Look for the name Gold Medal on every box and accept no imitation

County Council Formed

A conference of women representing the various centers of the county, was held at Washington College on Thursday, June 3rd.

Miss Susan V. Hill, County Home Demonstration Agent acted as chairman. Mr. Ballard accompanied by Miss Louise Russell rendered three beatutiful solos in his usual fine style. Dr. Clarence Gould, president of Washington College made a forcible address of welcome in which he stressed the great need for rural organization, and the great trend of migration to the cities.

The principal speaker of the afternoon was Miss Venia M. Kellar State Home Demonstration Agent who gave an address on "Right Living." Miss Kellar discussed the ideal home at length dealing with such subjects as well cooked food, properly ventilated homes, personal appearance of the home maker, attractive homes, expense accounts, etc.

Miss Margaret Y. Rogers, County Health Nurse introduced Miss Harriett Leete of The Child Hygiene Association. Miss Leete made an ardent appeal for the children.

The real purpose of this meeting was to organize a council to aid in carrying on Home Demonstration Work in the county. Mrs. Wm. G. Smyth was elected president; Mrs. N. V. Walters, vice president; Miss Susan V. Hill, secretary and Mrs. Lawrence Brown, treasurer. Miss Emma Shafer, Mrs. Robert Logan and Mrs. Lawrence Brown were appointed to draw up a constitution and by laws to be presented at the next meeting which will be held on Tuesday, June 29. An interesting program is being prepared.

WASHINGTON COLLEGE IN NEED OF FUNDS

No Wealthy Alumni To Aid—Committee Representing The Trustees Will Visit Baltimore At An Early Date And Will Ask Leading Financiers And Oothers Of Baltimore To Put The Old Institution On Its Feet—Hit Hard By The High Cost Of Living.

A committee representing the Visitors and Governors of Washington College, at Chestertown, and residents of the town, will visit Baltimore at an early date, and will seek financial aid for the institution, which has been hit hard by the high cost of living. The committee will confer with former Senator Clarence W. Perkins, one of the graduates of the college. As the college has no wealthy alumni to whom to appeal the committee will be compelled to solicit aid from leading financiers and other residents of the city. The State holds a mortgage for $20,000 on the buildings and grounds. The outstanding indebtedness of the college is said to be about $50,000. There has been no increase in appropriations by the State during recent years. There are about 90 students, including day pupils, at the college.

Washington College is the oldest educational institution on the Eastern Shore, having been founded in 1782. It was named for Gen. George Washington, who paid it a visit in 1784. On that occasion the students played before him the tragedy of Gustavus Vasa, in which reference was made to him as the Gustavus of America. At this time he placed his name on the records of the board of visitors and governors, of whom he was a member.

In 1916 William Smith Hall was burned. It was subsequently rebuilt. It is one of the best equipped colleges in the State while its location and beauty of surroundings is unsurpassed.

THE NEW STATE SCHOOL ADMINISTRATION

Twenty years ago there were in this State twenty-three county school systems, each one a law unto itself as to facilities, terms, teachers' salaries, etc. The fact was almost ignored that the State owed the child in Charles county the same opportunity for acquiring public school instruction that it owed the child in Frederick county; that within reasonable limits the elementary education offered in any part of the State ought to be the same as another. The creation of the State Department of Education was an attempt to co-ordinate the county systems and to make them uniform. Dr. Bates Stephens, in 1900, took up the task. After two decades of work, devoted largely to reconciling conflicting interests, removing prejudices, and impressing progressive ideas upon the people of the State, he has at least thoroughly prepared the ground for future development.

As 1900 marked one departure in the public schools of Maryland, so 1920 marks another. The question before the State Board of Education was simply whether it was wiser to continue Dr. Stephens as the directing head of the Department for the coming four years or to give it a new executive; whether to retain a policy which had been, in the opinion of many, too conservative, or to adopt a new one. The responsibility rests on the Board. Now that the decision has been made, the educational policy of the State for the coming four years is outlined. Professor Albert J. Cook should have the fullest support of the people of the entire State. His work in Baltimore county has been a remarkable tribute to his professional qualifications and personal worth.

Governor Ritchie has said that the two big things of his administration are to be the roads and the schools. He has changed the personnal of one department, and a majority in the other, in Sympathy with him, has named a new Superintendent of Schools. The administration's plans for betterment are in the hands of executives whom the Governor can hold to the strictest accountability.—News.

A LETTER FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to be on my feet but very little and could not do my housework at all. I had a bad pain in my left side and it would pain terribly if I stepped off a curb-stone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt relief after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could wish. About a year later I gave birth to a ten pound boy, and have had two more children since and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. Eva E. Shay, Garnett, Kansas.

Chestertown and Tolchester

AUTOMOBILE SCHEDULE

We meet (when possible) all regular boats to and from Tolchester with automobiles carrying passengers.

We leave the Voshell House, Chestertown direct for Tolchester. Will leave for Chestertown upon arrival of boats at Tolchester. Fare, with war tax included 35c each way; 55c each way for children under 12 years when they occupy seats.

Perkins, from Lost Manhood. Sworn before Judge Ladner Office Hours, 10 to 4 p. m., 7 to 9 p.m. Sunday, 9 to 2 p.m.

TELEPHONE RATES IN MARYLAND

THE CHESAPEAKE AND POTOMAC TELEPHONE COMPANY, like all other industries, has been seriously affected by increased costs. During 1919 our earnings were not sufficient to pay our expenses and interest charges.

THIS DEFICIT occurred in spite of the fact that in May, 1919, the Federal Government made some increases in our rates for service. These increases, however, did not at the time produce sufficient revenue and the increased cost of labor and material since has brought us to a point where additional revenue is imperative.

THEREFORE, we have submitted to the Public Service Commission a petition asking for a further increase in our rates sufficient to enable us to pay our expenses and earn some return on the investment.

WE RECOGNIZE our obligation to the public—to give good service at reasonable rates—but unless we have rates which produce sufficient revenue, we cannot maintain satisfactory service, nor can we secure the new capital necessary to keep pace with the growth of the community.

WE WANT OUR PATRONS to understand the situation that confronts the Company. We want you to know that we have no desire to make excessive profits. Pending the investigation by the Public Service Commission, we hold ourselves ready to furnish our patrons full information upon the subject, and we shall be glad to receive your inquiries.
