement of their title to same and any liens or incumbrances thereon. If the identification numbers, serial numbers, or engine numbers on the motor vehicle have been tampered with or have been changed, mutilated, defaced, the owner of such a car must within sixty (60) days from June 1 file with the commissioner of motor vehicles a verified statement explaining such mutilation, obliteration, etc., on blank provided for this purpose by the commissioner of motor vehicles. The commissioner will make an investition, and if he finds no irregularity concerning the mutilation of numbers as far as the present owner is concerned, he will issue a new number, which number shall be regarded thereafter as the one to be used in describing such motor vehicle. In the event that an automobile has been purchased second hand, it will be necessary for the present owner to state name and address of the person from whom car was purchased and whether the vehicle was bought by cash purchased, trade, conditional sale, or bill of sale. The charge for an original certificate of ownership is to be $1. In event of the sale or transfer of the ownership of motor vehicle for which an original certificate of title has been issued the original holder must endorse on the back of same an assignment thereof to the purchaser, together with a warrantee of title and a statement of all liens or incumbrances on said motor vehicle.

THE M. MEGARY & SON CO.

Co-operating with the R. L. Foord Furniture Co. and The Wilmington Furniture Co. in an effort to reduce the cost of home furnishings.

And Just What Does Twenty Per Cent Discount Mean?

It means that overnight in three of Wilmington's biggest home furnishing stores the buying power of your dollar increased 20 per cent.

That twenty-five cent bottle of furniture polish costs you, for awhile, twenty cents.

That fifty-dollar porch hammock can be purchased for forty dollars.

That five-hundred-dollar livingroom suite you've wanted will cost you four hundred dollars.

And so on all through this big stock (with the exceptions noted below) go these savings.

The amount you save is regulated only by the size of your purchase.

The 20 per cent discount means that now is the time, above all times, to get that wanted furniture.

There is one thing which we would impress upon you, however:

Some day, and we don't know when, we will have to discontinue this reduction.

It is of the utmost importance therefore that if you contemplate the purchase of home furnishings, you purchase them now.

Our entire stock is reduced 20 per cent with the exception of floor coverings, which are reduced 10 per cent, and a few trade marked articles.

Sales will be made on a cash basis only.

Sales will be made only for prompt delivery.

Sales will be final, but of course, every article bears our guarantee.

"TAKE FIFTY PER CENT OFF THIS PRICE"

All through this store you'll find on some particular pieces a price tag with the above request.

It means that you can buy that particular article for just one-half the figure on the price tag.

They are, frankly, parts of broken suites, pieces that we cannot or will not duplicate. They are not shopworn or imperfect in any way and are sold with our usual guarantee.

These pieces are mostly china closets in mahogany and walnut, serving tables in mahogany and walnut and Jacobean oak; fumed oak chairs and odd settees.

Incidentally a serving table makes a very good hall or console table and with a mirror hung above, a very satisfactory dressing table.

There are about fifty-five pieces that bear this particular one-half price tag.

But you will have to come in early to be one of the fortunate fifty-five buyers.

Mrs. John Diehl has been quite sick for several days.

Mrs. Enoch Latham, of Chestertown has been visiting Mr. and Mrs. Joseph Williams.

It is reported that there is a man here who vouches that another resident went to Baltimore and had himself baptised a Jew that he might be allowed the ten gallons of wine which the Jewish religion requires. All such narratives serve to prove the strong grip that alcohol has on the system of many men. Let the people who have suffered from the dire results of intemperance through no fault of their own work the harder to save their sons from temptation and their daughters from the risk of marrying a man with the taste.

FORD PLANT SELLS NEW MOTOR FUEL

Benzol Has Higher Combustive Power —Is By-Product Of Coke.

Five thousand gallons of benzol, a by-product of coke used for motor fuel, is now being daily extracted and refined at the Ford Motor Company's Blast Furnace Coke Ovens near Detroit, Mich. This fuel, which is more highly combustible than gasoline, is now being sold at a public station at the above named plant, and has proven highly satisfactory. This price at present is about the same as that of gasoline.

