The gross amount of Assessable Property in Carroll County, as corrected for the Levy of 1862 is $9,828,321, which amount at 30 cents in the hundred dollars valuation, gives the sum of $29,484 96 County Tax, leaving a surplus of $7,582 03 to meet any contingent expenses; the balance to go towards the payment of the County debt. From the above amount of $9,828,321, deduct the sum of $4,564,091, for Bank and other Stocks which pay the State Tax direct into the Treasury, and the balance of $93,718 30 is the amount assessable by the County Commissioners for State purposes, which amount at 25 cents in the $100 valuation gives the sum of $23,429 57 State Tax.

I hereby certify that the aforegoing is a true copy, taken from the *Levy Book* in the Office of the County Commissioners, for the Levy of 1862.

It is Fire and Water Proof.

It can be applied to new and old Roofs of all kinds, steep or flat, and to Shingle Roofs without removing the Shingles.

The Cost is only about One-Third that of Tin, and it is twice as durable.

This article has been thoroughly tested in New York City and all parts of the United States, Canada, West Indies and Central and South America, on buildings of all kinds, such as Factories, Foundries, Churches, Railroad Depots, Cars, and on Public Buildings generally, Government Buildings, &c., by the principal Builders, Architects and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect A FIRE, WATER, WEATHER and TIME PROOF covering for ROOFS OF ALL KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTTA PERCHA AND INDIA RUBBER.

NO HEAT IS REQUIRED IN MAKING APPLICATION.

The expense of applying it is trifling, as an ordinary Roof can be covered and finished the same day.

IT CAN BE APPLIED BY ANY ONE,

and when finished forms a perfectly Fire Proof surface, with an elastic body, which cannot be injured by Heat, Cold or Storms, Shrinking of Roof Boards, nor any external action whatever.

LIQUID

GUTTA PERCHA CEMENT.

For Coating Metals of all Kinds when exposed to the Action of the Weather, and

For Preserving and Repairing Metal Roofs of all kinds.

This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to three coats of ordinary paint, costs much less, and will last three times as long; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent upon sudden changes of the weather.

It will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF.

Leaky Tin and other Metal Roofs can be readily repaired with GUTTA PERCHA CEMENT and prevented from further corrosion and leaking, thereby ensuring a perfectly Water Tight Roof for many years.

LADIES, READ!

NEW HOMŒOPATHIC REMEDY For Suffering Females.

DR. S. W. SMYTHE'S

HOMŒOPATHIC

FEMALE REGULATING POWDERS.

A Sure and Safe Medicine, having been proved by a Three Years' Test in Private Practice.

AFTER a life of careful study as a practitioner of the Old and New School Systems to obtain a sure and safe medicine for females suffering from *Irregularities, &c.*, I can say with certainty that my exertions have been crowned with success; having found, through the knowledge of Homœopathy from time to time, substances which I compounded with great care, and can now place before the public in *Homœopathic Powders*, as the only true and reliable article that will produce *Monthly Sickness* in all stages and circumstances; they having been tested since January, 1859, (over three years,) in my private practice on ladies of different temperaments, and so far have *never failed* to produce the desired effect, if taken strictly according to directions.

A GREAT many persons in this and other countries have no faith in the new school of Homœopathy, from the simple fact they have never been treated with its care, or when done not properly. Now, as *I am a graduate of both systems in the first colleges of Europe*, ("Royal College of Surgery and Medicine," London, and "The Homœopathic Institute of Great Britain," London—the former classed Allopathy, Old School, and the latter Homœopathy, New School,) and having practised both for a period of *forty-one years*, I think I am entitled to a judgment in the matter. After attending one course of lectures on the Homœopathic doctrine, (merely for experiment,) I was induced, by its astonishing effects, to attend the remaining courses. I then gave up the Old School system altogether, and have now, for the last *thirteen years*, practised it, finding it the *most proper mode of treatment*. Besides, the fact that the United States Government is about introducing the method into its army and navy, alone should convince all.

THIS is my first appearance in the advertising columns of a newspaper, and I sincerely hope the plain truth set forth will attract the eye of those suffering, so far as to give my Powders a trial. Their *good effects* will then show their worth, and it will require no advertising thereafter to ensure them as my patients in the treatment of their delicate complaints for the future. *A simple trial will convince all non believers of their great virtue.*

THESE Powders are put up in four different boxes, accompanied with full directions, and are *warranted* a sure remedy, (*causing immediate action*,) when applied to each sickness.

No. 1 will remove all *obstructions*, and cause a safe and regular return of *Monthly Sickness.*

No. 2 will cure *Prolapsus Uteri*, (falling of the womb,) and all *inflammatory* and *ulcerated* diseases of the womb.

No. 3 will cure *Leucorrhœa*, (Whites,) and *Incidental Flooding.*

No. 4 will cure diseases attendant to *advanced stages of life*, (change of life.)

Those suffering from *Spinal* and other affections, by writing, stating their different ailments, will be treated with proper care, and a *cure can be relied* upon as if the patient was before me.

Caution is given not to use my No. 1 Powder in cases of Pregnancy, as it is sure to produce miscarriage. Those whose health will not permit an increase of family, will find this Powder a valuable preventative.

Price of boxes, (containing twelve Powders, $1.00. Consultation fee, by person or letter, $1.00. Sent by mail or express to any address, accompanied with full directions and *good advice*, which will be found very useful in the future.

All communications must be written plain, especially names, post offices and counties.

Gutta Percha Female Syringe,

Highly Recommended by Physicians of all Classes, for Special Purposes.

HAVING been appointed Agent for the City of Philadelphia, U. S., by the "Royal India Rubber Company," of England, for the sale of their highly improved Patent Gutta Percha Female Syringe. I can now offer this most admirable article, which heretofore was so difficult to obtain. These Syringes have always been noted for their durability and neatness—taking the prize at the World's Fair, London, and other similar fairs throughout the world; and in consequence of this, several inferior articles have been palmed on the public as genuine. All the Royal Company's syringes that are exported to the United States pass through my hands, and none are genuine but with my signature attached. Price for each Syringe, handsomely boxed, containing full accompaniments and directed for use, $5.00. Persons wishing to know their excellent qualities, can gain what information requisite by writing.

Personal visits for consultation, unless urgent, must be made between the hours of 9 A. M., and 8 P. M., at my establishment. For further particulars, please address, confidentially,
