LADIES, READ!

NEW HOMŒOPATHIC REMEDY For Suffering Females.

DR. S. W. SMYTHE'S
HOMŒOPATHIC
FEMALE REGULATING POWDERS.

A Sure and Safe Medicine, having been proved by a Three Years' Test in Private Practice.

AFTER a life of careful study as a practitioner of the Old and New School Systems to obtain a sure and safe medicine for females suffering from *Irregularities, &c.*, I can say with certainty that my exertions have been crowned with success; having found, through the knowledge of Homœopathy from time to time, substances which I compounded with great care, and can now place before the public in *Homœopathic Powders*, as the only true and reliable article that will produce *Monthly Sickness* in all stages and circumstances; they having been tested since January, 1859, (over three years,) in my private practice, on ladies of different temperaments, and so far have *never failed* to produce the desired effect, if taken strictly according to directions.

A GREAT many persons in this and other countries have no faith in the new school of Homœopathy, from the simple fact they have never been treated with its care, or when done, not properly. Now, as *I am a graduate of both systems in the first colleges of Europe*, ("Royal College of Surgery and Medicine," London, and "The Homœopathic Institute of Great Britain," London—the former classed Allopathy, Old School, and the latter Homœopathy, New School,) and having practised both for a period of *forty-one years*, I think I am entitled to a judgment in the matter. After attending one course of lectures on the Homœopathic doctrine, (merely for experiment,) I was induced, by its astonishing effects, to attend the remaining courses. I then gave up the Old School system altogether, and have now, for the last *thirteen years*, practised it, finding it the *most proper mode of treatment*. Besides, the fact that the United States Government is about introducing the method into its army and navy, alone should convince all.

THIS is my first appearance in the advertising columns of a newspaper, and I sincerely hope the plain truth set forth will attract the eye of those suffering, so far as to give my Powders a trial. Their *good effects* will then show their worth, and it will require no advertising thereafter to ensure them as my patients in the treatment of their delicate complaints for the future. *A simple trial will convince all non believers of their great virtue.*

THESE Powders are put up in four different boxes, accompanied with full directions, and are *warranted* a sure remedy, (*causing immediate action.*) when applied to each sickness.

No. 1 will remove all *obstructions*, and cause a safe and regular return of *Monthly Sickness.*

No. 2 will cure *Prolapsus Uteri*, (falling of the womb,) and all *inflammatory* and *ulcerated* diseases of the womb.

No. 3 will cure *Leucorrhea*, (Whites,) and *Incidental Flooding.*

No. 4 will cure diseases attendant to *advanced stages of life*, (change of life.)

Those suffering from *Spinal* and other affections, by writing, stating their different ailments, will be treated with proper care, and a *cure* can be relied upon as if the patient was before me.

Caution is given not to use my No. 1 Powder in cases of Pregnancy, as it is sure to produce miscarriage. Those whose health will not permit an increase of family, will find this Powder a valuable preventative.

Price of boxes, (containing twelve Powders, $1.00. Consultation fee, by person or letter, $1.00. Sent by mail or express to any address, accompanied with full directions and good advice, which will be found very useful in the future.

All communications must be written plain, especially names, post offices and counties.

"The Royal India Rubber Co's."

Gutta Percha Female Syringe,

Highly Recommended by Physicians of all Classes, for Special Purposes.

HAVING been appointed Agent for the City of Philadelphia, U. S., by the "Royal India Rubber Company," of England, for the sale of their highly improved Patent Gutta Percha Female Syringe, I can now offer this most admirable article, which heretofore was so difficult to obtain. These Syringes have always been noted for their durability and neatness, taking the prize at the World's Fair, London, and other similar fairs throughout the world; and in consequence of this, several inferior articles have been palmed on the public as genuine. All the Royal Company's syringes that are exported to the United States pass through my hands, and none are genuine but with my signature attached. Price for each Syringe, handsomely boxed, containing full accompaniments and directed for use, $5.00. Persons wishing to know their excellent qualities, can gain what information requisite by writing.

Personal visits for consultation, unless urgent, must be made between the hours of 9 A. M., and 3 P. M., at my establishment. For further particulars, please address, confidentially,

My long experience and practice make me an adept in these cases. May 16,—1y.