While the Ford Motor Company is not the first to discover or use this fuel for motor cars, still the public station is the first ever opened to sell benzol exclusively for motor car consumption. This filling station carries a supply of 25,000 gallons of benzol on hand all the time. To date some 300,000 gallons have been sold and used by car and truck drivers in Detroit. Particularly during the recent strike there was an exceptionally large demand for this product.

Benzol has not as yet reached the highest stage of refinement, and present results are best when it is mixed in equal portions with gasoline. Heat and cold also affect differently from gasoline. But the Ford chemical laboratory are doing a great deal of experimenting and soon hope to be able to refine it so it can be used alone and under all conditions. Of course, its chief effectiveness comes from its high combustive power which is between twelve and fifteen per cent greater than gasoline.

Ford officials state there is no possibility of benzol ever displacing gasoline as a motor fuel, since it is a by-product of coke and therefore obtainable only in limited quantities.

Presented a Play.—The Literary Club, of Crumpton, presented their play "The Church Fair" Saturday evening. There was no place in town large enough in which to seat the audience so Mr. Hellweg, of the D. E. Foote Co., gave the use of the Crumpton Cannery loft. A stage was improvised of boxes, and with the aid of draperies and flowers the ladies made a very attractive setting for the show. The residents of the town loaned chairs and in this way the large audience was seated.

The program consisted of the play with the following characters: Mrs. Spencer Merrick, Mrs. Cooper Tarbutton, Mrs. Mollie Tarbutton, Mrs. George Harrison, Mrs. J. W. Stack, Mrs. Ryland, Mrs. James Walls, and Mrs. Clay Hendrix. Misses Helen and Blanch Stack and Ruth Lee sang and danced, and an attraction well worth mentioning was Mrs. Elwood Coleman and Mrs. Hodgson, negro song and dance artists. Professors Robert Godwin and Thomas Ware and Miss Foulks furnished the music. The receipts amounted to about $60.

The Rev. Dr. John Heyl Vincent for many years a bishop of the Methodist Episcopal Church and notable among other things as the founder in 1878 of the Chautauqua Assembly in New York, died suddenly Sunday at his home, 5700 Blackstone avenue, Chicago, at the age of 88 years.

Performance in The Hands of Thousands of Owners

has given the Cletrac its leadership in the Tractor field. All—yes, more than Rollins H. White, designer and builder of the Cletrac, claimed fo it, has been done by Cletrac farmers.

When the farmer buys a Tractor he wants a complete hauling and stationary power service, not simply a Tractor that will plow. A Cletrac meets this need in every way. It has only 4¼ pounds of weight per square inch on your fields. The same as your roller or cultipacker, therefore, does not injure your farm by packing the soil too much.

The Cletrac was designed not only to do a good job of plowing, but all kinds of farm work, and all kinds of hauling under all kinds of conditions. It fits the seed bed, as well as it plows; it does the seeding and harvesting; the hay making and threshing; the farm hauling; the wood sawing; silo filling and road building.

When in town stop in and see this wonderful little Tractor work, get a descriptive catalogue and arrange for demonstration, so as to assure prompt delivery, as the factory is back with orders. The Canadian Government has a contract for 1000 Cletracs, at once. We had more Cletracs in the Great War than any other maker of Tractors. See me before you buy.

The Retailer's Invitation

This is my home, here where you come to buy
My business home, you are my guest, and I
Your cordial host. Let not alone the erade
Possess your thoughts. In you I hope I've made
A lasting friend; and that if you recall
This little visit and our deal at all,
It may be only as the means we found
To meet and mingle on a common ground.

This is my house, thrown open to my guests,
While I with joy comply with their requests.
Daily I hold reception, eight to six,
Striving to please the ones with whom I mix,
Hoping to fill each several, varying need
With courtesy devoid of sordid greed.
The thought of "getting" I would put away
And concentrate on "giving" all the day.

This is the house my business built for you
To visit; and if my house can do
A service for my valued list of friends
It will have served my fondly-wished-for ends.
Forget that you are "patron" or that I
Am called a "dealer," as the days go by
Let neighborly relationship prevail,
And this, my home and yours, can never fail.
